The thousands who have come and gone away satisfied have spread the news till now it seems that all St. John's knows that the most heroic price cutting ever attempted in this city has been done in this Store.

We doubt very much if the ladies of St. John's have ever been offered an opportunity that means so much to the pocket-book as this Sale. With the prices on all kinds of manufacturers' cottons and linens advancing every day, you can readily see that this Sale means even more than it has for years to those who care to save.
