Bureau of Industrial Researches,
Dep't. of Agriculture & Commerce,
Imperial Japanese Government.

Tokio, Japan.

23rd May, 1917.

Bureau of Industrial Researches,
Rockefeller's Institute.
Washington D. C., United States of America.

Gentlemen:

I take liberty of asking you to send me reports or any other publications, already published, of your bureau, referring to your work of industrial researches. At 1915 Fair in San Francisco, my attention being attracted to those valuable exhibits of your world-famous institute I was told by a certain American that a new bureau of industrial researches had recently ^{been} established. Expecting the important and interesting reports or any other references
