MONTREAL MINING EXCHANGE.

Reported by W. I. Fenwick, Exchange Court, 10 Hospital Street. Bell Tel. Main 3035. Bell Tel. Up 1867.

MONTRE CHRISTO AND CANADIAN GOLD FIELDS ACTIVE — BIG THREE SELLS AT 10 — DEER TRAIL AT 20½.

Montreal, Nov. 13.

The demands for Can. Gold Fields and Monte Christo continued brisk at the opening session of the week, 19,000 shares changing hands, both selling at 8.

New from the Monte Christo mine has been of a most favorable nature of late, consequently the renewed activity and firmness exhibited in this stock.

Canadian Gold Fields has likewise enjoyed popularity of late and is looked upon as a good thing by its many friends, it was offered at 8½ at the close.

Big Three needs better support before it can hope to do better, it sold at 10 and 11 this forenoon, closing at 10 bid, 1500 shares being sold.

Deer Trail was a little off color, selling at 20½, 5000 shares changing hands at this price; at the present selling price it yields a substantial return to investors.

There is to be a meeting of the Noble Five Consolidated Mining and Milling Company to-morrow, it will then be decided what steps are to be taken in regard to the reorganization.

Golden Star was offered at 34; 33 being freely bid; it should be cheap enough at current prices.

It is expected that the general manager of the Winnipeg, Mr. Duncan McIntosh, will visit Montreal shortly; he speaks in glowing terms of the future prospects of the mines, large bodies of ore for shipping being in sight.

The demand for Rathmullen remains firm. Development work on the Maple Leaf, a property belonging to the Rathmullen Company, is progressing apace, new compressor plants have been installed.

Work on the Giant is being resumed. Like California, its neighbor it is a stock selling cheap and should be bought.

Mr. Tregear, formerly of the Le Roi mine, and now managing the Giant, asserts that shipping will commence before the end of the year.

The remaining business was transacted in Payne, which sold at 110, and Virtue, which sold at 43 and 44, the demand at the close of the session being in the latter case firmer, 44 being bid and 45 offered.
