has sold his interest in the Technical to Mr. Jas. Moore, of Carthage.

Curling.—The third match was played here on Monday between the Listowel and Wingham curlers, the latter winning by 48 points.

The Masonic Block, which was sold by auction on Tuesday, was knocked down to Mr. Martin, of Guelph, the figure realized being \$5,500.

Present indications are springlike. Vennor, however, predicts stormy weather on the 18th and 19th, so keep your ulster handy.

Messus, Jon. Riggs, J. A. Hacking and Wm. Tatham experienced an attack of the "lever," and are now on a prospecting tour in the Northwest.

Messus, A. McDonald, P. Lillico and W. G. Hay have returned from the Northwest. We understand that each of these gentlemen has invested largely in Syndicate lands.

through checks, thus avoiding delay at Detroit.

A Special meeting of the Town Council was called for Tuesday evening, but as only three members put in an appearance, no meeting took place. With our Mayor, Reeve and other members of the Council Board in the Northwest, and some of those at home either indifferent or too much taken up with their private affairs to attend the meetings, it looks as if the affairs of town are being left to manage themselves. Those who aspire to office should not forget that there is a duty to be performed after obtaining it, and unless they are prepared to discharge such duty they should not accept office. Mr. J. W. Holland, who for some months past has made Listowel his home, being occupied in giving instructions in music, has accepted a position in connection with a music publishing house in Toronto. The departure of Professor Holland will be regretted, especially by the musical portion of the community whose taste and culture have been improved by their acquaintance with him.

Lictific—The last of the winter course of lectures in connection with the C. M. Church in this town was delivered on Toesday evening, by Rev. Mr. Lanceley, of Dunnville. There was a fair audience, though not as large as on some of the former lectures. The subject of Mr. Lanceley's lecture was "One Another," and upon this striking subject Mr. Lanceley made a highly interesting and instructive discourse, containing much original thought, and presented it in a most entertaining manner. The lecturer very ably pointed out the dependence of man upon his fellow-man for all the earthly blessings he enjoyed, and which should unite humanity in one common brotherhood. A hearty vote of thanks was tendered the lecturer at the close.

"Canadian Hisrori Norse,"—This is the title of a little work by Mr. J. A.

should unite humanity in one common brotherhood. A hearty vote of thanks was tendered the lecturer at the close. "CANDIAN HISTORY NOTES."—This is the title of a little work by Mr. J. A. Harvey, teacher, of Elma, the object of which is, as announced by the author in his preface, "to supply a history suitable to the wants of junior classes in our Public Schools, preparing for entrance to this Story of Canada from the days of Columbus and Cartier up to the present time. The use of hard words has been avoided, the simplifying process adopted by the author making his sketch the more readily understood by the pupil. Perhaps the chief merit of Mr. Harvey slittle work is that it contains a great deal of information in a small compass, all the most important events in the history of Canada up to the present year finding a place within its sixty pages. We have no doubt that the "Notes" will be found a very useful work in helping junior pupils in acquiring a knowledge of Canadian history. The work was printed at this office. Copies can be had at the town bookstores; price, 15 cents.
