

I soon complete my twenty nine years active service, as a nurse -
Only one man in my life has ever charged me a fee for services
rendered and being a Mr Gill man, I feel tickled to death to
hold a accepted bill from him for professional services rendered.
If you want to know, who he is, get a ticket and a sheep
on the C.P. Reg and get off at medicine Hat and you will find
your Mr Gill Boy there!

I mean to throw into practice a Soldier's Sermon Sept. 19th 1915
and for my sacrament did they cast lots and offer my old duds
for sale with that accepted bill included. I shall put a
reserve price on that bill for as nurse claims the privilege
of a medical man's attention free.

Goose never finds goose, but I happened to land on Michaelmas
day, Sept. 29th and I sheep fed a Mr Gill Gander!

Yours Sir

Yours truly
