remember how in January, 1892, Mr
Krox was stricken down with la grippe,
how from a man of about 185 pounds he
fell away in flesh in a few short weeks
until he was a mere skeleton of his former self, weighing only 120 pounds;
how he was racked with the most exeruwith other remedies or medical treatment. ciating pain; how he longed for death to relieve him of his sufferings; how he to relieve him of his sufferings; how he consulted doctors near and far, and how they failed to successfully diagnose his case. In fact they confessed their ignorance of his maisdy and said he could not recover. But so much for the profession. Mr Knox is slive to-day. He has recovered his wonted vigor and weight 180 pounds, and his many friends in Monwood look upon him in wonder. Of course Mr Knox is questioned on every hand about his recovery, as to what magic influence he owes his increase in flesh, and his answer to each interrogation is "Dr Williams' Pink Pil's did it," and he is never too busy to extol the received fils now would famous remedy. Her life work is finished, Argela rejoice. and he is never too busy to extol the merits of his now world famous remedy. Her life work is finished, Augels rejoice This is what he said to a reporter of the Norwood Register the other day when Calling her home to receive her crown

Norwood Register the other day when asked about his illness and his wonderful cure:—"I will tell you all about. In January, 1892, I had la grippe, which was prevalent at that time. It settled into pains in the calves of my legs. I was drawing lumber at the time and thought it was caused by sitting on the load and allowing my legs to hang down.

The father chastens those He loves. The darkest cloud has a silver lining, than cease to grieve and look above, Beyond the clouds the sun is shiping.

This life at most is sally fleeting, thought it was caused by sitting on the load and allowing my legs to hang down.

I consulted a doctor in the matter, who told me it was rheumatism. He treated me, but did me no good and treated me, but did me no good and treated me, but did me no good and the same of th I kept getting worse daily. Altogether I had seven doctors in attendance but none of them seemed to know what my ailment was. Some said it was rheumatism others that my nerves were discased, one said locomotor staxis, and another inflammation of the outer lining of the spinal cord, and still another said neuralgia of the nerves. I did not sleep for six weeks and no drug administered by the medical men could deaden the pain or make me slumber. I will jus say this; at the end of that time some narcotic administered made me doze for a souple of hours, and that was al! the stief I received from the disciples of Esculapius. They said that I could no recover, and really I had given up hop-inyself. My pain was so intense I want. ed to die to be relieved of my sufferings Erom a weight of 184 pounds I dropped to 120 I was a skeleton compared with my former self. I had often read in the Register of Dr Williams' Pink Pills, but did not think of taking the remedy About this time my father purchased some from Dr Moffatt, druggist, Nor wool, and bringing them to v.e request-ed me to take them. The King of Remedies.

ERTON. N. S.

About three years ago I was sick with consumption, which was brought on by a heavy cold. I employed a dector who advised me to use emulsions. I did so but they did me no good. I was growing weaker fast—my cough was very bad—with night sweats; in fact my parents had given me up as I belong to a consumptive family. Two of my sisters and one brother have already died of that dread disease. As my appetite was very poor, a friend advised me to use Dr Norton's Dock Blood Purifier. I got six bottles, the use of which soon gave me a craving for food. Soon my cough was better and I began to gain in strength. I used twelve bottles of the medicine and by that time had gained forty-four pounds in flesh with good health. Have had no symptoms of any lung trouble since and believe that Dr Norton's Dock Blood Purifier saved my life.
