

Charles H. Ivey, R. W. Puddicombe, A. M. Smart, J. B. Shuttleworth and Thomas S. Hobbs ask permission to build a trolley, or such other electric railway system as shall be decided or agreed upon at London, Ont.

A young man who has suddenly jumped into prominence in the financial and electrical world is A. O. Tate, T. A. Edison's chief aide and manager of the Edison Manufacturing Company. Mr. Tate came to New York from a small Canadian village about nine years ago.
