French Government

BRINGS DOWN THE COST OF LIVING.

The French government at a special cabinet meeting held on September 19 for the purpose of studying the high cost of living problem decided to make the following reductions in the existing import tariff for foodstuffs:-Pork, ham, sausages and other pork products, cheese, barley and rice and preserved vegetables, 50 per cent.; butter, 50 per cent.; condensed milk, 66 per cent.

The Ministers of the Interior, Agriculture and Commerce, according to advices received by the Bankers Trust Company from its Foreign Information Service were also asked to ly drawn up by the Retailers' Federation and other representatives of the food trades, which embodies many important suggestions for combating the cost of living such as the encouragement of co-operative societies which would enable small traders to buy at lower rates, the reduction of ia: Iway rates for the transportation of necessities and the complete suspension of customs duties on same. The Retailers' Federation also advocate a suspension of the eight hour law in food trades so as to stimulate production.
