

You Don't Taste Sugar In Sugar Cured Ham

The sugar and other materials used in curing ham add nothing to the flavor. Properly used they bring out and preserve the natural flavors of the meat—that's all. Duff's buy only prime Canadian hogs. Their special sugar cure developed during years of experience, does preserve this natural flavor—all of it. Serve Duff's Sugar Cured Ham baked, boiled, broiled or fried; you will find it delicious. Its smooth grain and piquant flavor make it welcome on any table.

Your grocer and butcher have it or can get it from us—to-day.

Useless Information.

We always detour all the statisti-
cians we can find, says an exchange.
They are wonderful. Listen:

If all the phonograph records made
in one year were thrown from the
top of Bunk's Monument they would
break.

It would take four men some time
to tick all the postage stamps made
in Ottawa in one year, but we don't
know just how long.

If all the telephone conversations
from corner drug stores in one year
could be recorded on a phonograph,
nobody could listen to them.

A mule can climb to the top of
Mt. Popocatepetl in five days. He
can descend in five seconds.

If all the doughnuts made by the
Salvation Army could be linked to-
gether in one chain, they would
reach from Paris to Somewhere in
France.

Manitoba.

The Province of Manitoba covers
an area of 251,832 square miles, of
which 178,000 square miles were
added in 1912. The added territory,
known as New Manitoba, contains
424 miles of railroad, 332 miles of
which have been built by the Cana-
dian Government to connect the grain
fields of the northwest with the Hud-
son Bay.
