BEAUTIFY THE COMPLEXION. By using Murray & Lanman's Florida Water. It is the most healthful and safest of all cosmetics, containing no deleterious ingredients, being prepared solely from the rich floral perfumes of nature, unadulterated by any foreign substance whatever. It is suited for use by the blonde and brunette alike, imparting that beautiful, clear softness to the skin so much admired in the fair sex. By regular use at the toilet it tends to

PREVENT AND REMOVE WRINKLES, the softness of skin produced by its use taking away the natural inclination of the cuticle to form into ridges and furrows. Murray & Lanman's Florida Water is really the most delightful and efficacious of toilet waters, every thing entering into its composition being of the finest quality, and so combined as to secure their best effects. It never changes nor alters, keeping for any length of time, and in any climate, as delicate and fresh as at the moment of its preparation. It is also very extensively used as a dentifrice on account of the

EXQUISITE FRAGRANCE

SOFT WHITE HANDS. We believe that there is nothing will tend more to produce this effect than the constant use of Murray & Lanman's Florida Water mixed with the water in the basin? It removes redness and roughness. The ladies of Cuba and South America were the first to discover the extraordinary virtues of this floral water as a cosmetic, and after twenty-five years of everyday use, they have decided that it is the only fragrant distillation combining all the requisites for a safe and reliable beautifier of the skin, as well as an exquisitely delicate perfume. Probably the most distinctive feature of Murray & Lanman's Florida Water is its wonderful

REFRESHING POWER. The sense of small never tires of it, but rather seems to find a more intense enjoyment the longer it is accustomed to its use.

As these are counterfeits, always ask for the Florida Water prepared by Lanman & Kemp, New York. For sale by all respectable Druggists, Perfumers, and Family Goods Dealers.

VEGETABLE MEDICINES. By a species of instinctive feeling, the people of nearly all countries are greatly averse to those medicinal preparations which contain mineral substances amongst their ingredients. And yet, if the question was asked why they objected to this class of medicines, we presume few could give an intelligent answer. Nevertheless, the aversion is well founded.

All mineral substances, when taken into the stomach, are cumulative in their nature—that is to say, they remain either partly or wholly in the system and accumulate with each additional dose, until in many cases the result is death. For example, arsenic, although known to be a deadly poison, yet in certain parts of Switzerland is extensively used by the mountain guides as a means of giving them, vulgarly speaking "a long wind." But although it is thus beneficial for a time, the ultimate result is always death.

It therefore becomes evident that the popular dislike to mineral medicines is well founded, and it is doubtless a great measure to the entire absence of any mineral substance that the wonderful success of

BRISTOL'S SARSAPARILLA

in this country is to be ascribed. It is prepared from the best quality of the Sarsaparilla Root, with which are combined other cleansing, purifying, and healing roots, barks, leaves, and balsamic gums—the whole, without doubt, making the best depurative and most valuable medicine known to the faculty. The preparation of this great remedy is carried on under the personal supervision of the most scientific chemists and pharmacologists, and none but the choicest ingredients are ever allowed to enter into its composition. The result is, that its action is always uniform and reliable. Its effects upon the

BLOOD AND HUMORS. is to purge and purify them of every atom of disease, and to instill into the general system a degree of vigorous, natural life, that enables even the weakly and fragile to throw off and resist the attacks of disease. All old sores and eruptions of a scrofulous or syphilitic nature, all ulceroous diseases, Salt Rheum Carbuncles, Boils, Blisters, or Pimples are SPEEDILY HEADED

and removed, and a new elasticity and vigor given to the body that is indeed most agreeable. In every case when there is reason to suspect the blood and humors of being impure or vitiated from whatever cause, Bristol's Vegetable Sugar-coated Pills should be used in conjunction with the Sarsaparilla, as they carry off the impure matter, and a complete cure more rapidly effected.

G. L. ASQUITH & Co., 400 NOTRE DAME STREET.

THE undersigned begs to return his grateful acknowledgments to his numerous friends and customers, for their very liberal patronage during the past ten years. He would, at the same time, remark that while yielding to none other in the quality of his Medicines and the care with which they are dispensed, the charges will only be such as are compatible with a first-class article and a fair, honest profit. Being a believer in free trade in Physics, his store will be found equal to the wants of APOTHECISTS, HOMEOPATHISTS, ECLECTICS, THOMPSONIANS, &c., with all the Patent Medicines of the day. As certain interested parties have circulated a rumor crediting him with having an interest in other drug establishments besides his own, he takes this opportunity to say that it is simply untrue. Trusting that the favors of the past will be continued in the future, he remains Their obedient servant, J. A. HARTZ, Druggist, Glasgow Drug Hall, 400 Notre Dame Street. Montreal, May, 1870.

GRAY'S SYRUP OF RED SPRUCE GUM.

This Syrup is highly recommended for Coughs, Colds, Asthma, Bronchitis and Throat Affections. RED SPRUCE GUM has always been held in high estimation by the Natives of Canada, and was at one time in great repute, for Pulmonary Affections. Like a great many of our household remedies, its use was derived from the Indians who had the greatest faith in its virtues.

It has been customary to dissolve the Gum in High Wines and then take it mixed with a little water; but the quantity of High Wines swallowed in order to obtain any appreciable effect, is so large that it entirely destroys the Balsamic and Soothing effects characteristic of the Gum. In the above preparation it is offered, to the appreciation of the public, in the form of a delicious Syrup, with all the properties of the Gum preserved.

Prepared by HENRY R. GRAY, Dispensing Chemist, 144 ST. LAWRENCE MAIN STREET, MONTREAL. (Established 1859.)
