

LIVE STOCK MARKETS. TORONTO.

Receipts of live stock at the City Market as reported by the railways, were 60 carloads, composed of cattle, 428 hogs, 1087 sheep and 1000 pigs, with 162 calves.

The quality of fat cattle, generally, was disappointing, all of the dealers being of the same opinion, and that was that they could not get enough good quality cattle to supply their customers. Trade was fair, with prices fully as good as they were at the Junction on Monday when quality is considered.

Exporters—Crawford & Hunnisset reported one load of cattle, weighing 1300 lbs., at \$4.85 per cwt. Export bulls were quoted at \$4 to \$4.25.

Butchers—Best butchers were quoted at \$4.50 to \$4.75, but Mappee, Wilson, & Hall sold one lot of 10 choice heifers, 1000 lbs. each, at \$4.95; steers, 1100 to 1200 lbs., \$4.25 to \$4.50; medium, \$3.65 to \$4; common, \$3.25 to \$3.50; cows, \$2.65 to \$4 per cwt.; canners, \$1 to \$2 per cwt.

Milkers and Springers.—Trade in milkers and springers, with the exception of a few of the tops, was dull, and prices ranged from \$25 to \$50, and one or two were quoted at \$55 each.

Veal Calves—Receipts were moderate with prices unchanged at \$3 to \$6 per cwt., and an odd new milk-fed calf brought \$6.50 per cwt.

Sheep and Lambs—Deliveries of sheep and lambs were light in comparison with late market receipts. Demand good, with prices firm for all of good quality. Export ewes, \$4.50 to \$4.75 per cwt.; rams, \$3.50 to \$4 per cwt.; lambs, \$5.50 to \$6.25 per cwt., with selected lots at a little more money.

Hogs—Receipts light, with prices steady at last week's quotations. Mr. Harris quotes selects at \$6.75 and lights at \$6.50 per cwt.

The directors of the Shantung Mining Company to-day received a cable message from Tsingtau announcing that an explosion of dynamite had occurred underground in the Fantage Mine, killing two Germans and 110 Chinamen.

As the oat crop in this vicinity is likely to be below the average, the following may be of interest. Dr. B. V. Wilson of the U. S. Department of Agriculture writing in the American Agriculturalist, says:—"When oats become too expensive they may be replaced in the ration with corn, barley, kafir corn, dried brewers' grain, beans, peas, bran, cottonseed meal, or even with highly nitrogenous coarse fodders. In Maine it was found that when mixed grains were compared with oats the mixed grain proved more effective for colts and cost less. In another test oats produced less growth in colts than the equal weight of a mixture of peas and middlings, the ratio being 100 to 111. When colts were fed a mixture of middlings, gluten meal, and linseed meal, in the ratio of 60-35-15, and hay, the daily ration cost 12c, and 14c when oats were substituted for the mixed grains. In nearly all experiments greater gains have been secured from mixed grains than with the use of an exclusive oat ration."

A Hard Case Overcome—No longer necessary to suffer from muscular rheumatism. Every case can be cured. Ferrozone is unfailing as proved by David Johnston of Ormond, Ont. "My wife was a dreadful sufferer" he writes. "For two years she could scarcely do any work. Her knuckles and joints swelled, causing torture. To get up or down stairs was impossible. She took box after box of Ferrozone and rubbed the sore places with Neveline. Improvement started and she mended fast. Today she is quite cured and we thank Ferrozone for her recovery." No remedy more popular with doctors than Ferrozone; it does cure, 50c per box at all dealers.

Little Bobby Brown was continually bothering his fond mother for nickles and dimes. Finally Mamma told Bob that he was getting such a big boy that he ought to earn his own pocket money. Thereafter the little chap did not bother her, but his supply of candies, gum, etc. seemed to be plentiful. The puzzled lady concluded that the child was running errands or something like that for the neighbors until one day she was in a summer house in the garden and heard quite a commotion in the lot behind. Peeping out, she saw Bobby seated on a soap box surrounded by a score of kids and on an adjacent tree was the following announcement:

BOBBY BROWN WILL EAT

- 1 small worm for.....1 cent
- 1 large worm for.....2 cents
- 1 butterfly for.....2 cents
- 1 caterpillar for.....3 cents
- 1 grub for.....3 cents
- 1 small hop toad for.....5 cents

And Bobby was evidently relieving his patrons of their surplus cash.

PANDORA

RANGE

A convenience much appreciated by every owner of a Pandora is the towel rod attached to the range. As one-third of the rod is made of emery, it makes a splendid knife sharpener, too.

It's always there handy for you. You need waste no time hunting around for the easily misplaced "steel." Bright idea, eh?

An accurate thermometer is a reliable guide to successful baking, while an inaccurate one is a "cheat" of the worst kind.

For full particulars see nearest C.P.R. agent, or write C. B. FOSTER, D.P.A., C.P.R., TORONTO

Camden, N. J., Aug. 20.—While Edward Horner, a farmer, was trying to extinguish a fire thought to have been kindled in his barn for the apparent purpose of drawing him from his home at Merchantville, a few miles from this city, someone entered the house and murdered his wife with an ax, and with the same weapon attacked Victoria Napoli, an Italian servant, who probably went to the rescue of her mistress. The servant died a short time later in a hospital in this city. A negro named Charles Gibson was arrested on suspicion. He had two pawn tickets for watches, which, when located, were found to bear the name of "Horner."

60 YEARS' EXPERIENCE PATENTS

TRADE MARKS
DESIGNS
COPYRIGHTS & C.

Lax-ets 5 C Sweet to Eat A Candy Bowel Laxative.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label, if poisons are in your Cough Mixture." Good! Very good! Hereafter for the very reason mothers and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's label—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

Dr. Shoop's Cough Cure
