DESTRUCTION OF G. T. P.

C. Smelters Will Suffer Loss Under Sunday Observance Bill.

OTTAWA, April 9.—(Special)—

The postmaster-general today presented to the House the report of the investigation made by secretary Smith of the post office department and Chief Post Office Superintendent Ross into the workings of a free delivery service. The report states that the two officials went to Washington last year to investigate the system works in the States, according to present plans and at rates of pay, the cost of the service in the United States this year certainly not be less than from \$50,000 to \$100,000, while the cost in Canada would amount to millions of dollars and the investigating committee do not think the time has arrived for a Canadian post office department to upon a rural free delivery service.

Last year's homesteaders in the British West, 3271 were Canadians, from the United Kingdom and 23 from the United States. In previous years the Canadians from Great Britain and 8053 from the United States.

Inspection of apples took place upon inspection of apples. Incidentally government provided for publication of the statement that Straker, publisher for Wentworth, shipped apples marked to England. This was fully reported in the Globe and the advertisement of the adulteration of the syrup. Hon. Mr. Templeman the matter was referred to the committee and prosecution would follow if it was found that Straker had adulterated the syrup.

Mr. Crockett (York) tackled the argument for factoring out its share of the construction of the Grand Pacific and Moncton, Quebec, and west of Lake Superior Junction and Winnipeg. Mr. Borden asked whether the committee had come to any conclusion regarding tenders for the road between Winnipeg and the coast. From the latest reports it appeared the tenders were already divided on the matter. Hon. Mr. Fisher, who was leading the case, could not relieve Mr. Borden's anxiety.

A meeting of the Sabbath observance committee today, Duncan asked the committee whether the adoption of the bill as it would compel smelters to suspend operations on the Sabbath. The members of British Columbia were of opinion that it would cause a great deal of trouble. Mr. Fisher, who was leading the case, could not relieve Mr. Borden's anxiety.
