Yarmouth-Boston S. S. Co.

Company will be in Possession of D.A.R. Boats by Sept. 1st of New Year.—A Yarmouth-New York Service Next Summer. A Boston paper, the Christian Science Monitor, of Thursday furnishes additional information respecting steamboat arrangements for the Boston-Yarmouth service. Possession, the article says, of the Dominion Atlantic Railway Steamship Line between Boston and Yarmouth, N.S., will be taken prior to the first of September by the Eastern Steamship Corporation, according to a statement today by Calvin Austin, president of the corporation. This action will follow the election of a new board of directors with Mr. Austin the probable selection as president. The old system of management under the Dominion Atlantic will be continued during the remainder of the year. The new management will not become effective before next spring. Two new steamers are to be built for this line to go into commission probably in the spring of 1914. A new service from Yarmouth to New York will be inaugurated next spring with the steamship Old Colony, now in the Portland and New York service of the corporation. No change will be made in the present schedule of the Dominion Atlantic steamers Boston, Prince Arthur and Prince George this year, but different sailing times will be put in effect next spring. The time of leaving Boston is two o'clock every day except Saturday and from Yarmouth every day except Sunday about six p.m. Atlantic standard time corresponding to five o'clock in Boston. The plans for next spring are for the steamers to leave this port at five o'clock in the evening and arrive at Yarmouth the next morning. The distance is about 240 miles, and will be covered in twelve or thirteen hours. The steamship Boston is now in reserve, but will be put in commission for additional sailings from Boston on Tuesday and Fridays at twelve o'clock and Saturdays following the arrival of the evening express trains from Halifax. The two steamers for the Boston and Yarmouth line will be of Scotch design, built in America and similar to the Harvard and Yale steamships, which formerly plied between Boston and New York. Mr. Austin says that he wants boats with plenty of stateroom accommodations. No change is to be made in the rates, says Mr. Austin. The new acquisition gives the Eastern Steamship Corporation a fleet of thirty-three steamers, the majority of which are new, comparatively, run line to the principal coastwise ports of the north Atlantic. It also increases the force of employees to 3,500. By adding the Yarmouth line to its system the Eastern Steamship Corporation has nearly completed a federation of all the important coastwise lines to the north of Boston, alone excepting the Plant line, which runs to Halifax, N. S., and Prince Edward Island. Says the Portland, Me., Argus—The Eastern Steamship Corporation, which lately acquired the D. A. R. Steamship line between Boston and Yarmouth, N.S., will take possession previous to Sept. 1st, and two new steamers will be built to go on the route by the spring of 1914. They will have large passenger capacity and will resemble the steamers Harvard and Yale. Next season a new service will be inaugurated between Yarmouth and New York, one of the steamers scheduled for the run being the Old Colony.

OBITUARY

MRS. FRANK SETTLE. On Wednesday last the sad news was received of the death of Mrs. Frank Settle, of Dartmouth, formerly Miss Annie Young, well known to Sunday School workers in Annapolis County and the Province. Last November she went from our midst a happy bride and was greatly missed in the church, Sunday School and Mission Band of which she was the President for some time. She was one of the faithful workers, always ready to do what she could. Her death was a great shock to the sorrowing family and friends. The remains were brought to Lawrenceton on Thursday and the funeral took place at the home of her parents, Mr. and Mrs. Hamilton Young, on Friday, 24 p.m., where a large concourse of friends and neighbors assembled. The services were conducted by Pastor H. J. Mellick, assisted by Revs. Mr. McIntosh, J. H. Balcom and Mr. Jones (Methodist). A favorite hymn "God will take care of you," was sung. Mrs. Ralph Shannon and Mr. H. W. Phinney sang a duet, "No night there." A solo was rendered by Miss Elsie MacPherson, "Our God knows best." The pupils of her Sunday School class sang very pathetically "O Love Divine," a tune which was sung by them at her wedding a few months ago. The floral offerings were many and beautiful. The pall-bearers were Messrs. Percy St. Clair Elliott, Clarence Longley, Frank Foster and Clarence Young, cousins of the deceased. She leaves to mourn a grief-stricken husband, a sorrowing father and mother, a devoted brother and sister, Dr. F. W. Young, of this town and Mrs. T. Elliott of Halifax, and a large circle of sympathizing friends. The funeral took place in Paradise cemetery. MRS. JAMES P. FOSTER. Mrs. James P. Foster passed away at her home at Port Lorne on Wednesday, July 24th, after a lingering illness of several weeks. She was eighty years of age and survived her husband seven weeks. Although she was confined to her bed for nearly two months, and suffered a great deal at times, yet she bore all her suffering with calmness and patience. She leaves one son Patterson, and one daughter, Mrs. Edward Sanford. The funeral services were conducted by Rev. R. M. Rundle. C. P. R. Express for Toronto was Wrecked. North Bay, Aug. 17.—The Winnipeg-Toronto express No. 4, east-bound, left the rails near Cartier, one hundred miles west of North Bay this morning. Details are not available, the wires being down, but it is known that Conductor Robert Lidkea of North Bay is injured. The Toronto express was speeding eastward in the early morning when the broken rail was struck and the entire train left the rails and plunged down the embankment. The first-class car suffered most, and many passengers were injured, but none seriously as far as can be learned. Some of the cars were smashed into kindling wood. The express car loaded with fish was reduced to small pieces.
