TO THE CONGREGATION'L CHURCHES OF THE POMINION OF CANAD CWITH THEIR PASTORS AND DESCONS

DEAR BREIMRIN. The Dir stors of the Congregational Publishing Consany, impressed with the important second which the Canadian Independent newspaper can render you in your work, locally, as in-dividual churches, and also in the larger fellowship of the churches as a denomina-tion, appeal to you for continued and increased support.

The CANADIAN INDEPENDENT is maintained to explain and defend the distinctive principles of the Body, and to serve as a riedium of communication among the the them of communication among the charches, that each may know what the others are doing in their several spheres of labour, that the strong may help the weak, the vigorous encourage the struggling. That this may be efficiently done, pastors and deacons should systematically communicate church news to the Editor, and the members subscribe to the patter and nay for it in subscribe to the paper and pay for it in advance. The subscription is kept at the advance. The subscription is kept at the nominal price of one dollar per annum, that the paper may reach every family in the denomination. Thanks are due to many willing aorkers by whose exertions a most gratifying increase to the list of subscribers was secured during the past year. We anticipate their renewed efforts, and are happy to know that others are now working most energetically that a still larger in tease man be obcally that a still larger increase may be obtained in the new year. One pleasing feature of the past is worthy of mention, which is, that in several cases where NEW causes have been begun, the friends have made it a first object, that with the planting of the churches, the CANADIAN INDEPENDENT shall be introduced, to the families associating themselves together in church fellowship—a wise arrangement, the far reaching influence of which for good will be felt in the future. Were friends in other fields which HARPER'S MAGAZINE, One Year....... \$4 00 though begun years ago, are still in a feeble HARPER'S WEEKLY. 4 00 condition, to go and do likewise, the proba-bilities are that prosperity would be secured.

It is not too much to say that the churches ought to adopt the CANADIAN INDEPENDENT as an institution that is to be cared for, and sustained, as the Missionary Society, the College, and the Provident Fund in both its branches, should be cared for and sustained.

Brethen, let us earnestly urge that each church immediately appoint a canvasser, to care for the CANADIAN INDEPENDENT's interests, within the bounds of the congregaterests, within the bounds of the congrega-tion, by obtaining new subscribets, col-lecting subscriptions as they become due, noting changes of residence, irregularities in teceiving the paper, and, generally, taking advantage of opportunities as they may occur for securing the hearty support of all who can thus be reached. A deacon might be charged with a general oversight of this work. with a general oversight of this work. Ex-penses for postages and money orders may be deducted from collections so made. Subscribers ought to remit at once, as although the individual amount may be small, yet the aggregate is important. Specimen copies will be supplied on application, to introduce the paper where it may not be already known.

Another way in which our work can be supported, remains to be mentioned. The Company is incorporated under a General Act of the Province of Ontario. Its capital stock is \$5,000, in 1,000 shares of \$5 each. Up to this time less than one fourth of its stock has been subscribed. More is required to carry on our operations economically. In our churches there undoubtedly are many friends who upon a representation of the case, would take one or more shares of the stock. This we commend to them, as a means of useful-ness to the body at large, and hope that our appeal will be successful, because, on com-mercial (business) principles, having capital at command, the Company can make contracts for publishing, or purchase books for the Book Room, on more advantageous terms than when credit has to be sought.

In regard to the editorial management of the paper for the coming year, as already announced in the paper, the Directors have been successful in securing the servi of Mr. H. J. Clark, who has under-taken the office of Editor-in-chief, without salary, for the year 1880. We bespeak for him the hearty co-operation of the pastors and other church officers.

We remain on behalf of the Directors, Yours truly,

JAMES SMITH, A. CHRISTIE, President. Business Manager.

"THE MAGNETICON."

The Celebrated English Magnetic Appliances FOR THE CURE OF DISEASE.

CANADIAN OFFICE:

CHURCH STREET, TORONTO,

The Parsonage, South Caledon, August 25th, 1879.

Mr Thos. I Mason

DRAR SIR, -I in glad to report that the "Magneticon" obtained from you last May has been of immense service to me. After wearing the Belt and Sciatica appliance three days there was a marked improvement, and in from two to three weeks the pain had ceased. Since that time I have had no join of any moment, although much in the saddle and exposed to the weather. I look upon this cure as remarkable, having been a very troublesome case of Sciatics of over two and a half years standing. Heartily recommending the "Magneticon,"

I am yours truly,

FRANCIS WRIGERY,
Pastor South Caledon Cong'l Church,

EXETER, August 26th, 1879.

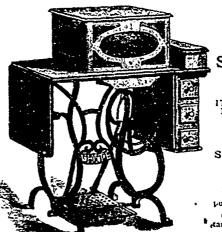

Mr Thos. !. Mason.

DRAN SIR, I informed you some time since of the benefit I had received from the "Magneticon" Chest Protector which you sent me from England, and having now given your Belt a thorough trial also, I am glad to say that it has quite relieved me of the weakness and pain so long sustained in my right side.

I have at the same time been carefully watching the effect of the "Magneticon" appliances upon a large number of others, being led to do so not only because of the benefit I had received but from their apparent adaptability to the requirements of such a diversity of cases, and the singularly good effects following the action of their gentle, constant currents of magnetism whenever applied. Among the instances thus poticed have been three cases of nervous and constitutional weakness, three cases of weak and affected lungs, two cases of neuralgia, two cases of bronchitis, two cases of swelling on the knee. four cases of lame back, rhotunatism, etc. With each of the persons thus afflicted I have had a personal acquaintance, and in almost every case there has been a decided cure. I have much pleasure in thus bearing testimony to the value of your appliances, and am Very truly yours,
S. JAS. ALLIN,
B. C. Minister.

Illustrated Pamphlets, containing Price Lists, Testimonials and all information are supplied free on application, or sent by post to any address. See also descriptive adv't in former Nos. of this paper. The Appliances are sent by Post or Express, to any address, on receipt of price. Abneses
