TO-DAY'S MESSAGES.

BOTH LEADERS DENY.

TORONTO, Nov. 27. In reply to a letter of Secretary Mc-Neil of the Great War Veterans' Association, alleging the existence of conspiracy to make Sir Lomer Gouin Premier of Canada, through a Coalition, after the general elections, having as its purpose the looting of the Canadian National Railway System, MacKenzie King, Liberal Leader, says such a Coalition would meet with his most active opposition. Mr. King declears he has the utmost confidence in the loyalty of all Liberal Canadidates in Quebec Province, and adds, "persistent circulation of such rumors owe their origin, I believe, to a natural desire on the part of the conservative party to pave, formed after the election, any kind of a Coalition, which would afford to members of that party continued participation in control of the Government, and to create on interval for party ends of distrust and dissension." Premier Meighen has also written McNeil, stating that he is being loyally supported by the candidates of his party, and declaring that no combination or manoeuvre will turn him from his course. The Premier's reply says, "your telegram alleges alliance between Sir Lomer Gouin and Quebec Liberals, Canadian Pacific, Bank of Montreal and Wall Sreet Interests, for certain purposes, including a change in the present plan of operating National Railways by business Boards. There is ample evidence that Gouin and leading Quebec Liberals are detrmined in the transfer or disintergation of the present National Railway system. Proposals of Lord Shaughnessy on same subject have been expressed in a memorandum made public. Whether the downfall of MacKenzie King, as leader, is also sought by Sir Lomer Backed by Quebec Liberals is for them

OTHER DENIALS.

MONTREAL, Nov. 27. Sir Lomer Gouin sent the following to McNeil, "There is no truth or foundation whatever in the story mentioned by you, the whole of which I emphatically deny." President Beatty of the Canadian Pacific Railway wired Mc-Neil "Cannot imagine anything more ridiculous than that the rumours you state are current. The Canadian Pacific has not attempted to influence the course of events in the present elections, nor has it directly or indirectly sought to initiate any plans for future railway policies.'

DUBLIN. Nov. 27. A big demonstration of Women's Workers Organizations was held this afternoon in protest against threatment of political prisoners, and to demand their release.

"ABSOLUTE NONSENSE," ASSERTS MITCHELL.

MONTREAL, Nov. 27. McNeil's telegram was denounced as absolute nonsense by Hon. Walter Mitchell, candidate in St. Antoine Division addressing a women's meeting last night. Such conspiracies had their birth in the imagination of some diseased brain, he added.

KILLED AND INJURED.

NEW HAVEN, Conn., Nov. 27. A fire, which broke out beneath the stage of the Rialto Theatre here, spread so rapidly that some persons are believed to have died before they could leave their seats. In the panic which ensued persons jumped from the balcony, and many were trampled in the aisles, which jammed, as the audience struggled to leave the building. Over eighty injured were taken to hospitals, and at least four persons lost their lives. Burning incense on the stage in connection with a motion picture presentation is believed to have started the fire.

NEW NOTE TO FRANCE.

LONDON, Nov. 27. The British Government has handed a new note to the French Ambassador here, reiterating, it is understood, the British desire for further explanation of the terms and purposes of the separate treaty made by France with the Turkish Nationalist Government at Angora. The British position is that France, aside from dealing a severe blow to Allied solidarity, by negotiating the Angora treaty, have caused the Turks to assume a highly uncompromising attitude, which is likely to render difficult any mediation with Greeks on moderate terms. Official circles indicated that they did not expect the latest note to result in maerial progress towards a settlement in the Near East, or the restoration of full harmony in policies of Britain and France, with regard to that area.
