REDUCED RATES OF PREMIUM-HALF CREDIT RATES OF PREMIUM. CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at much lower Rates of Premium than those of any other Assurance Company's ansacting business in Canada.

The Directors have also essolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so when the substantial Policy Holders in the United dish by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.
