

The Down Draft Furnace

makes Heating easy.

It is the new idea in furnace construction that does it.

The Down Draft Principle.

By this principle the air is brought down a pipe through the dome of the furnace to within eight inches of the coal. The fire burns from the top, and owing to the pressure all gases and soot are burned, and it does not permit the heat to be sent up the chimney, as is the case with other furnaces.

Every particle of heat is extracted from the fuel.

Heavy Corrugated Cast-Iron Dome, which doubles its heating capacity and durability.

It is especially adapted for burning Soft Coal, which it does with great economy—no other furnace will do this. The heat-saving devices of this furnace will lessen your fuel bill 15 to 30%. Do you recognize what a saving this is?

It costs no more to have it than any other. Write for Catalogue and information.

GOSSIP.

MAPLE LANE STOCK FARM.

Maple Lane Stock Farm lies in the county of Ontario, one and one-half miles south of Claremont, on the C. P. R. The owner, Mr. Edward E. Pugh, is one of that noted county's most extensive breeders of pure-bred stock, his specialties being Shorthorn cattle, Clydesdale horses and Shropshire sheep. The Shorthorn herd is one of the largest in the Province, numbering over a hundred head, made up of the following well-known strains: Beautys, Miss Simmers, and Minnies, all noted for their excellent milking qualities, and being for a great many years Scotch-topped, are an exceptionally profitable strain of cattle for the ordinary Canadian farmer, combining, as they do, rare milking qualities with big, heavy, level bodies, making them moneymakers, not only as beefers, but as dairy cows also. At Present for sale are a large number of females, and, as might be expected in so large a herd, some rare good ones can be picked out, and as Mr. Pugh is asking no fancy prices, this is a grand opportunity for picking up a foundation for a dual-purpose herd. There are also a few young bulls coming on that cannot fail to give good results to the fortunate purchaser. In Clydesdales, there are several young mares of the kind so eagerly sought after these days, all either registered or eligible for registration; big, well-built animals with just the right kind of feet and legs. The Shropshires are a typical lot—big, strong-boned, and well covered. This season's crop of lambs, of which there are about 75, will all be for sale, and are the get of a Cochrane-bred ram. Make a note of this, as sheep are good as gold these days, and hard to get, as the demand is greatly in excess of the supply. Write Mr. Pugh, to Claremont P. O. He is reliable, and you can depend on what he says.

Lost Strayed or Stolen—One Cow

That is about what happens each year for the man who owns five cows and does not use a Tubular cream separator. He loses in cream more than the price of a good cow. The more cows he owns the greater the loss. This is a fact on which Agricultural Colleges, Dairy Experts and the best Dairy men all agree, and so do you if you use a Tubular. If not, it's high time you

did. You can't afford to lose the price of one or more cows each year—there's no reason why you should. Get a Tubular and get more and better cream out of the milk; save time and labor and have warm sweet skimmed milk for the calves. Don't buy some cheap rattle-trap thing called a separator; that won't do any good. You need a real skimmer that does perfect work, skims clean, thick or thin, hot or cold; runs easy; simple in construction; easily understood. That's the Tubular, and there is but one Tubular, the Sharples Tubular. Don't you want our little book "Business Dairy men," and our Catalog A. 100 both free? A postal will bring them.

COURT HILL SHORTHORNS.

Court Hill Stock Farm is the property of Mr. John Brydone, and lies in the county of Perth, a couple of miles from Milverton Station, on the G. T. R. line, between Stratford and Palmerston, and is the home of one of the choicest herds of Shorthorns in Ontario. The stock bull is the Cruickshank Violet-bred Imp. Sittytton Victor, bred by Duthie, sired by the Missie bull, Merry Morning, dam Sittytton Violet, by the great William of Orange, grandam Violet Maid, by the Brawith Bud bull, Gondomar, great-grandam by Roan Gauntlet, a grandson of Champion of England, fourth dam by Senator, and fifth dam by the redoubtable Champion of England. It will thus be seen that this bull carries the blood of practically everything that has made Scotch Shorthorns famous, and his get shows the royal breeding in their thick-fleshed forms and mossy coats. Of the females, thirteen are imported, namely, Lancaster Rose 4th, by Oom Paul, dam by Goldfinder, grandam by Gravesend; Lady Bella, by Bounding Willow, dam by Master of Ravenswood; Lauretta Girl, by Sturdy Prince, dam by Prince Horace. She is a Lass o' Gowrie. Mina 8th, by Oom Paul, dam by Rustie. She is also closely related to Champion of England, and has a grand bull calf by the stock bull. Lustre 15th, by Conqueror's Crown, dam by Cash Box; Queen Bess 35th, by Conqueror's Crown; Lily, by Sturdy Prince, dam by Prince of Fashion; Lottie, by Prince of Sanguhar; Marg 7th, by Paragon; Aggie 2nd, by Paragon; Heiress 2nd, by Morello; Dandy Lustre, by Morello. Strathallan Daisy, Vol. 21, is a Canadian-bred cow, by Edward 7th, dam Daisy of Strathallan 14th, by Barmpton M. Taken all together, this makes one of the choicest-bred herds in the Dominion, while several of them are show cows of a very high order, and, strange to say, this year all but one of them had bull calves, which are all by the stock bull, and many a day has passed since we have seen so nice and even a bunch together. No more fashionable pedigrees can be found than several of these young bulls possess, and their superior individuality stamps them as gilt-edged herd headers. They are all for sale, and will certainly go quick; therefore, parties wanting one should look after them without delay. Write Mr. Brydone, to Milverton P. O., Ont.

HOLLYMOUNT SHORTHORNS

Pure Scotch, imported, and the get of imp. stock.
25 HEAD
Anything for sale, 5 young bulls. Breeding gilt-edged and unsurpassed. A few heifers. Prices right.
