WHERE STYLE and VALUE IN DRESS GOODS REIGN SUPREME FOREMAN'S

Name a weave, name a shade, and if it is fashionable you'll find it at this Dress Goods store.

The Dress Fabrics shown by us this season surpass anything yet attempted. The variety in weaves, shades and prices is large enough to make purchasing a dress here as simple as A B C.

Come any time between the hours of 8 a.m. and 6 p.m. on any week-day and you are welcome to our time and knowledge of the correctness of fabrics for this spring. No need to buy because you look.

Wm. Foreman & Co.

MACLAREN COMING AGAINST SHIPPING

Will Fill Pittsburg Pulpit and Be College Lecturer.

Pittsburg, March 19.—The Rev. Dr. John Watson of Liverpool, England, ("Ian MacLaren"), author of "The Bonnie Brier Bush" and many other books, is to be the lecturer extraordinary in the Western Theological Seminary for a course of lectures next year. The arrangement has been worked out by the Rev. Dr. David Gregg, president of the seminary. Dr. Watson is entirely willing to come, provided some church will give him preaching for the year. Joseph J. Thompson, the millionaire of Fayette County, has taken up the idea on behalf of the First Presbyterian Church of Uniontown, of which he is a leading member.

This is one of the wealthiest congregations in Western Pennsylvania, and the people are delighted with the idea of securing "Ian MacLaren" for their stated supply.

Combination Between English and German Companies in Orient.

Washington, March 19.—Steamship discrimination against American shipping is reported to the bureau of manufacturers from Singapore by Consul General Wilber, who advises that a combination has been effected between the Darber Line, East Asiatic and some of the Standard Oil steamers, all of which are under the English flag, and the Hamburg-American Line. The freight rates between South Asia and America have been greatly advanced.

This is a move on the part of the European shipping conference to aid English and German dealers in East Indian products to regain control of the business, which they have been gradually losing. The consul believes that what is needed throughout the Orient is an American line of steamers under the American flag, running from New York through the Suez Canal, entirely independent of any combination.

Panic and Huge Loss at Fire.

Chicago, March 19.—Two hundred persons panic-stricken, one fireman injured and damage of \$100,000 were the results of a fire in the Bradley Building, 58 to 70 Fulton street, Saturday.

A girl often thinks of a fellow as a man after her own heart, when he is really after her money.

Absolutely white flour makes the most beautiful white bread—the kind we all like. But white bread is not necessarily pure because it is white. To be pure it must be made from purified flour.

There is only one method of making flour absolutely pure, and that is by electricity. No impurity can withstand the searching, purifying work of this electrical process.

The electrical method is employed by every big mill in the United States.

In Canada the only flour purified by electricity is

Royal Household Flour

therefore it is the only flour that can be considered as absolutely pure.

Say "Ogilvie's Royal Household" to your grocer—he'll do the rest.

Ogilvie Flour Mills Co., Limited,
MONTREAL.

"Ogilvie's Book for a Cook," contains 130 pages of excellent recipes, some never before published. Your grocer can tell you how to get it FREE.

FURTHER CONFERENCES

Asked For With Operators
by President John
Mitchell

MAY SIGN BY DISTRICTS

Indianapolis, Ind., March 19.—President John Mitchell of the United Mine Workers of America, has mailed to George F. Baer, chairman of the anthracite coal operators committee his reply to the committee's communications rejecting the demands of the miners' organization, saying:

"Judging from the language employed in your answer to us it is perfectly evident that we failed to make clear or that you failed to understand the real import of the propositions submitted by us.

"The interests involved are so vast that we are not willing to break off negotiations without making further efforts to reconcile our differences. We, therefore, propose that further conference or conferences be held between now and the first of April."

It can be stated as authoritative that the officials of the United Mine Workers of America have decided to allow the Ryan resolution to be eliminated from consideration, and will act upon the assumption that the action of the report of the scale committee virtually has repealed the resolution, which prevented one district from signing an agreement with the operators until all districts had come to an agreement. The report of the scale committee was: "Resolved, that we heartily endorse the policy and action of President Mitchell in this matter, and do now hold ourselves in readiness to meet our employers for the purpose of endeavoring to effect a satisfactory settlement of the wage question."

Put Ryan Quietly Aside.
All resolutions offered to the miners' convention Saturday, which endeavor to effect action upon the scale or the Ryan resolution, were quietly sent to the resolution committee without comment. The position of the miners' leaders with reference to the Ryan resolution will enable the operators and miners to deal by districts, if there is a failure to reach an agreement. F. L. Robbins and other operators, who favor signing by districts even if an advance in wages is given, are greatly pleased over the position taken by the leaders of the mine workers.

A RESPECTED MAN

Death Calls One of Chatham's Best
Known Citizens—He Was Ill For
Two Years

Theodore Bourassa, former proprietor of the Grand Central Hotel, and one of Chatham's most respected citizens, passed away at his home on Raleigh street at 10:50 last evening after a lingering illness of two years duration, patiently borne.

The late Mr. Bourassa was born in the Province of Quebec, near Montreal, and was 55 years of age at the time of death. Forty years ago he came to Dover, where he engaged in farming. Later he moved to Chatham, where he started hotel over the river. He also ran a small grocery business for a time. The Montana House was his next business venture, and he afterwards kept the Grand Central until some months ago when he retired from active business and took up his residence on Raleigh street. He was a staunch Conservative in politics, and was affable and kindly in his manner.

He leaves to mourn his loss a wife and a family of two sons and two daughters—Misses Anna and Melina, and Alfred and Philip.

The brothers and sisters who survive him are, Edward, of Boston; Levi, of Pownal, Vt.; Vital, of Cayce, N. Y.; Philip and Moses, of Dover; Mrs. Letourneau, of Bay City, Mich.; Mrs. Thibodeau, of River Rouge, Mich.; Mrs. Le Blanc, Powell, Vt.; and Mrs. Guichon, of Windsor. The funeral will take place Wednesday morning at eight o'clock from his late residence to Pain Court church, and thence to the cemetery nearby.

A SPECIAL SERIES

Rev. Mr. Hoyt Preached to Large
Congregations Yesterday—Good
Services

The William street Baptist church has had quite a few additions to its membership lately and at the service last night the pastor, Rev. J. W. Hoyt, baptized several others, who will unite with the church. The services yesterday were much enjoyed by the large congregations which gathered both morning and evening. The choir was in good form and sang a couple of anthems in good style, and the male quartette rendered very appropriate gospel numbers after the sermon.

The pastor spoke in the morning on a verse in Phil. first chapter, "But I would have you understand, brethren, that the things which happened unto me have fallen out rather unto the furtherance of the gospel," and the sermon was helpful and inspiring. Two Sundays ago Mr. Hoyt began a new series for Sunday evenings on the theme "A story of wasted years," and last night he preached the second sermon of this series, the subject being "Having a wild time away from home."

The sermon was aptly illustrated and created quite an impression upon the large audience. Mr. Hoyt announced that the next subject in the series is "Morally insane and all alone."

MORE TROUBLE IN RUSSIA

Cossacks Kill and Wound
Russian Strikers in
Assemblage

TAKING STERN MEASURES

St. Petersburg, March 19.—The Government is using the most repressive measures to stop the agitation for a strike of railroad men and telegraphers. A meeting of the former at Rostoff-on-Don was Saturday surrounded and invaded by Cossacks, who fired into the assemblage, killing two persons and wounding eight.

At Moscow troops are now guarding all the railroad stations and several factories, including the Abrukosoff works, where the workmen are restive.

The workmen in the St. Petersburg factories and mills Saturday elected delegates to the assembly, which will choose representatives to the municipal congress.

THE RUSS ELECTIONS.

Conservative Results Were Due Solely
to Repression, Says Nasha Shien.

St. Petersburg, March 19.—Charges of interference on the part of the local police officials to prevent a free expression of will by the peasants in the preliminary elections in the county conventions are increasing. The Nasha Shien says it has investigated the rural elections in St. Petersburg Province, and alleges that the authorities everywhere forbade popular meetings, called by Liberals, but did not interfere with meetings called by priests and other reactionaries. In many places the peasants were afraid to vote on account of the police at the polls.

Hundreds of representatives of Liberal parties were arrested, and, in many cases, there were military demonstrations. The Government agents openly threatened the peasants with repressions if certain persons were elected. The peasants from three districts have sent telegrams of protest to Emperor Nicholas. One of the peasant districts drew up instructions to delegates to vote for the expropriation of crown and state lands and a portion of the private lands.

The Nasha Shien charges that the conservative results of the elections were due solely to repression. While the returns generally show a large proportion of priest and village elders elected, in some of the provinces, especially in the west, the peasants displayed great independence at their meetings and talked only of a division of lands. Their hostility toward the noblemen and big landlords was intense, and they defeated all the priests and village officials.

Wants Nogi to Testify.

St. Petersburg, March 19.—The evidence taken in the course of the investigation into the surrender of Port Arthur by Lieut.-Gen. Stoessel, which will probably drag on for six weeks longer, will probably damage the reputation of Stoessel, who is now demanding that Gen. Nogi and other Japanese commanders be summoned as witnesses to testify to the heroic character of the defense.

Russ Captain Sentenced.

Moscow, March 19.—Capt. Shattansk, who refused to order his company to fire on the people during the riots here last autumn, has been sentenced by a court-martial to be dismissed from the service, and to be confined for 18 months in a fortress.

Rushing Into Trouble.

Tokio, March 19.—Some Russian revolutionaries who are here asking for permission to publish a daily newspaper at Nagasaki.

Keep Up Agitation.

Helsingfors, March 19.—The Socialists are keeping up their threats of a general strike unless the Diet pronounces in favor of a single chamber Parliament and universal suffrage.

Most, Anarchist, Is Dead.

Cincinnati, March 19.—Johann Most, the anarchist, died in this city at noon Saturday, of erysipelas. Johann Most was a virulent type of the blatant anarchist. He devoted his entire life to an effort to incite others to deeds of violence which he never attempted to perform himself. When driven out of Europe he came to the United States in 1880 and in this country made speeches, edited an anarchist newspaper, and conducted a saloon and dance hall in New York. Johann Most was a Bavarian, born in 1846.

Oil Lamp Smothers Engineer.

New York, March 19.—Alexander Stewart, chief engineer of the steamship Maconoma, was smothered to death by the fumes of a big oil lamp in his cabin on the vessel last night. A big coach dog asleep in the cabin also died from the effects of the fumes. The lamp was designed to supply heat as well as light and was turned up too high.

Big Steamer Burned.

Lachine, Que., March 19.—The Ottawa River Navigation Co.'s steamer Sovereign was burned to the ice edge late Saturday night, while lying in winter quarters, in the Lachine Canal, opposite St. Anne's Convent. The fire was discovered at 11 o'clock, in the sleeping quarters of the men by B. Roy. He aroused the others sleeping on board. The steamer, which was completely burned, was valued at \$50,000, with insurance of \$40,000.

Prince Arthur's Visit.

Ottawa, March 19.—Prince Arthur of Connaught will arrive here on April 14 and remain till April 20. He will go from Ottawa to Niagara Falls via Toronto. The prince returns from Niagara Falls to Toronto on Saturday, April 21, and remains till Friday, April 27, leaving at 2:30 a. m. for Halifax. He will return from the Maritime Provinces to Montreal on May 8 and sail for England May 12.

A dentist is enough to take the nerve out of any man.

BOYS' CLOTHES

We are proud of the Boys' Clothing we are showing this Spring. The double breasted Suits for boys from 10 to 15 years have a smartness and jauntiness you won't find in other clothes made for Boys. The lapels are as shapely as the men's, and the vents in the back and at the cuff, put the boy as much up to date as his father.

Prices run from \$3.50 to \$7.00.

ALL OUR OWN MAKE.

THORNTON & DOUGLAS,

A FEW INTERESTING INCIDENTS

Continued from Page One.

doing so much for Ceballos. They have just completed an immense modern hotel there that will care for hundreds of guests in comfort and style, beautiful and extensive botanical gardens surrounding it. Ice, electrical and laundry plants are in course of construction, also an immense modern packing house for handling the trainloads of fruit, which, after this season, it will be up to the Company to put on the markets, New York, London and Liverpool.

The soil of the island is of incredible richness, and agriculturists and planters cannot but do well. There is ample chance to engage profitably in cattle raising, tobacco, sugar growing, fruit, oranges especially, farming. If Cuba ever gets her sugar free into the U. S. it will surely make her one of the richest places in the world. Anyway, this industry is developing splendidly under American enterprise. The fruit industry must attain huge proportions within a few years, outstripping Florida and the Pacific Coast. The fruit is of the best quality.

The United States consumes everything Cuba produces, then again it produces everything Cuba consumes, so the doors, as it were, open one to the other. The island can ship its fruit to reach New York, Chicago and St. Louis within four days, which means much.

The population is 1,750,000 at present. I make the guess it can comfortably support 25,000,000.

We enjoyed going into the warmer climate. It was another matter coming back to the blasts of Boreas. However, the experience is worth something.

Another way to take the trip is via Mobile or New Orleans, either way making a short water trip.

Yours truly,

JOHN WADDELL.

Chatham, March 17th, 1906.

HAULED DOWN THEIR FLAG.

American Shoe Men in Their Boston Convention Confessed Their Defeat.

The capitulation of the American shoe manufacturers, and their candid admission that they can no longer compete with the Slater shoe in the Canadian market, has given an impetus to the Slater factory shoe. The ladies of Canada admit that the Slater shoe has gained their loyal support on merit, and that its equal cannot be found in the foreign market at \$3.50 a pair. The gentlemen of Canada made this admission years ago.

Lives Lost in Snowslide.

Ourray, Colo., March 19.—A mammoth snowslide in the Mount Sneffels region, six miles south of Ourray, Saturday night, wrecked the Campbell Mine Mill, train house, boarding-house and reading-room. William Cressey was killed, and it is feared that other lives were lost. Several men, it is reported, were seriously injured. The property loss is \$400,000. The Campbell bunkhouse, containing 200 men, and the residence of General Manager Cox barely escaped destruction.

No estate can make him rich that has a poor heart.

A woman thinks she must say that it is hard to give up a daughter as soon as her engagement is announced.

A Hint For Health.

We're enthusiastic about Bu-Ju because it does help. People give verbal evidence every day.

It isn't the talking that convinces—but the earnestness—and the cheery smiles of gratitude, which say more than any words. You can't help smiling when you get rid of pain and feel perfectly right. Health smiles—gratitude prompts it.

If you must have something to right the kidneys, use Bu-Ju. But we hope you don't require it. You certainly shouldn't after giving Bu-Ju the trial we ask. Samples free. Get some.

W. W. TURNER, Druggist.

If you fail the first time then go at it with renewed energy and the determination to win in the long run.

The Lucky Guesses 2,221 and 2,199

Mr. W. E. Smith, who counted the slips of paper in our Guessing Contest, found the dish to contain 2,218 pieces.

Miss Mamie Pritchard, Head St., guessed 2,221 and won the \$3.50 Shoes.

The school children's prize of a \$2.00 pair of Shoes was won by Master Percy Gray, Grey St., on a guess of 2,199.
