HARMONY IN CAMP.

Shanghai, Sept. 10 .- The Taku steamer, which has arrived here, brings reports of the latest events in Pekin. These advices are to the effect that the greatest harmony prevails among the officers of the allies, who treat each other with extreme courtesy, and that the soldiers are living as though members of one army. Late arrivals say that if any clash occurs during the occupation of Pekin it will be brought on by the diplomats in Europe, and not by the soldiers in the field.

AN HISTORIC EVENT. The march through the palace was a histon sevent. Every army was represented. The Russians led, and the troops of other nationalities followed in the order previously reported by cable. A Russian band and the Sikhas' bag-pipes played national airs while the troops filed through the grounds and buildings. There were many eunuchs attached to the palace remaining, and they stood by looking as though they were attending a funeral. They were evidently deeply humili-

AFTER THE PROCESSION.

After the procession, which began to move at 8 o'clock in the morning, and was an hour and a half in passing through the grounds, a party of civilians, including the legation ladies, and some prominent missionaries, were admitted. Tea was served to them, and the palace was inspected. The most remarkable feature of the buildings are said to be the gilded exterior staircases carved from single stone, with dragons, lions, and other ornaments. The empress' bed is trimmed with solid

After the inspection the palace gates were again closed, and no one was permitted to enter the grounds. The troops arriving here are for-warded to Pekin as fast as they land. The ministers remain in Pekin.

If the nerves are weak and exhausted, and you lie awake, longing for morning to come, you know that you will arise tired and worn out, and one day nearer to nervous collapse, nervous prostration or paralysis.

Sleeplessness, irritability, headache, neuralgia, loss of energy and ambition, confusion of the mental powers, and feelings of lassitude and despondency are among the indications of an exhausted nervous system.

The first thought is to take some opiate to induce sleep, a grave error, indeed, against which many nervous and physical wreck could warn you. There is no rest, no restoration in sleep, or rather unconsciousness, produced by opiates, and the deadening effect on the nerves merely hastens paralysis or prostration.

The most natural and most thorough nerve restorative obtainable is that which is known as Dr. Chase's Nerve Food (pills). Dr. Morrison, the Pekin correspondent of the Times, wiring Aug. 31, confirms the reports of the treachery of the Chinese Government and the issuances of imperial decrees ordering the extermination of foreigners. Conservative Mass Meeting in

Sir Charles Tupper, Hugh John Macdonald and Mr. Foster-Nomination for Richelieu.

Montreal, Sept. 11.—The Conservative rally last night in Windsor Hall in honor of Sir Charles Tupper, Hon. Hugh John Macdonald, and Hon. Geo. E. Foster, was a great success in point of numbers, the building being packed and hundreds turned away. The interior of the hall was handsomely decorated with flags and mottoes bearing the in-scriptions: "Welcome to Our Chiefs," "Tupper, Macdonald and Reciprocity in Preferential Trade," "The Macdonald Welcomes Its Founder's Son," "Can-ada's Young Men Are With Canada's Grand Old Man." Mr. D. A. McCaskell, president of the Sir John A. Macdonald Club, occupied the chair, and read an address welcoming the leaders.

Sir Charles Tupper, who was the first speaker, was greeted with hearty applause. He said the Conservative party met the electorate without hesitation, and with the strongest conviction that every honest, patriotic and intelligent man would not find it difficult to decide which party was best entitled to their confidence. If they wished a sure test they had only to realize that in all the great measures involving the prosperity of Canada, the Conservative party had been right. He said that he challenged the Liberals to show any policy or set of principles to which they had adhered for any length of time After attacking protection, the Liberals had gone back on all their declarations. He (Sir Charles) had proposed the policy of peferential trade in a speech at Montreal, and soon afterwards Laurier had come out indorsing the policy. But after he had returned to power and had gone to England, Sir Wilfrid had turned his back upon the policy. He charged Sir Wilfrid with having shamelessly betrayed his country's interest on that occasion. The policy of the Conservative party

was to build up a great united empire by a mutual preference between the From Shanghai comes a report that if Hung Chang has dispatched an urgcame at the coming election there

Sir Charles spoke for an hour and a quarter.

Hon. Hugh John Macdonald, when the applause which greeted him had subsided, spoke of the friendship that had existed between his father and Sir Charles Tupper, who were generally known as the Siamese twins. Mr. Macdonald gave reasons for his belief that the Liberals would be defeated at the polls. The present campaign, he said, was being entered upon by the Conservatives under totally different auspices. The breaches in the ranks were closed, and the party was under the leadership of a man in whom everybody had confidence. He was just as confident of winning now as he was before the last election in Manitoba. After the ballots were counted his honored friend, Sir Charles Tupper, would be prime minister of Canada, and the Liberals, now utterly discredited, would be again relegated to the shades of opposition for a long period.

GOT AWAY.

It is reported that ex-Presidents Kruger and Steyn have fled, and that Gen. Hamilton is in pursuit.

The colonial office says that the British government issued a notice in South Africa on Saturday, Sept. 8, to the effect that every concession granted by the late government of the Transvaal Republic will be considered by her majesty's government on its merits, the British government reserving the right to decline to recognize or to nullify any concession. The commission having the matter in charge will begin its sittings Oct. 1.

BADEN-POWELL'S POSITION. A dispatch from Pretoria says: Gen. Baden-Powell has been appointed chief of the Transvaal police.

London, Sept. 11 .- A dispatch from Rietfontein says that when the British captured Lydenburg the Boers were completely out-maneuvered. They bolted through the village in the direction of Pilgrim's Rest. Gen. Hamilton ontflanked them on the right, causing them to evacuate their strong posi-tions. They abandoned some of their artillery, and shelled Buller's force to cover their retreat. Their projectiles fell short, and the British sustained no casualties. Gen. Botha was chagrined over relinquishing the strongest posi-tion the Boers have held since they kept the British at bay at the Tugela

A dispatch from Lord Roberts, dated Belfast, Sept. 6, describes the opera-tions preliminary to the capture of Lydenburg. Gen. Ian Hamilton was clearing the way for Buller's column, which was driving the enemy before it. Gen. Buller had sustained a loss of two wounded. The dispatch says: Gen. Hildyard's troops occupied Wakkerstroom on Sept. 5, the Boers, under Commandant Joshua Joubert retiring. The British had one killed and two wounded. The enemy continues to fire upon trains. They are very pe their efforts to derail trains and destroy the lines. Scarcely a day or a night passes without accidents. Recently the Boers shot a driver and injured a stoker. Last night the Pretoria-Belfast train was derailed and the engine dynamited. The Boers opened fire, but there were sufficient soldiers traveling to drive them off.

BRAVE FATHER O'LEARY. Father O'Leary, the respected Roman Catholic chaplain of the Royal Canadian Regiment in South Africa, has arrived in London, and is now in Charing Cross Hospital. Father O'Leary had a severe attack of dysen-tery in South Africa, following enteric fever, and although well on the road towards recovery and anxious to re-main at the front, the army authorities insisted upon his making the trip to England on three months' leave. Father O'Leary is in good hands in London. Both Lord Lansdowne and Lord Strathcona have called upon him in hospital, and as the fame of the plucky priest who got into the fighting Paardeberg and elsewhere has preceded him, Father O'Leary oids fair to be lionized in London. One of the first acts which he did on arriving at the metropolis was to place a wreath of South African silver leaves on Wolfe's monument in Trafalgar Square.

Mr. Burdett-Coutts, M.P., who has gained considerable notoriety in connection with his exposure of the alleged hospital scandals in South Africa, will entertain a large party of Canadians and Australians, invalids from South Africa, at his country residence, Holly Lodge, tomorrow.
