

A Teanyonian Ballad.
 CHARGE OF THE BOY-CORPS RELIEF BRIGADE.
 BY X. Y. Z.

Comes from the North the cry,
 Ringing out loud on high,
 Westward to the sea,
 Landlords are plundered,
 Forward, went our way,
 Each with a cry and a yell,
 Boycott's relief brigade,
 Brave half a hundred.

Bayonets to right of them,
 Bayonets to left of them,
 From the foe sundered,
 On the invaders went,
 Police and leaders bent,
 Into the canvas tent,
 On, on they pushed their way,
 Through May's plains that day
 Valiant half a hundred.

Bayonets to right of them,
 Bayonets to left of them,
 From the foe sundered,
 On the invaders went,
 Police and leaders bent,
 Into the canvas tent,
 On, on they pushed their way,
 Through May's plains that day
 Valiant half a hundred.

Should there full food complain,
 Some one had hungered,
 And wishing their task was done,
 They were a band,
 Calling it "duty" and
 Picking up sword and gun,
 Back into Ulster,
 Each valiant mother's son,
 Covered with honors won,
 Brave half a hundred.

When shall your glory fade
 Boycott Relief Brigade,
 Gained by the charge you made,
 Never though records tell
 The name of the hero,
 Though one from his charger fell,
 Bearing his wounds and
 Brave half a hundred.

*Note.—Cree is an oblong hamper used by the peasantry, but which we soon hope to see on the backs of the aristocracy, and any thing but a convenient appendage for a military expedition.

NEWS BY TELEGRAPH.

Ireland.
 London, Nov. 28.—A Dublin correspondent says:—Some more effective means must be found to restore order, unless the Government is prepared to let the country drift into absolute anarchy. The accounts received do not fully represent the truth. In the County Clare alone, seven houses were fired into last week, of which outrages no reports have been published. Resistance to the payment of rent has not in the least abated, but rather increased.

Dublin, Nov. 27.—The houses of two persons who paid rent were wilfully burnt at Knockahally on Friday.

Armed men forcibly entered the house of Farmer O'Keefe, near Millstreet, and fired several shots, wounding him. He had paid rent.

Butterfield, Land League organizer for the counties of Down and Armagh, was arrested to-day at Lewes.

Dublin, Nov. 28.—Several outrages occurred in the county of Wexford, which, until recently was orderly.

The Sheriff of Cork, protected by a large force of military and police, has arrived at Castletown, where there will be forty evictions on the estate of Lord Lantry.

O'Donnell, member of Parliament, has interviewed Parnell, Dillon, O'Kelly, and Kenny in Kilmaham jail. He says the prospects have the look of men whose health is being steadily undermined.

Michael Boylan was released from Kilmaham jail on account of ill health. He was conveyed to the hospital.

Killen (barrier) has been re-arrested under the Coercion Act for inciting the people not to pay rent.

London, Nov. 29.—A farmer named O'Connell has been found beaten to death near Dromore, County Down. One arrest has been made.

Dublin, 29.—The evictions on the estate of Lord Lantry, at Castletown, proceeded quietly. The tenants were two years in arrears. Most of them offered to pay a year's rent, which, in some instances, was accepted on account.

Cork, Nov. 30.—Three rent-paying tenants on Lord Kenmare's estate in Millstreet were shot last evening and wounded in the legs by armed men. Three cows belonging to a rent-paying farmer near Farnes were ripped open. This class of outrage is getting more frequent. Lord Kenmare discharged all the laborers of his estate because he was unable to discover who battered his entire flock of sheep to death.

Dublin, Nov. 30.—The opposition to rent paying is especially marked in the county of Limerick. The sheriff holds three hundred writs of eviction against tenants for due rent.

A new branch of the Ladies' Land League has been established at Boyle. The police attended the opening meeting and took the names of the participants.

Henry Eagan, Chairman of the Town Commissioners of Tallmore, has been released from prison.

One thousand tenants in Roscommon have refused to pay rent. They declare that they will not apply to the Land Court.

The Standard's Dublin correspondent says: It appears highly probable that in a fortnight hence hunting in Ireland will be entirely stopped, and £1,000,000 sterling will be diverted into other channels.

The body of Earl Crawford has been stolen from the mortuary chapel of Dunceath House.

Hugh Sweney, Land League organizer, has been arrested.

Barclay, M. P., addressing a meeting of farmers at Birmingham, said that he was strongly of the opinion that the agricultural competition of America would become more and more intense.

An attempt has been made to blow up the lodge of a house belonging to a gentleman named Considine. Nearly the whole roof was blown away and the gable end demolished. The explosion was seriously injured. The outrage is attributed to evictions on the property. Civilians attacked a party of soldiers in a liquor shop at Limerick to-day. The military were summoned, and cleared the streets at the point of the bayonet.

It is stated that Minister West has been instructed to gain call the attention of the Washington Government to the con-

duct of certain Irish organs published in the United States.

Dublin, Dec. 4.—The Court of Queen's Bench has quashed the proceedings against sub-inspector O'Brien and Bouchier, who commanded the police at the Ballygarrett riot, against whom a verdict of wilful murder was returned by the coroner's jury.

Chicago, Dec. 1.—At the Irish National Convention, which assembled to-day, the following despatch from Patrons' League Paris, was received with tumultuous applause:—"Have just learned from a confidential agent in Ireland that a most careful estimate has been prepared, and it is now ascertained that tenants on 5,000 properties, representing a value of ten millions of dollars a year, have already refused to pay rent, in compliance with the League manifesto."

Great Britain.
 London, Dec. 2.—The greatest demonstration ever held in Scotland in connection with the land agitation took place yesterday at Aberdeen. Two thousand delegates, representing 40,000 farmers, were present. Several Scotch M. P.'s attended. Resolutions were passed demanding a general reduction of rents, compensation for improvements, abolition of the laws of hypothec and entail, and other legislation in the interests of the farmers. It was urged that legislative changes required must apply to the existing leases. A Farmers' Alliance for Scotland was formed.

Russia.
 St. Petersburg, November 28.—It is rumored that Saakoski's attempt to kill General Tcherwin is connected with the general scheme of the farmers, the Czar and Imperial family. The greatest precautions are being taken to prevent the transmission of telegrams bearing on the conspiracy.

Odessa, Nov. 28.—A Jew-fighting mob stoned Sarah Bernhardt's carriage as she was driving from the theatre, on the ground that she was of Jewish descent. They also stoned her hotel, and stopped the performance at the theatre.

St. Petersburg, Nov. 30.—Another secret printing office has been discovered with a quantity of proclamations, in which the authors ask the pardon of the nation for what they are about to do, as it is for the benefit of all. They announce that they must make a supreme effort. This, they say, will be the finishing stroke.

It is stated that General Ignatieff has tendered his resignation to the Emperor.

Odessa, Nov. 30.—Sarah Bernhardt was obliged to have a body guard of ten Cossacks to protect her from the mob. A number of persons who insulted her have been arrested.

St. Petersburg, November 28.—A great stir has been created among nihilists by the discovery that a Jew, formerly a member of the Revolutionary Committee, is now in the pay of the Russian police in New York, and giving valuable assistance.

The Jew was arrested here a year ago and turned traitor, on condition of getting a free pardon; that his death in a fortress should be proclaimed and attested, and that he be given 20,000 roubles to get to America. The police executed the conditions. A body was procured from the hospital, mutilated and buried. The Jew at the time of his arrest denounced sixty of his accomplices, and took the police to the laboratory, where six men were captured in the act of manufacturing dynamite. Two of their names, named by the traitor, were Porshwarkoff and Porshwarkoff, were hanged.

United States.
 Miss Miller, of Waterloo, Iowa, crazed by the death of her husband, on Saturday, strangled to death two of her children, aged 3 months and 5 years. Two others, who had been beaten and buried, were also strangled.

Augusta, Ark., Nov. 29.—The business portion of the city, comprising fifty buildings, was burned last night. Loss, \$200,000; insurance, \$75,000. The post office, two hotels and a newspaper office were consumed.

At a meeting of United Irishmen in Philadelphia last night, O'Donovan Rossa said England would receive a shock in the near future that would shake it to the very centre.

Canadian.
 James Redmond, of Batteau, was drowned in Guil lake yesterday while attempting to cross the Narrows on the ice. He struggled in the water long enough to alarm some workmen a mile and a half away, who came to his assistance, but could not reach him in time to be of any service.

The vote on the Scott Act in the county of Lambton, on Tuesday last, resulted in its defeat by a majority of 168.

A man named Doolin was found on Wednesday hanging to a tree in the woods about 25 miles from Renfrew. Dr. O'Brien, coroner, though notified, did not feel justified under the new Coroner's Act in investigating the matter.

Montreal, Dec. 4.—A most diabolical attempt was made here Saturday evening to blow up the City Court House by an infernal machine, which was wound up like a clock and contained about ten pounds of dynamite. The matter has been kept very quiet in order to give the police a chance of ferreting out the perpetrators. The machine, which was made of zinc, is now in the police station, and is a very complete piece of mechanism.

A correspondent at Inverness, Que., says: There have been a number of cases of scarlet fever in Leeds and Inverness lately and several deaths, one family, that of Mr. Marshall, of Leeds, merchant, losing three children in one week. The roads have been very bad for three weeks, almost impassable in places. There was a snow-storm on Sunday, but not quite a fall enough to make good sleighing.

From Valcartier, about twenty-five miles north of Quebec, a correspondent writes: The Emigration from this district which a few years ago had assumed such a contagiousness as almost to threaten a depopulation, and which had sunk into a comparative lull, was again revived this fall. Four families have already left and three more are contemplating removal. Auction notices succeed each other almost continuously. These removals are mostly towards the Western States, where labor being at a heavy premium, a better prospect presents itself. The large number of young men from Valcartier that, every

winter, find high wages in the western parts are the chief instruments of inducement.

The Elder Booth and The Lord's Prayer.

When the elder Booth was visiting in Baltimore, he was asked, in a select and fashionable company, as an especial favor to recite the Lord's prayer. He signified his willingness to gratify those present, and all eyes were fixed upon him as he slowly and reverently rose from his chair trembling with the burden of two great conceptions. He had to realize the character, attributes and presence of the Almighty Being he was to address; he was to transform himself into a poor, sinning, stumbling, benighted, needy supplicant, offering homage, asking bread, pardon, light and guidance. Says one who was present: "It was wonderful to watch the play of emotions which convulsed his countenance. The silence could be felt. It had become absolutely painful, until at last it was broken as by an electric shock, as his rich-toned voice syllabled forth, 'Our Father who art in Heaven,' with a pathos and fervid solemnity that thrilled all hearts. He finished; not a voice was heard as the host stepped forward with a smiling face and seized Mr. Booth by the hand. 'Sir,' said he, in broken accents, 'you have afforded me a pleasure for which my whole future life will feel grateful. I am an old man, and every day from boyhood to the present I have repeated the Lord's prayer. But I never heard it before, never! You are right,' answered Mr. Booth; 'to read that prayer as it should be read caused me the severest study and labor for thirty years, and I am far from satisfied with my rendering of that wonderful production. Hardly one person in ten thousand comprehends how much beauty, tenderness and grandeur can be condensed into a space so simple. That prayer itself sufficiently illustrates the truth of the Bible, and stamps upon it the seal of divinity.'"

TAKE IT OFF.

You think your corset may be worn so loose that it will do no harm. If worn so loose it will not interfere with respiration when you lean forward in needle-work, then it will make the form look badly. A corset to look well must be worn snug and tight. And then you think the corset is important as a skirt-supporter. It certainly may be of service in this way, but it is not half as good a skirt-supporter as a pair of common gentleman's suspenders. No, girls, the corset is all one bad. It is not only a great enemy to health, but it is the great destroyer of female grace and beauty. A rigid stiffness in the centre of the body makes all the movements of the entire body stiff and ungainly. As to the matter of beauty, it's a question between the Creator and the dress-maker; I take sides with the Creator; some folks take the other side.

The Organtia or upright Organtia advertised by the Mass Organ Co., Boston, Mass., is one of the most valuable articles in the market. The price is agents is only \$5.00 each and they are selling thousands of them.

Dress Trimmings.
 Nothing adds so much to the appearance of a dress as good and stylish trimmings, and now that spring is approaching a question of great importance to the ladies will be where to find the newest and at the same time the cheapest goods. If we were asked the question, we should say without the least hesitation that Green has one of the best and cheapest assortments of goods in the city. His stock in all departments is very large, and contains all the latest novelties in gowns, fringes, cords, girdles, buttons, plain, fancy, checked, and broadcloth trimmings, silks and satins, and in fact everything new and stylish in dress and mantle trimmings. We would advise every lady requiring anything in trimmings to inspect Green's stock before purchasing.
