Protection—Savings—Investment

"3 in 1." All the three features of savings, protection and investment are combined in the participating endowment policies issued by The Mutual Life of Canada.

Savings. Many who would save little or nothing under any other system have succeeded with the help of an endowment policy in securing "the first thousand."

Investment. No other security is more safe than a Mutual Life endowment policy and as to profit these policies return from \$120 to \$210 for every hundred invested in them, in addition to the protection afforded.

Protection. In addition to the savings and investment features, the home of the policyholder is absolutely protected throughout the endowment term for the amount of the contract—which is therefore the best security a man can hold.
