

**Twin City
Envelope Sealer**
Small Hand Size.

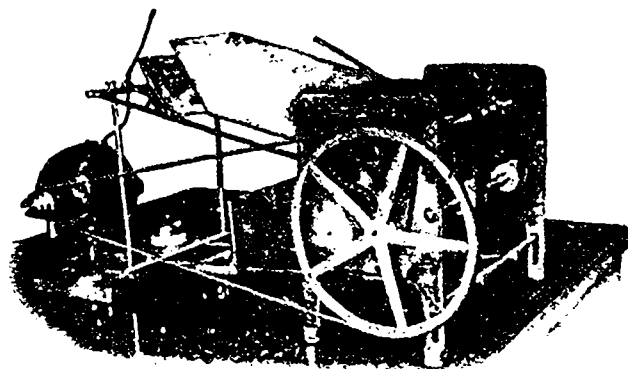

**Remarkable Labor-
Saving Device**

This simple and inexpensive machine ensures perfect sealing at the rate of 5,000 envelopes per hour with hand feeding. It will seal all standard sizes and shapes without adjustment.

Value, alone \$10.00; with Stacker, \$13.00

Opportunity for Canadian Capital

It is the intention of the Twin City Specialty Mfg. Co. to form a Canadian company to manufacture and sell the three sizes of Sealers in Canada, Great Britain and the Colonies. Mr. F. N. Jaynes, inventor of the small hand and intermediate machines, will visit Toronto in September to personally attend to the matter. Enterprising stationers will find this a splendid opportunity to get a share in an excellent proposition.

THE LARGE SIZE ENVELOPE SEALER
With Motor, Stacker and Automatic Feed Attachment.

The modern business office has lacked a proper device for quickly and neatly sealing the thousands of letters, circulars, price lists, etc., sent out daily by all first-class firms throughout the country. Something simple and cheap was needed, yet efficient and free from complicated mechanism though positive in its work, handling the various standard size envelopes without adjustment.

The Twin City Envelope Sealer meets all these requirements.

For full particulars with regard to these machines and the formation of the Canadian company, address enquiries to
