

FALLING

HAIR

Does this illustrate your experience? And are you worried for fear you are soon to be bald? Then cease worrying, for help is at hand. You need something that will put new life into the hair bulbs.

You need a hair food, such as

AYER'S HAIR VIGOR

It brings health to the hair, and the falling ceases.

It always restores color to gray hair. You need not look at thirty as if you were fifty, for your gray hair may have again all the dark, rich color of youth.

\$1.00 a bottle. All druggists.

"I am a barber by trade and have had a great deal to do with your Hair Vigor. I have found that it will do everything that you claim for it. It has given me the most complete satisfaction in my business." HENRY J. GOROCK, Mar 22, 1908, Kansas City, Mo.

Write the Doctor.

If you do not obtain all the benefits expected from the use of the Vigor, write the Doctor about it. Address, Dr. J. C. Ayer, Lowell, Mass.

West Gore

The Hantsport ADVANCE has made its appearance in West Gore. It is a new paper, to which we are glad to contribute our local happenings. Each village in more or less interested in the other villages of the county, therefore we like to be seen in print among those which have already been heard from through THE ADVANCE.

Our young people are gathering home from the States now, and next week we expect our teachers and students home. About a dozen of our young people go away to teach, and we always look ahead with pleasure to their return in vacation.

We had a pleasant little picnic on Dominion Day. It was especially enjoyed by the school children. As it was "their day out," they went in for a general good time, and gave the ice cream table a large share of their trade.

The school examination was held Wednesday, July 3rd. A number of parents and other visitors attended and received a treat in the shape of school work. The visitors spoke in highest terms of the work done in the school. Great praise was given the teacher, Miss Laura O'Brien of Noel, and many were the expressions of regret at her leaving. She has been with the school two years, but will not be persuaded to remain longer.

The Trustees are going to put a furnace under the school house this year. The church has been heated in this way for two years, and we are glad now that the school children are no longer to hover round a stove on cold days. We could suggest many other improvements but—"the world was not made in a day."

Our Literary Club, which has met regularly since last October, has broken up for the summer. It has done good work, both for pleasure and for profit. It will meet again next October and go on through the winter as usual. It has recently taken on the shape of a school rather than a club. Literature has, in part, given way to science; and for the past two months mineralogy and geology have been the main subjects of study. The club closed this week with a strawberry festival and a general good time.

Among the people who have lately come home are Mr. Jas. Stevens, Montreal; Miss Lena Wallace, Arlington, Mass.; Mrs. Florence Wallace, Waltham, Mass.; J. B. Wallace, who has spent the winter with her son, Dr. Loney Wallace, Waverley, Mass., and Miss Annie Wallace, who is now a student in Tufts Medical College Boston.

Hants Co., July 9th, 1901.

Sadie says she's 29. I thought she was 33. Well everything in the store has been marked down since the first of January.—Judge.

Piles

To prove to you that Dr. Chase's Ointment is a certain and absolute cure for each and every form of itching, bleeding and protruding piles, the manufacturers have guaranteed it. See the testimonials in the daily press and ask your nearest druggist for it. You can use it and see what they think of it. You can use it and get your money back if not cured. See a box, at all dealers or Ross & Sons, BATES & Co., Toronto.

Hantsport

Haying is in full blast and the sound of the mower is heard in the land.

There is a big crop of hay in this vicinity this year. Some cut on J. W. Churchill's farm here the other day measured 5 feet 9 inches.

While in Windsor last we called at the office of The Tribune and had a pleasant chat with the new proprietor N. D. Sanford. Mr. Sanford intends making some changes in office and newspaper.

A dreadful tragedy occurred at Lockport, on the 8th inst. Sydney Locke, a member of the municipal council, while temporarily insane, shot and killed his three young children. He has been arrested and will stand trial for the crime.

It has been a pretty hot time in the town for a few days back. On Sunday at 2 p. m. the thermometer was 90 in the shade. But when we read of people dying in the States by hundreds, as the papers relate, it gives one cause for thankfulness that we are in Nova Scotia. This country is good enough for us.

Sparks from the morning Bluenose train from Halifax set fire to the D. A. R. water tank house opposite the station here last Saturday. After considerable difficulty (the shingles being dry as tinder) the fire was extinguished. It was quite lively around the building for a time. No great damage was done.

The schooner Theta, Capt. Geo. Masters of Summerville, which on her first trip after being launched at Cheverie by Capt. Pratt, went ashore off Rhode Island, returned to Cheverie Saturday, and will again load plaster for New York. The Theta fortunately was not much damaged by her misfortune, and disposed of her cargo at Boston, after which the necessary repairs were made.

In conversation with the manager of the Newport Nursery company, J. J. Salter, the other day he informed us the root grafts set out at the nurseries at Stanley were making a remarkable growth so far this season. The other stock is looking correspondingly well. The road opposite nurseries has been turned up, and nicely graded up, and with the proposed ornamental trees on either side, the place will be one of the prettiest in the country.

The strawberry festival, fancy sale and tea given by the Episcopal congregation of this town on Thursday in Pomeroy building was fairly successful. The inside of building was nicely decorated with flags and evergreen, and little booths for the sale of ice cream, temperance drinks, fruits, etc., and fancy articles were cosily arranged in the corners, allowing the large room for a promenade. The Hantsport band discoursed good music, and the frequent applause showed that their efforts were appreciated. The tea provided by the ladies was well patronized. The net proceeds were \$52.

THE FRENCH ACADIANS

The French Acadians in these Maritime Provinces have a somewhat ancient and interesting history. Large numbers of their descendants are still found among us a peaceful and aggressive people. 200 years ago their forefathers came to the Lower Provinces. 225 years ago a census was taken of this people and the names of some of these early settlers have been preserved. That they gave considerable attention to agriculture in this early period of Nova Scotia's history is evident from the fact that in Annapolis at that time were 380 horned cattle and 406 sheep. Their first settlement was made in 1604, by DeMonte, on St. Croix Island, but was afterwards abandoned, a colony being established shortly after on Goat Island on the north side of Annapolis Basin. Being the first white families who settled in our midst from an historic standpoint, we ought to be interested in them.—Hants Journal.

The largest flower in the world, it is said, is the bolu, which grows on the island of Mindanao, one of the Philippine group. It has five petals, measuring nearly a yard in width, and a single flower has been known to weigh 22 pounds. It grows on the highest pinnacle of the land, about 2000 feet above the level of the sea.

Willie—I think old Moneybags is the meanest man I ever knew.

Millie—What has he done?

Willie—Bought for his daughter a musical parlor clock, which plays "Home Sweet Home" at ten o'clock, "Tramp, Tramp, Tramp" at 10.15, and "Johnny Get Your Gun" at 10.30.

The governor general's secretary has issued the following: "During the forthcoming visit of their royal highnesses the Duke and Duchess of Cornwall and York to Canada half mourning should be worn by ladies, according to Queen Alexandra's orders: that is, mauve, lilac, grey, or black and white."

"I did not sleep a night for seven long weeks."

That prolonged period of sleeplessness is most expressive of the pain and suffering caused by womanly diseases.

It is pleasant to contrast the medical inefficiency which said "it could not be cured" with the prompt and permanent cure effected by the use of Doctor Pierce's Favorite Prescription. This great medicine for women establishes regularity, drives out feeble drains, heals inflammation and ulceration and cures female weakness.

Dr. Pierce's Favorite Prescription is recommended by Dr. Pierce's medicines to other countrywomen. It is written by Mrs. Mary Adams, of Concord, N. H. "I had internal trouble very bad, and I could not sleep a night for seven long weeks. The doctors said I could not be cured, but I commenced taking Dr. Pierce's Favorite Prescription and after taking two bottles I could sleep all night, and after taking six bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery' I was cured. I had told my husband that I would have to die, as it seemed I could not live. He told me to put faith in Dr. Pierce's medicines, for it had cured others and would cure me. So I did, and I thank God and your medicine for saving my life."

Dr. Pierce's Common Sense Medical Adviser, is sent free on receipt of stamps to pay expense of customs and mailing only. Send 50 one-cent stamps for the book in cloth binding, or only 31 stamps for the paper covered volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

The Maritime Homestead

W. W. Hubbard, who has edited the Co-operative Farmer (lately changed to the Maritime Farmer), of Sussex, N. B., since its inception in 1895, will shortly sever his connection with that paper, and will establish a paper devoted to the farm and home field of the Maritime Provinces.

This new journalistic enterprise will have offices in both Halifax and St. John. With the editorial department of this paper will be associated some of the leading agricultural workers of eastern Canada. As its name implies, "The Maritime Homestead" will make a specialty of dealing with matters connected with our maritime agricultural development, including all departments of animal husbandry, domestic economy, entertaining, reading and a special compilation of general and local markets and crop prospects.

IT WAS MADE TO CURE

To cure what? Catarrh, Asthma, Hay Fever and Bronchitis. Its name is Catarrhogene. If you breathe it, it cures you. There's lots of satisfaction in using Catarrhogene and after you've used it a little while you'll wonder how you ever lived without it. Two sizes, 25c. and \$1.00, at all druggists, or Poison & Co., Kingston, Ont.

Mount Denson

Mr. J. Harris Cox of Cambridge, visited Mr. and Mrs. Sutherland on Wednesday.

Miss Elsie McGinnis of Boston, is visiting her sister, Mrs. William McDonald.

Miss S. M. Sutherland, trained nurse, returned from a five week's case in Cambridge on Saturday evening.

Mr. and Mrs. O. G. Eiter of Windsor, are occupying a cottage at Aberdeen Beach.

Miss Florence Hopkins left on Monday for her home in Central Rawdon, the school having closed on Friday. We are very sorry to state she is not going to teach next year and she will be greatly missed by the young people as well as by the children of this place. But we hope to see her familiar face with us again in the near future.

Mr. William Chandler of Falmouth, spent Sunday at his home here.

Capt. Rufus Mitchener of Kentville, is visiting here.

The death of Walter Enslee, infant son of Mr. and Mrs. Enslee McDonald, occurred very suddenly at Falmouth, on Thursday. The funeral was held here on Saturday. Much sympathy is extended to the bereaved parents in the loss of their only child.

July 9th, 1901.

The Telegram's special cable from London says: Hon. William Mulock, postmaster general of Canada, reached London today on his way from Australia. He was accompanied by Mrs. Mulock and Master Cawthra Mulock. Mr. Mulock and party had a pleasant trip from the antipodes. There are now six Canadian ministers in London.

DeWet's madness is catching. In other words, the Brits are mad because they're not catching him.

DR. A. W. CHASE'S 25c. CATARRH CURE

Is sent direct to the diseased parts by the Improved Blower. Heals the disease, stops the discharge, stops droppings in the throat and permanently cures Catarrh and Hay Fever. Blows out the mucus. There are no other dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo.

PERSONALS

Mrs. James Ross and daughter, Miss Jessie, of Halifax are visiting at Mr. and Mrs. J. T. Pulsifer's.

Capt. Martin arrived in town on Monday.

Miss Coney, of Savannah, Georgia, and Miss Olmstead of New York, are the guests of Miss Campbell Walley.

Mr. and Mrs. B. Akerly of Hall's Harbor spent a few days with friends in Hantsport and Mt. Denson last week.

David E. North of the firm of J. B. North & Sons, of this town, who superintends the company's iron shipbuilding works at Glasgow, Scotland, is here for a short time.

Rev. Boyce Parker preached in the Hantsport Methodist church Sunday evening. Rev. Mr. Morash of Elmsdale conducted service in Presbyterian church at 3.30 Sunday.

Clyde Malcolm left by express Saturday for Boston, where he will spend his vacation.

Mrs. E. M. Dalton has been visiting her son W. E. Farrell, Truro, for a few days.

Miss Carrie Borden is spending her holidays with friends in Walton.

Misses Gertrude Robertson and Jean Burgess of Hantsport, were in Windsor Saturday, taking M. P. Q. examinations to qualify for school na'ams.

Mrs. D. A. Kerr, of Brooklyn, New York is spending the summer with her sister, Mrs. (Capt) Chas. Lawrence.

Miss J. E. Salter of Boston, formerly of Newport, Hants Co., is visiting relatives in latter place. Miss Salter arrived Saturday, accompanied by Miss Frances Salter, of Pugwash, also visiting in States. returned on same date and is stopping with friends in Burlington.

Post office Inspector MacDonald was in town Friday.

Miss Annie L. Dimock, of Boston, arrived on Friday, and will spend summer with her sister, Mrs. C. E. Burgess.

Rev. Mr. DesBarres preached in Baptist Church here Sunday morning. Mrs. DesBarres presided at the organ.

Mr. John K. Martin of this town is visiting his brother in Hartville. Mrs. Martin who has been spending a few days with friends in Windsor, returned home Saturday.

Miss Annie Ferguson, teacher for four years at Gaspareau school, is home for the holidays.

Mr. Patterson of this town went to Bridgetown last Wednesday. He will spend a few weeks with his married daughter there.

Burton Frizzle, who has been employed in Capt. Masters' saw mill at Half Way river, leaves this week for Sand River, Cumberland Co. where he has a position as stove sawer in the lumber mills of E. J. White.

WEAK BACK AND SPINAL PAINS.

Pains in the back number their victims in thousands. Only very powerful and penetrating remedies will reach these distressing complaints, but Putman's Painless Corns Extract is as sure to cure them as anything in this world can be sure. Rub Nervine over the sore parts night and morning, and see how quickly it drives out the pain. Five times stronger than any other. Good for internal and external use. Large bottles 25c.

A Happy Gathering

There was a gathering Monday at the residence of J. J. Hunt, barrister, of his brothers and sisters. They had never all met before in twelve years, and the union was of a most interesting and pleasing nature. Those present were Dr. Lewis Hunt, of England; Rev. Ralph Hunt, of Boston; J. J. Hunt, barrister, Halifax; Aubrey Hunt, accountant at Mount Hope hospital; Mrs. Chute, wife of Rev. A. C. Chute, D.D.; Mrs. Savary, wife of Judge Savary. Death has not yet made any breach in the family.—Herald.

Rich and Poor AGUE use Pain-Killer. Taken internally for cramps, colics and diarrhoea. Applied externally cures sprains, swollen muscles, etc. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. 25c. and 50c.

A Timely Rain

Kansas City, Mo., July 16.—A part of the drouth stricken southwest has been relieved by rain during the past twenty-four hours. Much good has already resulted to crops, and as there are prospects of more rain it is believed many thousands of dollars will be saved farmers on crops and stock.

A Child's Suffering

Her Mother Feared she would not Regain Her Health

She Was First Attacked with Rheumatism and Then with St. Vitus Dance—She Was Unable to Help Herself and Had to be Cared for Almost Like an Infant.

From the Sun, Orangeville, Ont.

Among the much respected residents of Orangeville is Mrs. Marshall, who lives in a pretty little cottage on First street. For some years her twelve year old daughter, Mamie, has been a sufferer from rheumatism combined with that other terrible affliction—St. Vitus dance. In conversation recently with a reporter of the Sun Mrs. Marshall told the following story of her daughter's suffering and subsequent restoration to health:—

At the age of eight, says Mrs. Marshall, Mamie was attacked with rheumatism from which she suffered very much, and although she was treated by a clever doctor her health did not improve. To make her condition worse she was attacked with St. Vitus' dance, and I really gave up hope of ever seeing her enjoying good health again. Her arms and limbs would twitch and jerk spasmodically, and she could scarcely hold a dish in her hand, and had to be looked after almost like an infant. While Mamie was in this condition a neighbor who had used Dr. Williams' Pink Pills with beneficial results in her own family advised me to try them in Mamie's case. I had myself often heard these pills highly spoken of, but it had not occurred to me before that they might cure my little girl, but now I decided to give them to her. Before she had completed the second box I could see a marked change for the better, and by the time she had taken five boxes all trace of both the rheumatism and St. Vitus' dance had vanished, and she is now as bright, active and healthy as any child of her age. Some time has elapsed since she discontinued the use of the pills, but not the slightest trace of the trouble has since made itself manifest. I think therefore, that I am safe in saying that I believe Dr. Williams' Pink Pills not only restored my child to health, but have worked a permanent cure.

Rheumatism, St. Vitus' dance and all kindred diseases of the blood and nerves, speedily yield to Dr. Williams' Pink Pills and the cures thus effected are permanent, because this medicine makes rich, red blood, strengthens the nerves, and thus reaches the root of the trouble. These pills are sold by all dealers in medicine or will be sent post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams Medicine Co., Brockville, Ont.

HAY was selling at \$15 per ton last week; this is \$5 more than it was sold for a few weeks ago. On account of the great drought in this vicinity, and the consequent failure of the hay crop, it is likely that the price will still be higher, —Chatham Commercial.
