Wales Has Belgian Youth
as a Middy

11 BLACK CATS TAKEN

Sixty-five Officers and 1250
Men Form Crew of Big
Ship—Other Details

LONDON, Oct. 17.—The battleship Renown will carry two princes when she starts for India in October to carry the Prince of Wales on a visit to that empire. Prince Charles, the second son of the Belgian King Albert is a midshipman on the probably will not share in any of the honors of the British prince, but will devote his time to his duties. He is well acquainted with members of the British Royal family for he was a cadet on board the vessel in which the British Prince George recently made a Mediterranean tour.

Eleven black cats have been taken on board the Renown as mascots. The battleship will have 65 officers and 1,250 men aboard in addition to 16 boys from Eastney who will form a drum and fife band.

The Renown will take with her for receptions several thousand extra cups and saucers, plates, knives, forks and spoons. The provisions include 112,000 pounds of flour, 15,000 pounds of "bully" beef, 6,000 pounds of salmon and 2,000 pounds of ships' biscuits.

For the use of the officers there will be a stock of 195,000 cigarettes, 2,000 bottles of wine and 9,000 cigars, the latter in addition to 5,000 cigars taken by the Prince of Wales himself.

Throughout his Australian tour the Prince preferred, during the day, to smoke a pipe of tobacco but after dinner he invariably had a Havana.

Apart from the monthly issue of loose and leaf tobacco the men's needs will be met by the canteen on board and for them there will also be 5,860 gallons of neat rum and 4,000 gallons of lime juice.

NAPANESE

Miss Helena Holland Yarker, has returned home, after spending a couple of weeks with her aunt, Mrs. E. J. Purcell, Athens, Ontario.

Mr. C. H. Anderson, manager of the Merchants Bank in Napanee, has been moved to Winnipeg, and leaves the end of this week.

Miss L. G. Holland has returned to her home in Ottawa, having spent the last two months with her brother, Mr. A. E. Holland, Yarker, also her sister in Kingston.

Mrs. Joe. Howie and daughters, Allester and Eleanor, spent the week end with her parents, Mr. and Mrs. George Brown, Bay Centre, Hay Bay.

Miss Alma Storms and Miss Vera McIlroy, of Kingston, spent the week end at Mr. and Mrs. Albert Storms', Odessa.

Mrs. Hattie Eaton and Mrs. Annie Lemmon, of Wilton, spent the week end at Cornwall, and attended the funeral of Mrs. Eaton's sister, the late Mrs. H. Shaver.

Mr. and Mrs. Fred Switzer and Mr. and Mrs. Bert Ames, of Desmond, spent Sunday last with guests of Mr. and Mrs. Ross W. Milligan, Centreville.

Mr. and Mrs. Ed. Middleton, of Toronto, spent a few days on the market, but 1,000 rubles is a small fortune to most of the population and it takes a lot of off to cook potatoes.

The days of political strife are apparently over. Russians have tired of theoretical politics. The anti-Bolsheviks no longer discuss the government. Paper decrees are shown and non-Bolsheviks alike. They are too busy in their strife for food and clothing to worry about what is going on in the Kremlin.

Streets without food shops are practically deserted in all the cities. The search for food is at once the work and the recreation of the public. Boulevards are lined with food wagons offering fruit, vegetables, bread and eggs, and the people seem far more interested in these than in the listless pedestrians and the little bands which give occasional evening concerts.

There seems to be no spirit of play left in Russia. Even the children are sad and quiet. Recently many top shops have re-opened. The Soviet government never requisitioned Noah's Ark and Teddy bears, so dealers in that class of goods are unboxing their old stocks and dressing Santa Claus windows.

Few moving picture theatres are open, and those are given over chiefly to government propaganda pictures. The opera season has not yet opened. Dramas are offered in several less important houses. It was in these theatres and in concert halls that the correspondent saw the only persons who seemed to relax and divorce themselves from the gloomy Moscow atmosphere.

RUSSIA A SMILELESS LAND
PLIGHT OF PEOPLE UNDER REDS
EXPOSED BY PRESS CORRESPONDENT

Exuberance and Oratory of the First Year of Bolshevism Have Disappeared—Only Fuel—Food the Chief End of Men, Women and Children—Live in One Room.

MOSCOW, Sept. 20.—(By a staff correspondent of The Associated Press.)—Russia is a smileless land. In more than 2,000 miles of travel on Central Russian railways and rivers The Associated Press correspondent hasn't heard a single hearty laugh. The exuberance and oratory of the first year of Bolshevism have disappeared.

Speakers no longer tell of the proletarian rule from the corner cubicles. Red army soldiers no longer cheer at the bourgeoisie, for all have settled down together to the difficult task of getting enough to eat, and persons who have not tried existence in present-day Russia have no conception of how difficult it is to satisfy the most primitive human needs there.

Nearly every man and woman met on Moscow or Petrograd streets today is carrying some sort of food parcel or bartering with food dealers on the street corners. There is practically no wood and coal is not dreamed of. Oil is the only fuel. Every family has a primus on which the hot water for tea and the simple meals are prepared.

Under the housing system most persons have only one room in which to cook, eat, sleep and do washing. All the talk one hears on the streets is of food. These are famines everywhere that the bread allowance isn't regular and the frequent expression of fears that the famine in the Volga districts will make the bread supply of Central Russia even worse.

Potatoes at 1,000 rubles a pound are the cheapest food on the market, but 1,000 rubles is a small fortune to most of the population and it takes a lot of off to cook potatoes.

HUN BADLY BATTERED
—Britisher Had Satisfactory Morning's Work

TORONTO, Oct. 17.—How a British sailor met an old acquaintance in the person of a German submarine officer and how he wiped a few of his back debts is an interesting story which is in circulation among the workers of the Toronto Transportation Commission.

It is recounted how the sailor, when walking down Yonge street, stopped with others to watch the gangs of men at work. As he gazed at the army of workmen who were rapidly transforming the street his eye lit upon a face which in some way seemed familiar.

For some time he was unable to connect this employee of the Toronto Transportation Commission with anything tangible, and yet he was certain that he had seen the man before.

Still thinking, he approached the man who spoke to one of his fellows. The accent was unmistakably German and in a flash the sailor remembered who he was. A German submarine commander who had torpedoes his ship and caused death and suffering to many of his ship-mates.

It was quite enough for the husky British tar. He had been wanting to meet that submarine commander for many a long day, he had dreamed about him, spoken about him and longed to meet him.

Peeling off his coat he astonished the spectators by leaping into the demolished roadway, and having introduced himself to the elusive German in no uncertain terms, he then proceeded to wipe off the long score which he had tallied up during many a weary night at sea.

After he had finished he resumed his coat and leaving the sailor battered U-boat officer lying in the roadway, he resumed his perambulation with the air of a man who for once is thoroughly well satisfied with his morning's work.

ZWICK'S ISLAND

BEST FOR BATHS

SAV LABOR HEADS

After Checking Over Various Locations Here Came to That Conclusion

CITY COUNCIL IS TOLD

Do Not Believe in Artificial Pool When Natural Beach Is Available

Zwick's Island is the best site for the public swimming beach and pool, says the special committee of the Belleville Trades and Labor Council who have investigated various locations.

President George E. Foster explained to the city council last night why the site was preferable. "In Zwick's Island we have an ideal place and on the strength of this we recommend," he said, "that the council expend money cautiously."

"In the first place, we do not believe in an artificial pool when so good a natural beach is going to waste."

"Secondly, the site could be utilized at half the expenditure necessary on Victoria Park."

"Thirdly, the island is large enough so that for years to come the grounds may be developed as necessary. It is not necessary that all the work should be begun at once. All that is needed is buildings for dressing, and so forth."

"In the fourth place, there is a large tract of marsh west of the bay bridge which can be reclaimed for athletic grounds. This would add greatly to the size of the island. On the east side of the bay bridge approach is also a large marsh to be reclaimed."

"I would ask the city council to try before spending more money to see if the \$5,000 of the Corby bequest cannot be used for the Zwick's Island proposal."

Mayor Hanna promised full consideration.
