THE DUCAL PARTY

London, Sept. 6.—The Pall Mall Gazette this evening states that Prince Arthur of Connaught will receive signal honor in the shape of a dukedom on his return from his visit to Japan, where he represents the King at the coronation ceremonies. It is probable that his title, which will carry with it a seat in the House of Lords, will be that of Duke of Kent, thus reviving the title of the father of her late Majesty Queen Victoria.
