felt for a period of 20 years. Farmers are complaining that their wells and pastures are giving out, and city milkmen report their cattle to have suffered so much from the sun that two died yesterday.

— Koenig Bros., a firm of grocers, who have been in business about two years in Mitchell, are endeavoring to obtain a settlement. Liabilities small.

— J. R. Reid, of Chatbam, Ont., has been attached at suit of R. Service & Co. His liabilities are placed at \$8,500 and assets at about \$7,000.

— Messrs. Smith & Watson, metal spinners of Paris, whom we reported last week as having called a meeting of creditors, have since assigned, and it is not expected their estate will pay more than 75c. on the dollar.

— Alex. McKae, a storekeeper of some 10 or 12 years' standing at Wardsville, has been attached. Mr. McKae's previous record has been a very fair one, and we hear no reason assigned for his present difficulties. Liabilities are estimated at \$8,200.

— We notice with pleasure that the creditors of Messrs. Almon & McIntosh, bankers, of Halifax, have handed them back their estate, which since their suspension has been carried on under the supervision of trustees, confident that their interests will thus be as carefully conserved as if subject to outside supervision.

— Donald Nicholson, a grocer of Charlottetown, P.E.I., has called a meeting of his creditors, who are inclined to believe that he is better able to pay his engagements than he seems disposed to do, and his affairs will probably be looked into pretty closely before granting a settlement.

— At a meeting of the creditors of the Hon. James Skend, held the other day in Ottawa, the securities held by the Quebec Bank on timber limits, and by the Merchants Bank on mills and one limit, were confirmed to them by creditors. The assignee was instructed to sell the Nepean farm stock and growing crops, also such other property as could be favorably disposed of.

— A writ of attachment has issued, at suit of Robert Wilkes, against V. Loiselle & Co., furniture dealers of the city for \$313. This is a continuation, in his wife's name, of the business formerly carried in by Alfred Tuck, whose disreputable failure in 1875, with its attendant circumstances, occupied so much public attention, and will be readily remembered.

— Messrs. Colpron & Frère, general storekeepers of St. Isidore, have been attached at suit of the Banque du Peuple, and their estate is in the hands of Messrs. Lajoie, Perrault & Seath. It is only eighteen months since they were in difficulty before, having been served with a demand of assignment in Dec., '76; they subsequently effected a composition and continued in business, but have failed to meet with success in their efforts to retrieve their position.

— John White, of Thornbury, Ont., a storekeeper of barely a year's experience, has had to get indulgence from his creditors. A want of experience and business knowledge is the cause of his trouble. On entering business he bought a stock for which he has since found he paid too much, and his creditors have to bear the results of his inexperience, by granting him a compromise of 70 cents on the dollar, payable in 3, 6, 9, 12 and 15 months.

— The list of liabilities in the matter of Michel Lefebvre, vinegar manufacturer, as furnished to the assignee, shows a total of \$41,885.

of which \$27,958 are direct, and \$10,875 secured by mortgage. The meeting takes place on the 11th, when the question of the liability of Mr. Adolphe Roy will probably be discussed, though we are informed that there is nothing that can be legally construed into a partnership, and there is every probability of Mr. Roy ranking as a creditor instead.

— With regard to the assignment of N. E. Cormier, Aylmer, noticed in our last, we learn that the failure was unavoidable, owing to the fact that Mr. Cormier had been supplying lumber to T. W. Carrier & Co., of Ottawa, whose failure has occasioned him material loss. Had Carrier & Co.'s paper been paid, the creditors would have been paid in full. That they appreciate the true state of affairs is shown by the fact that thirteen out of sixteen have signed the deed of composition.

— Charles Foster, a prominent tailor of Hamilton, is in trouble, and has called a meeting of his creditors. The long-winded credit system is to blame here, together with the want of any active endeavour to collect until the critical state of affairs made some such effort absolutely necessary. Mr. Foster has tried the patience of his creditors pretty severely, and it is expected may have some difficulty in getting a settlement. He has made an offer of 50 cents, to be paid in 3, 6, 9 and 12 months.

— Mr. S. Morley, M.P., who presided at a conference recently held in London, England, of the workmen engaged in the business of refining sugar, stated that he understood from the operative sugar refiners that they had no desire for any departure from the free trade principle.
