Mrs. Shellington and family have the sympathy of the whole community in their sad bereavement, as this is the third one of the family who has died within the last month with this dread disease.

Mr. and Mrs. A. McIntyre and children spent Sunday here with her parents.

What will you say?

When the war is over and won,
—when the war worn soldiers come back to Canada and home,

—when the cost is counted, the cost in precious lives, in the limbs, eye-sight and shattered health of our noble fighters in the battle lines—the cost in money, in sacrifice and in self-denial—

What part will you have played?

Will you have the right to cheer and say—

"I did my best—I saved and denied myself—I lent every cent I could raise and scrape to help my country and our fighting boys—I can claim a full share in the glorious Victory because I did everything I could"

—Or, will you have to slink shamefaced and conscience-stricken away from the cheering crowds to your own mean solitude?

If you buy Victory Bonds—the duty of today—now—to the limit of your ability with every dollar you can raise—then—and only then—can you say:

"I have done my best"

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

Don't Suffer any Longer from
Dyspepsia, Indigestion or Catarrh of the Stomach

DR. BANTA'S
Dyspepsia

50c Tablets 50c
per Box Per Box

WILL CURE YOU

Dyspepsia is an advanced stage of indigestion, arising from the stomach refusing to perform its normal functions. Digestion consists in the changing of foods from an insoluble form, so that they may pass through the walls of the alimentary canal and become part of the blood. The stomach keeps the food in almost constant motion for a considerable time to accomplish this purpose, and should this organ not be kept in good condition, indigestion results, to be followed in due course, if not relieved, by dyspepsia. You can keep the stomach performing its functions, and even relieve and cure dyspepsia if you get a Box at 50c from
