For Sale. Rock salt, good for cattle. GGO. H. LEAMAN. Oct. 29, 1890.

BREAD-MAKER'S YEAST 5c NEVER FAILS TO GIVE SATISFACTION FOR SALE BY ALL DEALERS.

N. S. LEGISLATURE. The local legislature met on the 2nd inst. The following is the speech from the throne.

Mr. Speaker and Honorable Gentlemen of the Legislative Council: Mr. Speaker and Gentlemen of the House of Assembly:

In addressing the Legislature of the province of Nova Scotia for the first time as the representative of Her Majesty, it affords me much pleasure to welcome you on assembling for the discharge of your legislative duties.

2. Nova Scotia was honored last fall by a visit from His Excellency the Governor-General, Lord Stanley of Preston, who travelled over a large part of the province. His Excellency was everywhere received most cordially, and with the respect due to the chief representative of our sovereign.

3. I rejoice that I am able to congratulate you on the activity which prevailed during the past year in most of the branches of industry in which our people are engaged.

4. The work of developing the mineral resources of the province—a matter of great importance, both to the provincial revenue and to the general trade of the country—was vigorously prosecuted during the year, with gratifying results. At one of our largest coal mines a regrettable difference between labor and capital caused a protracted suspension of operations, involving serious loss to all concerned.

5. The coal mining prospects for the coming season are encouraging, but the history of this year is already darkened by the deplorable accident at Springhill mines, by which a large number of men and boys lost their lives.

Her Most Gracious Majesty the Queen has been pleased to express her sympathy with the widows and orphans so terribly bereaved, and has benevolently contributed to their relief, and the generous manner in which the public, not only in our own Province but abroad, are responding to the call for assistance demands our grateful recognition.

6. Extensive operations have been carried on under the provisions of the special acts respecting roads and bridges. The liberal expenditures that have been made, with better methods of construction, have effected a very great improvement in the condition of our public highways. Your attention will be invited to further measures relating to this most important subject.

7. You will be gratified to know that continued interest has been manifested in those special departments of education for which provision has been made in recent years. Your attention will be invited to further measures relating to this most important subject.

8. Schools for the technical instruction of miners are being re-opened in several localities where they are desired. 9. The night schools for adults, authorized by the act of last session, have been established in many places, and are largely attended. 10. The school of agriculture at Truro is receiving increased attention from the farmers of the province, and may now be regarded as an acknowledged success, giving promise of much usefulness in the work of improving the condition of our agriculturists. You will be asked to make additional provision to meet the requirements of this important work.

11. In view of the ever increasing usefulness of the Victoria general hospital to the sick of the province, you will be invited to consider the expediency of authorizing a further enlargement of the institution, with a view to providing increased accommodation and more perfect equipment. Mr. Speaker and Gentlemen of the House of Assembly:

12. The accounts of the revenue and expenditure for the past year will be laid before you. The estimates with the sums required for the services of the current year, which will be prepared with due regard to economy, will be submitted to you.

Mr. Speaker and Honorable Gentlemen of the Legislative Council: Mr. Speaker and Gentlemen of the House of Assembly:

13. I invite your attention to the claims of the province upon the Dominion for a refund of moneys expended by the provincial government on railways which have become the property of the Dominion, or have been taken under the legislative control of Canada.

14. Among other matters which will be brought to your notice are measures for effecting a reduction in the rate of interest on a portion of the public debt; to improve the Nova Scotia franchise act; and to amend the towns' incorporation act.

15. To these and all other measures that may be brought before you I invite your earnest attention in the fullest confidence that under the Divine blessing your labors will tend to the advancement of the prosperity and welfare of Nova Scotia.

Answer This Question Why do many people seem to be bound to seem to prefer to suffer and to be made miserable by Indigestion, Constipation, Nervousness, Loss of Appetite, Counting the Days to the Next Bowel Movement, and the Painful Discharge of Blood, Yellow Skin, when they will take the Little Pills, prepared by Dr. Cassell, sold by Aubrey R. Smith, Druggist. 17c.

LAKE DAUPHIN, MANITOBA. DEAR SUN.—This winter has not been nearly so severe as last. March has been unusually fine.

THE REMAINING WOOLLS BOOMERS. We are sorry to find that a misprint in our weekly of Saturday last appeared that A. Robb & son's machine shop had been burned. Far from that being the case we are pleased to find on calling upon them this morning that their machine shop was undisturbed and is running at full blast.

THE DESTROYED FOUNDRY TO BE REBUILT. We are sorry to find that a misprint in our weekly of Saturday last appeared that A. Robb & son's machine shop had been burned. Far from that being the case we are pleased to find on calling upon them this morning that their machine shop was undisturbed and is running at full blast.

A GREAT BLESSING.

SIR: I have taken three bottles of Burdock Blood Bitters and find it a good medicine for constipation and poor appetite. I will continue taking it as it is a great blessing and far of great change in my health since taking it.

MIS. J. V. GREEN, 5 Sycamore Street, Toronto, Ont.

IMPORTANT AND TRUE.

No better evidence of the fact that Burdock Blood Bitters is a certain remedy for all blood disorders can be asked than that of Mr. Geo. V. Thomas, druggist, of Hull P. Q., whose wife was cured of cancer, B. B. B. The family doctor is certain that the disease was cancer and that it is now cured.

There was a very enjoyable ball in McKay's Opera Hall, Wednesday evening last, participated in by about 200 couples. The music by Sutton and McLeod's orchestra, Mr. Sutton as pianist, and Mr. McLeod as vocalist, was very good. Mr. B. Clark was the dancer manager.

Gold in head, catarrh, consumption, death are the four stages that rapidly follow each other. If you would avoid the latter do not neglect the former, but use Nasal Balm at the first symptoms.

Painters will find the Best assortment of Paints, Oils, Varnishes, Brushes, etc., at R. J. Turner, Victoria Square.

Holloway's Pills. Factory Operators and Workers in Manufactories. The remarkable remedies which have been discovered and perfected by Thomas Holloway, and which have for more than fifty years been successfully used in every quarter of the globe, are especially useful in all the manifold ailments which affect those who by reason of their occupation are confined for years, or all their lives, in crowded buildings and workshops.

Answer This Question Why do many people seem to be bound to seem to prefer to suffer and to be made miserable by Indigestion, Constipation, Nervousness, Loss of Appetite, Counting the Days to the Next Bowel Movement, and the Painful Discharge of Blood, Yellow Skin, when they will take the Little Pills, prepared by Dr. Cassell, sold by Aubrey R. Smith, Druggist. 17c.
