NOTICES.

It is somewhat hopeful to note the advertisement of "T.W. H.", who wants to buy, not sell, a farm.

YOU LIKE PIE?

Of course you do. Everybody does. If you would know how to make the best pies, and, in addition to this, would learn how to prepare really delicious puddings, with the most appetizing sauces, send a two-cent stamp to Dr. J. C. Ayer & Co., Lowell, Mass., and receive in return a copy of Ayer's Book of Pies and Puddings.

Messrs. Dick & Co., Montreal, have analyzed and tried your Blood Purifier in a large number of cases, with the most satisfactory results. I am continually prescribing it in my practice. It is invaluable for worms, hide-bound, impoverished blood, and debility, while I know nothing to equal it for general improvement of stock, and enhancing their value.

The Planet Jr. (L. L. Allen & Co., Philadelphia, Pa.) catalogue and show card (a beauty) for 1895 are to hand, giving every evidence that this old reliable firm appear to renew their youth with each succeeding year. We observe that they have added two important tools to their list, viz., the Planet Jr. Plain Single Wheel Hoe, and a much more pretentious implement, the Planet Jr. Orchard Cultivator, both of which will no doubt be extensively required for.

We have received from Robert Wightman, Chemist and Druggist, of Owen Sound, Ontario, sole agent for the Dominion of Little's Sheep and Cattle Wash, a gem in the way of lithographic art, entitled, "Play after Work." It represents an old man with a violin, and a more youthful companion with a life, entertaining themselves, and a group of domestic animals at the same time, music having its charms even in a stable.

A few issues ago we gave in the ADVOCATE a lengthy account of the system of management pursued by Scottish farmers in fattening cattle. The testimony of a large number of feeders was given, and it was worthy of remark that in order to make the greatest gain they were practically unanimous upon keeping cattle scrupulously clean and free from vermin. Stock infested with ticks or lice cannot thrive well, and a great deal of the food given them will be literally wasted. Almost without exception now the most successful breeders and feeders use an effective wash or destroyer of some sort. In another column attention is directed to a preparation called the Leicester-shire Tick and Vermin Destroyer, which is highly recommended for all pests of this sort. The proprietors are the well-known firm, G. C. Briggs & Sons, Hamilton, Ont., who guarantee perfect satisfaction when it is used according to directions. In winter and spring special care is needful in checking vermin, and our readers would do well to note the advertisement referred to without delay.

FOR SHEEP, CATTLE AND HORSES.

LEICESTERSHIRE TICK & VERMIN DESTROYER

It effectually destroys Ticks, Lice, Worms or Grub, to which sheep, horses and cattle are subject, and enables the animal to thrive. It will be found far superior to other preparations used for the similar purpose. The proprietors will guarantee perfect success when used according to directions, as will be found on each box. It prevents scurf and scab, and renders the wool bright and clear. It is put up in tin boxes, price 30 cents each. One box is sufficient for twenty ordinary sized sheep. It only requires to be tried to prove itself all that is claimed for it. Sold by Druggists and Grocers. Manufactured by G. C. BRIGGS & SONS, 31 King St. West, Hamilton, Ont.
