Tokio, Nov. 18.—(3 p.m.)—A telegram from Moji reports the destruction of another Russian arsenal and magazine at Port Arthur. The Japanese discovered, it is said, the location of the arsenal and centred their artillery fire upon it. After dropping 200 shells in the locality they succeeded in blowing it up. Russian Representative Joins in Tribute to the Brave Fishermen.

Hull, Eng., Nov. 19.—The Board of Trade inquiry into the actual occurrences of the Russian ship, the *Corvette*, on Thursday's session, and the commissioners will report to the Board of Trade on the subject as speedily as possible. At the opening of yesterday's session the commissioners and others paid high tributes to the gallantry of the members of the fishing fleet.

Dr. Woodhouse, representing the Russian Government, said he would like to say in behalf of those he represented how much they regretted what had occurred and how he agreed with the remarks concerning the bravery of the fishermen. He would give him the greatest pleasure to convey the purport of those remarks to the Russian Government.

The court then heard evidence regarding the financial circumstances of the killed and injured fishermen, and those dependent on them, and claims were put in. #### YOUNG LADY SHOT.

Two Unknown London Boys Fire in Reckless Manner.

London, Nov. 19.—Thursday afternoon Miss Mary McLean, daughter of Mr. Allen McLean, second engineer of the Springbank pumping station, was accidentally shot in the leg by one of two boys who are at present unknown. Miss McLean, accompanied by her sister, Miss Rose McLean, had been up at the reservoir, the Colville House. They were at the loop, on the Springbank car track, when two boys approached from the Pipe Line road. Both carried guns. One boy was a mulatto, and the other a white boy. They fired off their guns in a seemingly reckless manner, a bullet striking Miss McLean's right leg, just above the ankle. She dropped to the ground, but with the assistance of her sister was able to limp to her home about half a block away.

**Shot in the Leg.**  
Port Hope, Nov. 19.—Reeve Howard, in company with Charles McGibbon, went shooting Thursday morning, and when returning home an accident occurred. Reeve was about a rod ahead, when McGibbon noticed something nearby, and in putting the gun up to fire it accidentally discharged, the bullet taking effect in the back part of Reeve's leg just below the hip. The case is not considered serious.

#### SERIOUS ACCIDENT

An accident, quite serious in its nature but which might have proved more serious, occurred yesterday afternoon at Ridgetown. Walter Oldham, of Sarnia, Pere Marquette conductor, who is well known in this city, had a miraculous escape. As it is he may lose his arm. Oldham, it seems, was making a coupling and in some manner slipped, falling between the rails, the wheels of one of the cars passing over his arm. Only his great presence of mind in drawing his arm from the rail and lying quite flat on the track saved his life. As the train was passing over him before the train was stopped.

A special train conveyed the injured man to Chatham, where he was taken to St. Joseph's Hospital. Dr. J. L. Bray, the Pere Marquette surgeon, attended him and hopes to be able to save his arm.

#### FAMILY QUARREL

Fred. Bump, of Harwich, had a strong complaint to make at the police court this morning. Fred. has been going over the "bumps" lately—or rather his brother "Bump" has been putting it all over him. Fred. and his brother Joseph started out this fall to clean up a little money by husking corn. Both of them worked hard, and as they are both good workers, they made good money. Fred. was evidently the better workman as he succeeded in "working" his brother Fred for \$2.75 board money, and this was the reason of Fred's visit to the police court.

Joseph was boarding with Fred, and they were both working in the same field for the same farmer. They had a little dispute over a row of corn. Joseph claimed that a row of corn should be his, and Fred claimed that it should be his. Fred claimed that Joseph had husked it, and the part of the husking agency came to a sudden end.

It was found when the accounts were being looked over that Joseph had refused to pay as a result of the corn dispute. The farmer for whom they were working owed Joseph \$1.20, the balance of the money due him for husking. This Joseph refused to pay, and Fred, who was working for the same farmer, wanted to know from way whereby if there was not some hands on that dollar twenty.

"It wouldn't clear off the board bill," he told the Judge, "but it would help some."

He was informed that it would cost \$4 to garnish the one twenty, but it was not a police court affair. This seemed to dampen his spirit and he hoped the police court with only one of his brother would make him pay his honest debts.

But Austin Clothing is distinguished by a style and finish that is not expected to be found except in custom-tailored clothing. And yet, after all, the best part of Austin Clothing is the inside—the unseen workmanship, the good stitching and thorough staying throughout the inside of the garment which the purchaser never sees. But the man that buys Austin Clothing discovers that it wears better, keeps its shape better than any other Ready-Made Clothing he ever wore.
