## THE LEMIRE STONE and STUMP EXTRACTOR

UNIQUE OF ITS KIND

Patented 1894.

Lifts a stone of 18,000 lbs.

Can raise, carry off, and put in a fence 4 to 5 feet high, the stones extracted. By buying this strong and durable machine you can build your fence with your large stones instead of buying barbed wire for fencing. You will also clear your land for your mower and binder. In order to raise a stone, use the lever, and the hooks will hold the stone as it rises. You can let it down in the same way, or you can let it fall at once by touching a ring that is in the wheel. The axle-trees of this machine are made of wood, and we will sell it without the wheels to those who have wheels with tires 3 to 4 inches in width. Several farmers can combine and buy one.

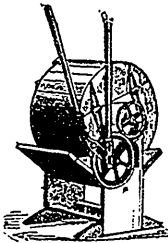

**PRICE - \$120**

Patent for sale. For full information address,

**AZARIE LEMIRE, Wotton, Que.**
