

Karn Sales Talk Rings True

BECAUSE it is based on an unalterable standard. That standard is the quality of uninterrupted and satisfactory service. The substitution of any other aim would never have brought The Karn to celebrate its 50th anniversary—a tribute to Canadian industry and a credit to the musical life of the Dominion.

The members of the Karn-Morris Organization extend to the Piano Trade of Canada their best wishes for a very Merry Christmas.

The Karn commences 1918 meriting more than ever the descriptive phrase—"THE KARN IS KING."
