OTTAWA, March 30, 1933.

Dear Mr. Sampey:

I am just in receipt of your letter of 27th. Have read very carefully what you say and would, of course, like to do anything I could for you.

You mention my intervening on your behalf with the Hon. Charles McCrea or Archbishop McNeil, but you do not say with what particular object. If it is in regard to a position, there would be of little value in this unless you have some special one in mind.

You might let me know as to this.

Yours truly,

Mr. E. R. Sampey.
