The Farmers' Phone

Gives Unequalled Service
Stock at Regina

KELLOGG Code No. 2839 Farm Line Telephone is especially built for the severe rural line service. It has sturdy, well seasoned, quartered oak cabinet; Kellogg standard long distance transmitter (over two million of one type in use), powerful five bar generator; reliable, durable, receiver with Kellogg Bakelite shell.—This telephone gives the most reliable service, with the least amount of repairs. Its use throughout the world proves it the unequalled farm line phone.

We have a stock of these subscriber and profit making telephones at Regina, Saskatchewan, ready for prompt delivery. Here you can buy from us complete supplies, including these splendid telephones and your orders and inquiries will have our prompt, intelligent attention.

Do you need wire, pole or line hardware, tools, batteries, etc., for your spring work?

A selected stock for spring renewals and extensions, with switchboards and telephones, ordered now will mean a saving and enable you to give a better service.—Write us today.

We issue a booklet entitled "How to Organize a Rural Telephone Company," and we will forward this on request.

Poor Old Folks— Looks as if they'll have to go "over the hill to the Poor-house."

Their children either can't or won't support them.

Tragic? Yes! But not half so tragic as the old folks' remembrance of the fact that their present plight is due to their lack of foresight in not making provision for their declining years.

Be independent in YOUR old age.

A small amount invested annually for a few years in an Imperial Endowment Policy will enable you to end your days in comfortable independence instead of as a burden upon the charity of friends or in a paupers' home.

May we tell you about the income you can insure for yourself 20 years hence, by making small payments now when you have the money?

Don't wait—write for particulars to-day.

"GOPHERCIDE"

(SOLUBLE STRYCHNINE)

Exterminates Gophers

Easy to Prepare—Greedily Eaten—Sure to Kill—these are the advantages which make "Gophercide" the best gopher exterminator known. It is a strychnine preparation, yet we have succeeded in so modifying it that it dissolves freely in warm water, without acid or vinegar—and soaks through and through the wheat.

When you use "GOPHERCIDE" there is no trouble either in poisoning the grain or in getting the gophers to take it—and it is a sure killer.

A package of "Gophercide," dissolved in half a gallon of water, poisons a gallon of wheat—and that's enough to kill 350 to 400 gophers—four or five for a cent.

Redvers, Sask.
"Gophercide" is all right. I used two packages on the east half of one section, and used Strychnine on the other half of same section; the "Gophercide" was by far the most effective.

Yours truly, J. R. SPROULE.
