HAVE YOU READ IT?

The Anecdotal Life of Sir John Macdonald.

BY E. A. BIGGAR.

THE "Montreal Star," in the course of a column and a half article, says the book abounds in "interesting and amusing pen pictures of Canada's greatest statesman."

The "Toronto Mail" says "it will occupy a distinctive place in the literature relating to the late Premier," that it contains "an extraordinarily large collection of anecdotes," that the parts dealing with his early life "are particularly interesting and valuable," and that "most interesting of all is a fine portrait of his mother now reproduced for the first time."

The "Toronto Globe" (the great Reform journal) says that "whatever biographies of Sir John may appear it is not likely that any of them will quite fill the place of this," that the result of the author's work is "a bright and readable book," and that "the tone of the work is fair and candid."

The "Toronto Telegram" says that "from start to finish there is not a slow moment in the book."

Such are a few opinions of leading journals.

Paper edition 50 cents; handsome cloth, beveled boards, fine toned paper, \$1.25.
