

NEW SUBURB FOR THE CITY.

Guelph Road to Develop Hamilton's Growth Westward. Natural Gas Users Will Get Reduction on October 1.

By-law Compels Company to Give 45 Cent Rate.

Hamilton is to have an entirely new residential suburb within a few years. The building of the Hamilton, Waterloo & Guelph Railway, which will be under way next spring, has caused a stir of activity in property on the other side of the high level bridge, and already some of the local real estate dealers have had land surveyed into building lots, and these will be placed on the market shortly.

An announcement that will be welcomed by users of natural gas was made at the City Clerk's office today. The Ontario Pipe Line Company, under its charter, agreed not to charge more than fifty cents a thousand feet for gas, with five cents off for discount, during the first five years, a reduction to forty-five cents, with five cents off as discount, going into effect at the end of that time.

Lieut.-Col. A. H. Moore, the acting Chairman of the Board of Governors, says that there seems to be a mistaken impression that the number of typhoid cases at the Hospital is due to an outbreak in the institution. "That is not so," he said. "Twenty cases were brought there from outside, and it was in nursing and caring for these that the Medical Superintendent and nurses contracted the disease."

Building permits were issued today to the Crescent City Oil Company for a cement block stable on Caroline street, between Cannon and Sheaffe streets, to cost \$400, and to W. A. Noble for a brick house on the south of Aberdeen avenue, to cost \$4,000.

Much difficulty is being encountered fixing up Caroline street, north of Barton street, where the road caved in owing to a break in the sewer. When a hole was made in the road, the water sprouted up like a fountain. Three pumps were working this morning. The road is closed against traffic.

The special committee appointed in connection with the smoke nuisance conferred with City Solicitor Waddell yesterday. The members were given copies of the by-law and the order passed by the Railway Commission. They will decide shortly what action will be taken.

The whole sewer system of London is said to be demoralized, and the city has engaged an expert to make a report. "The system here is not in any too good shape," said City Engineer Macaulm today, and he attributes this to the patch-work policy followed in laying sewers.

Following the custom of other Mayors, Mayor McLaren will give a picnic for the aldermen, heads of civic departments and representatives of independent boards on Tuesday next. It will be held at Hamilton Mountain Park.

NEW SOLOIST.

Central Methodist Church Secures Mr. Crooks of Brantford.

Central Methodist Church has secured a tenor soloist and has thus completed its quartette and rounded out one of the best choirs in the city. The new tenor is Mr. William Crooks, of Brantford, who sang in Central last Sunday and so delighted the music committee and the congregation that he was at once offered the position of soloist, which he has accepted. He will begin his new duties at once and in the course of a month or so will move to Hamilton and take a position with the Stanley Mills & Co. He has been soloist at Revere Avenue Methodist Church for some time.

MILK PRICES.

Dealers Will Likely Meet to Discuss the Matter.

That the milk dealers who are now selling milk at 6 cents a quart will shortly fall in line with those who are now selling at 7 cents, is evident from the opinions expressed by some of the dealers today.

The reason is that at present the supply of milk coming in is very short, owing to the scarcity of pasturing, brought about by the prolonged dry weather.

A meeting of dealers will be held in a few days, and the matter will be fully discussed. If an increase is decided upon it will likely take effect on Oct. 1.

Mrs. Joseph Anderson, of Des Moines, Iowa, whose Indian name is "Wompuncaca," a poor washerwoman, will receive from the Government \$60,000 for land once owned by her forefathers.

FATAL INJURY

Sustained by Brantford Man on Railway To-day.

(Special Despatch to the Times.) Brantford, Ont., Sept. 22.—Clarence Bridge, steel tapper in the local Grand Trunk yards, was fatally injured here this morning when he stepped into the yard engine unawares. The latter was backing down the yard and Bridge stepped out of a coach to cross over for the 8.10 train, which had just arrived. Both arms were lacerated, his head being badly crushed, with one eye removed, besides internal injuries of a severe nature being sustained. Bridge was rushed to the hospital, with no chances for recovery. He was Conservative Chairman of Ward 2 and was well known.

W. S. CHAMP BACKS COOK.

Hamilton Man Knows the Danes, and Feels Sure

That They Had Ample Proof of Cook's Bona Fides.

Thinks Peary Has Made a Very Great Mistake.

William S. Champ, of this city, one of the trustees of the estate of William Ziegler, who, before he died, financed several attempts to reach the North Pole by Evelyn Baldwin and others, arrived in New York on Monday on the Celtic, of the White Star line, from Liverpool. Mr. Champ, who has been as far north as latitude 83 in relief work, spoke plainly in regard to the Peary-Cook controversy.

"I believe that both Commander Peary and Dr. Cook discovered the pole," said Mr. Champ. "But I think that Commander Peary has made a great mistake. He should have kept quiet, at least, or the proper thing to have done was to send a telegram of congratulation to Dr. Cook as soon as he heard of the arrival of Dr. Cook in Denmark. Commander Peary has not shown himself for an explorer to spend so much time, money and effort in obtaining such a result and not take one white man—a scientific man—to substantiate his work."

"No explorer has done it before, and had not Nansen offered undoubted records to support his contention that, at the time, he had been farthest north, he would not have been believed. Knowing what I do of the Danes, I cannot believe that they have had Dr. Cook 'on the carpet' before them and he has placed in their hands that and he has convinced them. Dr. Cook will have to submit records of the Geographical Society, in Washington, where they will be worked out. It took them nearly two years to work out the figures of the Ziegler polar expedition, so the public should not be too impatient."

"He has acted very foolishly, and if Dr. Cook proves that he has been there all right, he has a very good cause for libel against Commander Peary. There is one thing that strikes me very forcibly in this controversy. That is, it is a great mistake for an explorer to spend so much time, money and effort in obtaining such a result and not take one white man—a scientific man—to substantiate his work."

"No explorer has done it before, and had not Nansen offered undoubted records to support his contention that, at the time, he had been farthest north, he would not have been believed. Knowing what I do of the Danes, I cannot believe that they have had Dr. Cook 'on the carpet' before them and he has placed in their hands that and he has convinced them. Dr. Cook will have to submit records of the Geographical Society, in Washington, where they will be worked out. It took them nearly two years to work out the figures of the Ziegler polar expedition, so the public should not be too impatient."

FIRE ESCAPES FOR HOTELS.

License Department Takes Matter Up at Last.

Word has reached here that the Provincial License Department is at last taking steps to see that all the hotels in Ontario are properly equipped with fire escapes. It is stated by the officials here that very few of the hotels in Hamilton have anything like proper fire escape equipment, and the danger of loss of life in case of fire during the races and other times, when the city is crowded with visitors, has frequently been pointed out. It is not through any fault of the local officials that such a condition exists. The matter is entirely in the hands of the License Department.

The Department is at present conducting a series of experiments on fire escapes with a view to secure one that can be standardized for the Province. The commercial travellers are insisting on this, which is part of the new policy of the Department to bring up the efficiency of all licensed hotels to serve the needs of the travelling public.

A CONTEST.

Arranged by the Hamilton Summer School of Oratory.

The Hamilton Summer School for Oratory, successfully organized last June by the Canadian Club, for the purpose of assisting the young orators connected with the local debating clubs in the art of public speaking, will complete the course of lectures about October 1st. The appreciation of and interest in the school has been shown by well attended classes. The closing exercises will take place in Association Hall on Tuesday night, Oct. 19th, when a free oratorical contest will be held. The students are working hard for the success of this event, and the public will have an opportunity of judging the accomplishments that can be derived from a school of this character.

A NEW CASE.

Dr. Alway, medical health officer, reports a new case of scarlet fever at Crown Point this morning. The discovery was made last night by the doctor, and he immediately quarantined the house. This is the only new case that has appeared during the past two and a half weeks.

WILL DEVOTE EFFORTS TO PROVE HIS CLAIMS.

That Will be the First Undertaking of Dr. Cook—Has Launched on a Campaign of Publicity.

New York, Sept. 22.—Herbert L. Bridgman, Secretary of the Peary Arctic Club, who accompanied Mrs. Peary northward to join her husband, said last night, when informed of Commander Peary's refusal to appear at any public function until the Polar controversies have been settled:

"I expected this despatch, and Commander Peary's action will meet the approval of his friends. Only tentative plans for his reception have been made, and even these were held in abeyance, because it was believed he would prefer his friends should await word from him before they committed him. This announcement will therefore cause no inconvenience."

There is disappointment in the city at large, however, and particularly in the Hudson-Fulton Commission, which had placed Peary's name on the Naval Parade Committee before he sailed north and had eagerly hoped for his return in time to add glory to the celebration.

IN BROOKLYN. New York, Sept. 22.—The crowds about the Bushwick Club in Brooklyn did not dwindle until late last night, though it was fully understood by the

thousands who packed the streets that there would be no further chance to meet Dr. Cook, who was at a table with forty-two picked friends. All the throng asked was a chance to see him when he left his club house for the Waldorf-Astoria, where he spent the night, and they were perfectly willing to wait.

This loyalty without and enthusiasm within the club from the friends and fellow citizens among whom Dr. Cook has lived so moved him that, when he rose to than his hosts, after a Brooklyn singing society had given the noble old German hymn, "This is God's Day," tears stood in his eyes. He has never been described as an emotional man, but no one who saw him could doubt that he was deeply moved.

"You have shown me," he said, "that it is good to go to the North Pole. In returning, the cheers of other peoples have been a delight, yet there is no human eye to compare with the heartfelt tribute of my own people. I cannot adequately express it, but it dispels in me instead of the long-drawn discomforts of the Arctic quest."

To the waiting throngs outside, the doctor shouted from a window: "I thank you for the honor of this cordial and musical welcome."

At 9.30 he took an automobile for the

Waldorf, and, cheered by the crowd, slowly plowed his way to the Brooklyn Bridge. At the Waldorf the explorer retired early for much needed rest to await further greetings to-day.

Commander Peary's next public appearance will be at the banquet tendered by the Arctic Club to-morrow night at the Waldorf-Astoria. He has put all but the finishing touches to the first book narrative of his Polar experiences, but it is probable that he will write a series of magazine articles also. His first labor, however, will be the preparation of the record of his discoveries, upon which he depends to convince the scientific world, and through them, the world at large, that his claims are well founded. He has promised that this record shall be made public as soon as it is filed, first at the University of Copenhagen, and probably without waiting for the verdict of that body.

Neither the discoverer nor Mr. Bradley has commented on Commander Peary's latest decision to remain in comparative retirement, but the question of Polar supremacy is settled. It is believed, however, that, being fully launched on a career of publicity, Dr. Cook will not follow the naval officer's example.

(Continued on Page 10.)

ONE BOARD IN CONTROL

Suggested as Best Plan of Removing Friction.

Plan to Amalgamate Hospital and Health Boards.

Temporary Shack For Scarlet Fever Patients.

The constant friction between the Hospital Governors and the Board of Health, followed by the latest breach over the scarlet fever epidemic, has suggested to some of the aldermen the advisability of amalgamating the two boards. It is said there is nothing to prevent this being done, and it will not be surprising if the council takes the matter up. Hamilton is perhaps the only city in Canada where the corporation owns and controls the hospital. To do this special legislation was passed some years ago. The aldermen who favor an amalgamation of the two boards think that much better results would be obtained and the cause of friction would be removed.

The Hospital Board has practically abandoned the idea of using one of the Euclid avenue houses as a temporary hospital for the scarlet fever cases in view of the strong opposition. If such an attempt were made it is likely the residents would endeavor to get an injunction, restraining the board from using the house for such a purpose.

The governors met this morning, and conferred with Chairman Peregrine, of the Finance Committee, and Mayor McLaren. They agreed that the best thing to do was erect a temporary shack while the \$10,000 addition is being made to the present isolation buildings. The board went down to the grounds this morning to pick out a site.

Frank Quinn, acting chairman of the Board of Health, was asked today, if the fact that not a member of the board accepted the invitation to attend the conference yesterday was to be taken as an indication that the board had wipped its hands of the isolation hospital, he said, "I did not feel like going there to be humiliated. I met the Mayor at noon yesterday, and he told me the city desired the Hospital Board to look after the cases. So what was the use of my going to the meeting. I guess the other members felt the same. I don't think that infectious or contagious diseases, such as scarlet fever and diphtheria, or even scarlet fever, should be in such close proximity to an operating room. God help the poor fellow who has to go down there to be cut up. You won't catch me there."

A friend suggests that I might do worse than hint to this year's council to leave a little of next year's work to be arranged for by next year's council. I suspect he's ironical, or sarcastic, or something of that sort.

SENIOR RALLY.

Last of First Methodist Sunday School Entertainments.

In every way the annual rally of the senior members of First Methodist was a success. It took the form of a social evening last night. There was a large attendance and all seemed to thoroughly enjoy themselves. The pastor, Rev. B. Lancelotti, was chairman and did everything, together with the officers and teachers, to give all a good time. A short programme was given consisting of piano solo, Mr. Frank Wright; vocal solo, Mr. Hamilton Robinson; recitation, Mr. Tommy Hutchinson; piano solo, Miss Eva Mooney; vocal solo, Miss Rhoda Evans; piano solo, Miss Marjorie Dana; recitation, Miss Irene Rolle. Mr. Lancelotti gave a short talk on the new league which has been formed of the combined societies of the church. All the different organizations are to have a federation meeting weekly which the church promoters believe will be beneficial to all the young people. After a few minutes social talk the members partook of a most tempting and appetizing supper, during which several of the officers spoke encouragingly of the school's work.

Miss McFadden's Friends Show Their Esteem. A very enjoyable time was spent on Monday evening at the home of Miss Ella Walsh, when the members of her Sunday school class and other friends met to say farewell to Miss Luella McFadden, cousin of Miss Walsh. Miss McFadden's family is leaving Hamilton to take up residence in Los Angeles. William Smith, teacher of the Sunday school class, presented Miss McFadden on behalf of the class, with a very pretty pearl brooch, together with a nice address. The young lady made a suitable reply, thanking all for their token of friendship and expressing her deep regret at leaving such estimable friends. After the presentation light refreshments were served and a social evening spent.

Miss McFadden wishes to thank the billing staff of the local Grand Trunk freight office, which presented her with a neat signet ring, and also the whole staff for a suit case.

Pickles and Preserves.

We have a handy recipe book for free distribution if you will call and ask for it. There are many first-class recipes between the covers. Bear in mind we sell the best spices that can be had, and our stock is always fresh.—Parke & Parke, druggists.

The Man in Overalls

Even though Dr. Cook may never have reached the pole, what W. S. Champ says about Peary's bluster is good common sense.

If I owned a big brewery and had great landed estates in England, maybe I would do as Rosebery has done—maybe.

It is quite possible for the leased wire to give the least news.

Mr. Crooks, the English M. P., told the Trades and Labor Congress at Quebec not to put their faith in the promises of members of Parliament. Hope he is judging by his own standard of fulfillment.

After License Inspector Sturdy has paid that \$10,000 slander claim I guess there'll be no Christmas box for me.

At South Wentworth Fair, the apple to the banana: "Wouldn't they skin you!"

The kicking fever is in the air—first the Tigers, now the Barton residents.

It will soon be time to make a "duck" for those duck supporters.

An optimist always looks on the bright side of other people's troubles.

A Buffalo alderman declares that out of every 100 women in bathing suits 20 are spavined, 23 are bow-legged, 18 knock knees, five are skinny and eight are fat. However, 26 per cent. of "perfects" doesn't leave us much time for the others. That alderman had better not advocate female suffrage.

I sometimes wonder why some people do so much talking about the cost of water for baths. And how what interest can the subject be to them?

What a lot of fun certain people take out of a row in a church!

Hamilton is not yet over supplied with park spots—that will be within reach of her people. And how about the projected park at the eastern end of the mountain boulevard?

A friend suggests that I might do worse than hint to this year's council to leave a little of next year's work to be arranged for by next year's council. I suspect he's ironical, or sarcastic, or something of that sort.

SCORERS OF LIVES LOST.

New Orleans, Sept. 22.—Scores of lives are reported to have been lost as a result of a tidal wave which swept a considerable portion of the Louisiana coast during Monday's tropical hurricane, pouring its resistless volume on the defenceless denizens of the coast. It is believed that the water has swept away perhaps a hundred people. Reports indicate that the fatalities were the most numerous along the Gulf bordering the shores of Terrebonne parish. News of the disaster was brought into Houma, the parish seat of Terrebonne, by half clad men and women who managed to save some kind of a craft by which they succeeded in reaching shelter. They related stories of great havoc. Relief expeditions were last night sent out of Houma to the stricken section. M. J. Smith, of Newburg, Ala., who was among a fishing party in the mouth of Bayou Terrebonne, is known to have been drowned.

The following is the list of dead as far as known:

At Terrebonne: Geo. Schultz, John Avenas, Victor Puffot, James Farrel, Bartholomew Oliveri.  
At Desair: Henry Schleiser, wife and children; four members of a family named Windecker.  
At Jackson: Miss: Chas. Clayton, Carl Weisler.  
At Terrebonne Bayou, La.: E. K. Smith, of New Liberia, La.  
The residence of Asar Thibideaux at Grand Point, La., was destroyed and the fate of his wife and children is not known.

The state capitol is unroofed and considerable part of the building flooded. Tidings from Grand Isle, La., where it is feared great damage has been done, with possible loss of life, are still lacking.

PENNSYLVANIA DRIVEN ASHORE.

Pensacola, Fla., Sept. 22.—The storm attained its greatest velocity at 2 a. m., when it reached 64 miles an hour from the southeast. Two small schooners were driven ashore on the west beach. At the navy yard the coal wharf was damaged and five large coal barges beached. At Fort Barrancas a launch was sunk and the wharf damaged. Two men are reported drowned in attempting to cross the big lagoon, 8 miles west of this city, while endeavoring to reach Fort McRae in a small boat.

Memphis, Tenn., Sept. 21.—It is reported here to-day that Greenville, Miss., is wrecked and that half the houses in the town were unroofed by the terrific storm of last night. A number of lives are said to have been lost.

St. Louis, Mo., Sept. 21.—It is reported in stock circles here that half of Natchez, Miss., has been destroyed by the storm which has swept the Gulf States.

EXPRESS SCHEDULE FILED.

Ottawa, Sept. 22.—(Special.)—A schedule of express rates from the United States to Canadian points and between two American points through Canada was filed with the Railway Commission to-day by the Express Tariff Association of Canada. Judge Mabee said he would allow the tariff to be filed, but it would be subject to the coming inquiry into express rates.

CUPITZ CASE

Was Dismissed Because There Was No Sale of Liquor.

(Special Despatch to the Times.) Beamsville, Sept. 22.—Police Magistrate Riggins gave judgment in the Cupitz case this morning. As was expected, he dismissed it, explaining that, upon the charge laid, selling liquor without a license, he could do nothing else. He commented severely upon the disgraceful orgies carried on and upon the desecration of the Lord's Day.

R. O. Konkle was before the Magistrate this morning, charged with offering for sale unripe grapes. He pleaded guilty and was fined \$10 and costs, the whole amounting to \$14.65.

HOLD LOCAL SHAM FIGHT.

That Has Been Decided Upon by the Officers.

Will Take Place Here on Thanksgiving Day.

Resignation of Col. Hendrie Regretted by Military Men.

In view of the fact that the regular Thanksgiving Day sham fight will not be held this year, Lieut.-Col. Logie and the officers of the Hamilton garrison have decided to hold a local fight. Up to date no definite arrangements have been made, but it is understood that only the Hamilton Regiments and corps will participate. The marching will not be heavy as the object of the officers is to make the day more of an outing and pleasure for the men than an education.

The resignation of Lieut.-Col. Hendrie has been much commented upon by the officers of the garrison. They feel that the militia is suffering a loss, and although his retirement was only a matter of time there is a feeling of general regret at the step taken, by his brother officers. The promotion of Major Tidwell to the command of the second brigade of the Canadian Field Artillery will likely follow, and will be received with approval by all the military men in the city. During his connection with the 4th Field Battery he has proved himself a capable and energetic officer, and one well qualified to fill this important post.

The next case of repeated adjournment raised the ire of that eminent counsel, A. M. Lewis, who appeared for Henry Burrs, who was up again on a charge of perjury in a case that was heard last May, particulars of which were given in the Times last Saturday.

TO AWAIT A BIG UPHEAVAL.

Religious Fanatics Expect Earth's Crust to Peel Off.

Providence, R. I., Sept. 22.—True to their belief that a great upheaval is about to occur, whereby the top crust of the earth will peel off, carrying the wicked to destruction and leaving "the elect in undisputed possession of the world, several Rhode Island families belonging to the sect known as the "Latter Reign of the Apostolic Church," have come to Duxbury, Mass., an appointed place, to wait for the cataclysm. The time set for the triumph of the faithful is Friday next at 10 a. m. The leaders of the sect from Rhode Island, Maine and elsewhere are now at Duxbury, and it is said that many of them have disposed of all their worldly goods and abandoned their various occupations. The prediction that the earth would be rendered asunder on Sept. 24 is said to have been made first by Frank N. Doughty, an East Providence member of the Apostolic Church of this city, last spring.

HAPPY EVENT.

Marriage of Mr. Coulthurst and Miss Frances McCarthy.

A quiet but pretty wedding took place this morning at 8 o'clock at St. Joseph's Church, when Miss Frances Dorothy McCarthy, eldest daughter of Daniel and Mrs. McCarthy, 215 Main street west, was united in the holy bonds of matrimony to William Joseph Coulthurst, of the postal department, of this city. Rev. Father Leyes performed the ceremony. The bridesmaid was Miss Florence Josephine McCarthy, sister of the bride, and the best man Mr. Herbert McCarthy, brother of the bride. The bride was dressed in a tailor-made French blue suit, with hat to match, and carried an ivory prayer book. During the service Mr. L. R. Woodcroft and Mr. J. Walsh sang, Miss Agnes Woodcroft presiding at the organ. After the ceremony a few of the relatives and friends of the contracting parties went to the home of the bride's parents, where a dainty wedding breakfast was served. The groom's gift to the bride was a pearl brooch; to the bridesmaid, a gold locket and chain, and to the best man a pearl stickpin. The happy couple left on the 10.30 train for New York and other points, and on their return will reside on Main street west.

FIRST FAIR.

South Wentworth Opened at Maple Leaf Park.

The South Wentworth Agricultural Fair opened to-day, under very favorable conditions, and with a large number of entries. Secretary George Henderson remarked this morning that the exhibit would break all previous records. In the live stock line, horses, sheep and poultry are the special features. In cattle and pigs the number of entries is not in excess of other years. Many entries of dairy products have been made and a grand display of ladies' fancy work is assured. This afternoon the ring attractions were of an unusually interesting character.

RIGHT OF LIGHT.

Acting for the Thomas C. Watkins Company, Meuburn & Ambrose this morning obtained from Judge Monck an interim injunction restraining the Times Printing Company from bricking up two openings in the southerly wall of the Times building. The plaintiffs claim right of light.

Blue Point Oysters.

During the oyster season we will have a regular supply of the finest oysters obtainable, shipped direct to us by express, in sealed packages, that are enclosed in ice lined boxes. All we ask is that you place a trial order, then you will become a regular oyster customer. Special price to clubs, restaurants, hotels, etc.—Bain & Adams.

SAFETY DEPOSIT BOXES

To rent at \$2 a year on upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables. TRADERS BANK OF CANADA.

OBJECTED TO ADJOURNMENT.

Case Against "Ti" Allen Stands Until To-morrow.

Perjury Case Against Burrs Also Stands Over Again.

"Jim" Livingstone, Mentally Deficient, Is Being Held.

Police courts have a similarity to stock exchanges in the matter of fluctuation. The business of the latter may soar into a high altitude of premium some days, while on others it may drop into the shallowness of discount. So in the police court, some days the cases are so numerous and serious that moralists become alarmed at the state of society, while on other days the cases are few and of a trivial nature. To-day's court was neither light nor serious, it was a medium, not of the happy kind, for rays or that scarce commodity seldom gain access into the courts where justice is dispensed.

"We are not ready to go on with the case till to-morrow," said Chief Smith. The case referred to was William ("Ti") Allen, accused of cutting and wounding Charles Flynn on the night of Sept. 6. "It's a mistake. This case should not have come on to-morrow," said the Chief.

"Why are you here to-day?" asked Crown Attorney Washington of M. J. O'Reilly, K. C., for the defence. "Because we were called. It is down on the remand book for to-day."

"It is a mistake, then," said the Chief. "It was remanded for eight days," quoth the Magistrate's clerk. "Let me see what I have down," said His Worship. "He was remanded for eight days. This case is not due till to-morrow."

The lawyer for the defence objected to repeated adjournments, saying the private prosecutor had been out of the hospital for over a week, and the police knew that. The case will be heard to-morrow.

The next case of repeated adjournment raised the ire of that eminent counsel, A. M. Lewis, who appeared for Henry Burrs, who was up again on a charge of perjury in a case that was heard last May, particulars of which were given in the Times last Saturday.

"We want a remand till Saturday," said the Crown Attorney.

"Why?" "Because the two chief witnesses are unable to get away till then. They work in the Steel Plant and the entire plant must be closed down if they leave."

Mr. Lewis, for the defence, continued to protest, but the remand was granted.

"Fong Lee! Fong Lee!" called the sergeant at the desk. "Fong Lee! Fong Lee!" called several constables, and the cry was taken up all over the building, and from attic to basement echoed the name of "Fong Lee! Fong Lee!" But no Chinese came forward. His name was down on the roster as complainant in an assault case.

"Where is the Chinaman?" asked His Worship. "He has not come," said Sergt. Bainbridge. "What's that; he is not coming?" "No, sir; he has not come."

"All right, see that he comes to-morrow if he wants to go on with the case. If he does not appear it will be dropped."

Doctors have examined James Livingstone and have found him to be mentally deficient. He was up again this morning and, besides wearing a look of imbecility, he wore a two weeks' growth of whiskers, which made him look more than ever a fit candidate for the funny factory on the mountain.

He was remanded for a few days.

"Bud" Protich acted as mediator for Frank Bunda, who yesterday was in a state of inebriety. Bunda did not appear, but it was defendant's first offence. The case was dismissed.
