Satisfaction Guaranteed. Telephone 356, 02

AGENT FOR

The Burrill-Johnson Iron Company

Silver Moon Self Feeder and Model Grand Ranges.

How to Get The New Brunswick Magazine For One Dollar!

Many subscriptions will expire with the June number. The Magazine will be sent to any two addresses in Canada or the United States when \$2.50 is sent by a subscriber renewing, with the name of the **new** subscriber, thus permitting the old subscriber to get his copy for a year for one dollar. Any **two new subscribers** may also obtain it for one year by remitting \$2.50. As the usual subscription price of magazines devoted to historical matters is two dollars for a single copy, this offer is one which should induce many to send in their names.

The supply of sets of the first volume, July to December, 1898, is exhausted, and subscriptions cannot date back beyond December. July reprints may still be had at 30 cents each, and copies of the December double number at 25 cents each. Fifteen cents a copy will be paid by the publisher for the August, September, October and November numbers.
