## A FIRST-CLASS COOK

Wouldn't be "A First-class Cook" if she were to use poor materials. FLOUR is doubtless the most important factor in almost every class of baking, and in order to do the best baking you must have the best flour.

For over a century, 1801-1903, it has been "Ogilvie's-Millers." During that period we've grown from small dimensions to be "THE LARGEST MILLERS IN THE BRITISH EMPIRE."

The high reputation that Ogilvie's flour has attained and retained is accountable for such a result.

OGLIVIE'S HUNGARIAN is the very best that's to be had in flour. It's an economical flour too; from employing more water in the mixing, it will make a larger quantity of bread per barrel than any other flour that we know of. This isn't a miracle, it is just the practical outcome of milling the choicest wheat by the latest and most approved process.
