

# Where Does it Begin?

Is not a simple gastric derangement the precursor of most cases of Summer Diarrhoea in children? Are not the majority of these cases Dyspeptic in origin? Why not administer

## Lactopeptine

early? you may "nip it in the bud." By righting the digestion and supplying the lacking ferments do you not pave the way for subsequent antiseptic treatment?

Can any course be more rational?

Has any other line of treatment proved more effectual?

Samples and literature upon request.
