

PREFACE

This Guide to Canadian Aerospace Related Industries presents a compilation of descriptive data on 153 companies located in Canada that have expressed interest in doing business with the United States Air Force. This Guide has been prepared with three main objectives in mind:

- a. To encourage Air Force Systems Command Project Officers to take advantage of the industrial capability of Canada.
- b. To engender interest within AFSC for participating in the US/Canada Defense Production and Development Sharing Programs.
- c. To encourage Canadian aerospace industry to take a more active role in presenting their capabilities to the USAF.

The companies profiled in this Guide represent a cross-section of Canadian industry and research facilities with capabilities that may be of interest to the USAF research & development and logistics communities. There are numerous guides to Canadian industry published in Canada by the Canadian Government and by various trade associations. A reference list of these publications is included in Section I.

Comments and/or suggestions concerning the format or content of this Guide are solicited. Questions concerning the US/Canada Defense Production and Development Sharing Program or the subject matter of this Guide should be directed to Lt Col Donald J Pearson, or Dr Robert L McKenney, Jr., AFSC Liaison Office; 110 O'Connor St, Suite #202; Ottawa, Ontario, Canada; K1P 5M9. Telephone contact can be made at (613) 593-7725 (commercial), or Autovon 676-6523.

The cooperation and assistance of the Canadian Department of External Affairs in the printing of this report is greatly appreciated.
