get their offerings out. Last week a few fresh cows of medium quality sold at \$40 to \$50 each.

Butter prices have increased at the end of the week and the market was not as strong. Prices on Thursday ranged from \$2.85 to \$3 a cwt. At Buffalo veals are quoted at \$7 to \$9.25 to \$10.25.

The market for both sheep and lambs has ruled strong all week at firm prices. Hogs are quoted at \$7.25 to \$8.25; range to \$4.50; grain-fed lambs at \$7.25 to \$7.85 and common lambs at \$5.50 to \$6.50 a cwt.

Hogs are continuing to move upward owing to some extent to the scarcity of hogs in the country and the scramble by the packers to get the available supply running. Prices however seem to be advancing generally as shown by quotations at Buffalo and elsewhere. On Thursday,

selected fed and watered on the market here were quoted at \$7.40 and \$7.15 a cwt., f.o.b., at country points. At Buffalo heavy hogs are quoted at \$7.15 to \$7.25; mixed \$7.10 to \$7.30; yorkers at \$6.75 to \$7.10, and roughs \$6 to \$6.55 a cwt. Chicago quotations range from \$6.25 to \$6.85 a cwt. as to class and quality. The Trade Bulletin London Cable of March 18th re bacon, says as follows: "The market is strong and higher with good demand. Canadian bacon 57s. to 62s."

MONTREAL HOG MARKET

Montreal, Saturday, March 20.—Our market opened up steady with prices well maintained at last week's closing quotations, viz. \$7.75 a cwt, but receipts were light during the first day, and the demand was not so keen there was a slight easing off in prices. The market is closing firm, however, and the above quotation is steadily maintained for selected lots.

There is no change to note in the quotations for dressed hogs. There is a good demand with ample supplies for all requirements. Fresh killed abattoir is quoted at \$10.50 to \$10.75 a cwt. Manitoba dressed at \$10.00 to \$10.25, and country dressed at \$9.50 to \$9.50 a cwt.

EXPORT BUTTER AND CHEESE

Montreal, Saturday, March 20.—The market for cheese keeps strong, and a number of sales have been reported during the past week, greatly reducing the quantity of cheese unsold here. It is doubtful if there will be any shortage of cheese on this market now. What there are are all white, and holders are asking 17 1/2c. a lb. for the best quality. The market is well compared with the high prices realized on the last of colored sold for export, colored fetched practically 15 1/2c. a lb. Colored cheese must be very scarce indeed on the other side to enable them to pay such a stiff premium for them.

The butter market has been fairly steady all through this week and dealers generally report a very fair movement of stocks, and we can look for a continuation of trade. Prices are practically unchanged. Finest full made creamery butter is quoted at 20 1/2c. to 21c. Winter made goods at 20c. Dairy butter at 15c. to 16c.

Receipts this week totalled about 1,000 packages, a slight increase over last week and we can look for a continuation of trade from now. Fresh lots are being picked up at about 19c. at the factory points, the quality of the offerings so far has been poor.
