

The Doctor's First Question
 "How are your bowels?" This is generally the first question the doctor asks. He knows what a sluggish liver means. He knows what a long list of distressing complaints result from constipation. He knows that headaches, bilious attacks, indigestion, impure blood, and general debility are often promptly relieved by a good liver pill. We wish you would talk with your own doctor about this subject. Ask him at the same time if he approves of Ayer's Pills. Do as he says. J.C. Ayer Co., Lowell, Mass.

CANADA FIRST

Despite all the assertions which have been published in the press, both in Canada and in the States, it seems desirable that it should be distinctly emphasized, once for all, that in all the negotiations which have taken place between the representatives of Canada and the United States, the guiding principle has been Canadian rights above and first of all.

While this can be confidently asserted, it can also be stated that there has been no serious difference of opinion between the conferees as to the changed conditions of the two countries within the past decade.

There were days when Canada was a supplicant to Washington. Those days happened under both Conservative and Liberal rule; and there was justification in those days, when population was stagnant, when trade did not progress.

But times have changed since ninety-six and now Canada comes to negotiations with a different spirit. Whatever may be the result of the present negotiations, the people of Canada may be assured that the principle which is guiding Sir Wilfrid Laurier and his colleagues is that of Canada, first, last and all the time.

AN LOTTERY HALLUCINATION

A lot of hysterical old women in masculine costume recently succeeded in working up a mad dog scare in Ontario. The consequence was that every animal of the canine species in the province became an object of suspicion and dread. It was chased and hounded until its life became a burden, a "dog's life" literally. The poor persecuted brute naturally took

to snarling and snapping at every man, woman or child who crossed its path. Hysterics placed emblems between it and the sons and daughters of men, whereas the nature of the one is to be ever the best of friends with the others. The spectre of hydrophobia stalked abroad. Scores of cattle alleged to have been affected with the terrible disease were slaughtered, after learned veterinarians had passed upon the symptoms, said to have been developed, looked wise and pronounced judgment. Dozens of frightened human creatures who said or dreamed they had been bitten by mad dogs which "frothed at the mouth and looked ferocious" were consigned to the Pasteur Institute at New York to be treated for rabies. The Ontario government made provision for the creation of an institute for "pasteurizing" the victims of mad-dog epidemics. A government order was passed making it obligatory upon all dog owners to muzzle their pets or their companions. A few newspapers demanded that every dog should be shot on sight. Just when the fureur had reached its height and the workers in leather of the good province were doing a healthy business, it occurred to some practical minded individual to have the case of this poor oppressed and persecuted dog diagnosed by a real expert. Then it was discovered that the alleged epidemic of rabies was merely a mild form of canine disease, known as "dismember."

This is a true and authentic account, without the slightest attempt at exaggeration, of the terrible epidemic of hydrophobia in Ontario. Which reminds us of the wisdom of the judgment of the sage who proclaimed in effect, "I become acquainted with men, the more exalted my opinion of dogs."—22.

THE LAST RESORT

When all else failed, the Doctors said, "try Fruit-a-tives"

And "Fruit-a-tives" cured Mrs. Cadieux

PLANTAGENET, ONT., JANUARY 31st, 1910.
 Backache and General Breakdown. I failed from 125 pounds down to 80 pounds, was confined to bed for eight weeks, and was unable to eat or keep anything on my stomach, vomiting nearly all the time. I expected to die, and took many remedies as well as employing different physicians. The doctors said they could do nothing for me and, as a last resort, one of the doctors told me "to try Fruit-a-tives—if they would not cure me, nothing would."

Mrs. LAURENT CADIEUX

My husband bought "Fruit-a-tives" from Mr. Arthur Kolesar, merchant of Plantagenet, and I started taking them at once, and inside of ten days, I was able to leave my bed. My stomach got strong and I could eat and retain my food. I gained rapidly and soon had my weight back again, and today I weigh as much as ever, 125 pounds.

Mrs. LAURENT CADIEUX.
 Even the doctors are recommending "Fruit-a-tives." They realize now that these wonderful fruit juice tablets will positively cure all Stomach Troubles, Indigestion and Dyspepsia—and they are using "Fruit-a-tives" in their practice.

Few people realize the vital importance of keeping their blood pure. Impure blood is the chief cause of Stomach Trouble, because it is from the blood that the stomach obtains the fluid which digests food. When the blood is laden with impurities, the dissolving fluid (or Gastric Juice) will be impure. These impurities may come from a congested liver, from constipation, from weak "digestive powers" and "pepsin tablets" will not cure the trouble, because they only help to dissolve the food—they do not go to the seat of the trouble. "Fruit-a-tives" is the greatest remedy ever discovered for all forms of Indigestion, Dyspepsia and other Stomach Disorders, because "Fruit-a-tives" is unequalled as a blood purifying medicine. "Fruit-a-tives" acts directly on the liver, regulates the bowels, strengthens the kidneys, stimulates the skin, and thus rid the whole system of all impurities. "Fruit-a-tives" will positively cure you of any kind of Indigestion. "Fruit-a-tives" is sold by all dealers at 50c a box, 6 for \$2.50 or trial size, 25c. If you are unable to obtain "Fruit-a-tives" conveniently, do not accept substitutes but send to "Fruit-a-tives" Limited, Ottawa and the regular size packages will be mailed you, postpaid, on receipt of price.

Horsemen Attention!

Dr. J. Woodbury's Horse Liniment and Dr. J. Woodbury's Cough Powders will save and preserve the life of your horses. They cure Cough, Colds, Distemper, Colic, Glanders, Spavin, Fink Eye and all diseases of the Horse.

Dear Sir: One of my horses had a bad cough and I made a complete cure with three bottles of Dr. J. Woodbury's Horse Liniment. The cough was of twelve months standing. In my large experience with horses, I consider this liniment to be the best made for all diseases of the horse, and I recommend it to my friends.
 E. J. Anderson.

BEAR RIVER, N. S.
 Dear Sirs: We do not hesitate in recommending your Dr. J. Woodbury's Horse Liniment. We have used it in the woods for coughs, colds, distemper and cuts, and would say that no lumberman should be without it.
 Yours truly,
 Clarke Bros.

UNION BLEND TEA

the Tea that satisfies

YOU are the best judge of how much Union Blend Tea is worth—but you can't pass an opinion until you have tried it. You are in no position to say—as I say—that it's worth 40c a pound because it goes easily half as far again as any 20c tea. You don't know the truth of that until you use it for yourself.

But that's a fact. Sixteen ounces of Union Blend will make as much tea as twenty-four ounces of any ordinary kind. And not only as much tea, but better tea—tea that is more fragrant than has more aroma, more smack to it.

There is only one way for you to prove this—buy a pound and try it. Or if you are in doubt, let a half pound packet tell the story. Your own taste will convince you if you will give it the opportunity. Look for my picture on the end of the packet.

40c

Union Blend one pound packets—the sound packets only—each contains 16 ounces that are worth money to you. But this is only the first advantage. The tea itself is worth the price, fully.

I Take all the Risk

THERE would be no sense in my spending thousands of dollars in advertising if I couldn't back up what I say. If you try Union Blend and don't like it, I am worse off than before, for I can never get you to try again. To make money, I've got to make satisfied customers—and I do. Of all who once buy Union Blend ninety-five per cent. continue to use it. You know what that means, don't you? What will your decision be?

ANTI-PROFANITY CLUB FOR RAILROAD MEN

G. T. R. Officials Agree That There is Too Much Swearing, and Society Might do Good

KINGSTON, Mar. 9.—R. R. Logan, assistant to the second vice-president of the Grand Trunk Railway, has written George Buskin, who had entered a complaint, that he agrees that there is too much bad language used and especially about railway premises, and that an anti-profanity organization might be of some service in limiting the habit.

If you will undertake to organize such a society, I am sure the majority of right thinking railway men, as well as other people, would be glad to support any reasonable steps taken by such a society to restrict this foolish and growing habit, wrote Mr. Logan.

Are you frequently boomed? Do you have that annoying feeling in your throat? Does your cough annoy you at night, and do you wake up in the morning? Do you want relief? If so, take Chamberlain's Cough Remedy, and you will be pleased. Sold by all druggists.

FIFTY SIX KNOWN DEAD IN DISASTER

VANCOUVER, Mar. 9.—The latest revised lists show the names of fifty-six men who were killed in the disaster at Rogers Pass Friday night. Every white man who lost his life has been placed on the roll and the only unfortunate still to be named are five Japanese.

Up to the time the rescue gangs left on Monday afternoon, twenty-one bodies had been recovered.

Fully nine out of every ten cases of pneumonia in women are caused by the muscle due to cold by damp, or chronic rheumatism, neither of which require any internal treatment. All that is needed to afford relief is the free application of Chamberlain's Liniment, give it a trial. You are certain to be pleased with the quick relief which it affords. Sold by all druggists.

COUNTRY STARTLED BY GASTLY STORY

Reported that Disembodied Body of Man Had Been Left in Trunk at Harvey Station

A ghastly story obtained great circulation over the eastern part of the continent yesterday. It was to the effect that the disembodied body of a murdered man had been found in a trunk at Harvey Station, N. B. Newspapers in American cities heard of it, and one Boston paper wired the St. John correspondent to rush the story at once.

As a matter of fact, the story arose in a simple, and at the same time, ludicrous fashion. A large trunk, containing slightly frozen meat, was placed on the station platform at Harvey Station. The meat thawed in the sun and a tiny trickle of blood oozed out of the trunk. Instantly there came reports of a gruesome tragedy with the result that Harvey Station obtained more notoriety in a few hours than ever fallen to its lot before.—Telegraph.

Your money back if Purify Flour does not prove entirely satisfactory in the baking.

DON'T simply buy flour from the dollar and centacle of it. Buy high-quality flour. That means PURIFY FLOUR. The first little extra cost is more than made up by the extra number of loaves of bread it makes by the superiority of the bread and pastry in sweetness of flavor and nourishing qualities. Buying Purify Flour is a safe investment. You get large returns, not only on account of Purify's ability to produce more, but because Purify contains the greater nutriment and the vim of a strong hard wheat flour. Food made from Purify flour gives the consumer health, snap and force, which cannot be gained from the use of the weaker soft wheat flour.

"MORE BREAD AND BETTER BREAD"

PURIFY FLOUR

You can buy as little as a 7 pound cotton bag or in 14, 24, 49, and 96 pound sacks. Also in barrels and half-barrels.
