The New Loan.

In the Daily Mail of July 11th is an advertisement of the Prospectus of the issue of the Newfoundland new loan of 2 1/2 per cent. inscribed stock. The issue price to the public is £97-10-0 per cent, payable £5 per cent. on application; £10 per cent. on allotment; £25 per cent. on 15th September, 1910; £57-10-0 per cent. on 15th November, 1910. Accompanying the prospectus is a copy of a letter from Premier Morris to Messrs. Glynn, Mills, Currie & Co., dated 24th June, 1910. It runs as follows:—
COPY OF LETTER REFERRED TO.
London, 24th June, 1910.
Messrs. Glynn, Mills, Currie & Co.,
67 Lombard Street, E.C.

Gentlemen,—In connection with the proposed issue of £800,000 Government of Newfoundland 2 1/2 per cent. inscribed stock, for which you are authorized to receive subscriptions, I beg to state on behalf of the Government that:—
The average Annual Expenditure for the 10 years ended 30th June, 1909, was £2,478,726.
The average Annual Expenditure for the same period was £2,388,242.
The average Annual Expenditure over Expenditure for the same period was 904,840.
The average Annual Surplus of Revenue for the same period was 90,480.
The Revenue for the Fiscal Year ended 30th June, 1909, was £2,110,234.
The Revenue for the Current Fiscal Year is estimated to reach £3,380,000.
The Surplus for the Current Year is estimated at £450,000.
Out of the Surplus Revenue of £450,000 mentioned above, \$500,000 has been set aside and is on deposit as a liquid reserve. The balance of the Surplus Revenue has been expended on public works.
The proceeds of the present Loan will be applied to the building of five Branch Lines of Railway, about 200 miles in length, to connect with the Main Trunk Line of Railway between St. John's and Port aux Basques; the building of such Branch Lines has been authorized by Parliament. (10 Edward VII, Chap. 12).
The financial position of the Colony is eminently satisfactory and its material interests are steadily improving. Large investments of capital have recently been made in developing the Pulp and Paper industry in connection with the immense Timber resources of Newfoundland. The same remark applies to the extensive Oil deposits which are being opened up, and the Mineral and other resources of the Colony are also attracting considerable attention.
I am, Gentlemen,
Your obedient servant,
(Sgd.) EDWARD PATRICK MORRIS.

At the head of the advertisement the following notice appears:—
The subscription list will be closed on or before Thursday, 14th July, 1910.

From this it appears that a day intervened between the closing of the list and the Windermere message which stated that the underwriters were left with 93 per cent. of the issue on their hands. In other words, £744,000 out of £800,000 bonds had not been bought by the public.

In the Times of July 15th the price at which business was done the day before with the listed Newfoundland 2 1/2 per cent. is given officially. The business of course was with the old issue of 3 1/2 per cent. stock which have been listed on the London Stock Exchange for some years. These latter have the same earning power as the new 2 1/2 per cent. and are also backed by the same security, viz. the Revenues of the colony of Newfoundland.

On Thursday, July 14th, 1910, the day on which the subscription list of the new issue was closed, they are officially quoted at 92 1/2 per cent. This affords ample reason why the public refused to buy up the new issue at 97 1/2.

Mr. W. Carey Drowned The Body Recovered This P.M.

This morning it was reported to Sergt. Mackey that Wm. Carey, aged 26, adopted son of Mr. Gus Carey, of Kiekham Place, was missing, and the belief is that he was drowned over Harvey & Co's. eastern wharf. The man left his house at 8 o'clock Saturday evening after making his toilet to take a dress up Water Street. He was a teamster with Messrs. Harvey & Co., and a fellow employee named Simon Duffit saw him on Water Street near the Royal Stands between 9:15 and 9:30 Saturday night. He appeared then to have had partaken of some liquor, and after being driven by Duffit there was no further trace of him until Mr. Whalen, the watchman at Harvey & Co's premises, picked up his cap near the head of the pier yesterday, and near it was a bottle. The cap was brought to his home and identified by members of the family. To-day his body was found by Inspector Collins, Sergt. Mackey and others investigated, and John Grouchy and another man are using jiggers on the pier opposite the spot where the unfortunate man's cap was found. The police took it on a stretcher to the morgue where relatives of the deceased identified it.
