oed's Sarsaparilla builds up the shatt

Hood's Sarsaparilla bulles up the anator-ed system by giving vigorous action to the digestive organs, creating an appetite and purifying the blood. It is prepared by modern methods, possesses the greatest curative powers, and has the most won-derful record of actual cures of any medi-cine in existance. Take only Hood's.

Hood's Pills are purely, vegetable and do not purge, pain or gripe. 250

The 15th annual public meeting of the Charlettetown conference of St Vincent de Paul Society, was held in St. Dunstans Cathedral on Sundsy afternoon. There was a fair atteneance. The Secretary and Treasurer's reports for the past year were read showing the good work done for the poor in this city. The receipts from all sources amounted to \$414.32 and the expenditurers was \$392.48 leaving a a balance on hand of 21.48. About one hundred tons of coal was distributed besides a large quantity of cash and provisions. The Secretary report of the Ladies branch was also read. This seciety furnishes clothing, boots and shoes, etc., to the poor children. They have expended for same upwards of \$'00. The collection taken up amounted to \$7.30.

The officers for the genium year are interested to the rest, as our space is crowded. They can make no mistake in following our advice and the places to buy. ed for same upwards of \$'00. The collection taken up amounted to \$7.30. The officers for the ensuing year are: Spiritual director, Rev. D. B. Reid; President Prof. Caven, Vice President Patrick McCarey; Treasurer, Senator Me. Donald; Asst., James McIssac; Secretary A. E. McEachern; Asst., Secretary Thomas Cullen.

The lecture was an excellent one. The Ray. lecturer pointed out the disabilities Catholics labored under before the sime of O'Connell, and graphically skatched the great Liberators' heroulain labors on behalf of his countrymen, his advent to public life against the greatest adds, bis entrance to Parliament and his subsequent career in that body, as well as the growning glory of his parliamentary labors, Catholic Emancipation. The lecture was interspersed with many humorous anecdotes and witticisms of O'Connell.

President McGuigan, presided, and at the close of the lecture a vote of thanks was moved in a vigorous and appropriate speech, by Rev. M J. McMillan, seconded by Jas. H. Reddin, Esq., and carried unauimously. This is the first time the Rev. Dr. appeared on the lecture platform; but the specess which erowned his effort has, we feel sure, created a desire among three who listened to him, to hear him soon again.
