PANICKY FEELING IN THE EUROPEAN STOCK MARKETS

PARIS, Oct. 11.—A panicky feeling prevailed today at the opening of the Bourse, and heavy falls were almost general. Renten dropped 65 centimes (15 cents). Rio Tinto opened at 191, a loss of 57 points, but later recovered to 187. Bank petroleum dropped 100 points. Turkish and Serbian stocks fell sharply. The market closed with further losses.

BERLIN, Oct. 11.—The uncertainty of the Balkan situation caused an all round decline of from six to ten points in the Berlin Bourse today. Canadian Pacific fell 4 points.

ELEVEN POINT DECLINE IN CANADIAN PACIFIC

The most interesting feature of the stock markets yesterday was the action of C. P. R., which, in accord with its usual propensities, reflected the attitude of the European exchanges more than any other issue in the list. The London and continental markets were all very weak, with heavy selling, and a drop overnight of 3-4 points, and later recorded a further loss. The low price of the day was 262-1/2, a loss of 11 points and a net decline of 31 points from the top level of the recent bulge.

HEAVY SLUMP IN LONDON MARKET C.P.R. IN LEAD

LONDON, Oct. 11.—Money was in better demand today. Discount rates were firmer on the gold shipments. The Balkan outlook continues an easy opening on the stock exchange. Liquidation of weak accounts on top of heavy Paris and Berlin selling drove prices down everywhere. Rio Tinto, Canadian Pacific, Metropolitan, Turkish and Balkan stocks were especially weak. The conclusion of the settlement without a failure steadied sentiment, but the markets closed uneasy and near the lowest. Consols lost five-eighths.

MONTREAL PRODUCE.

MONTREAL, Oct. 11.—Cables on Manitoba spring wheat were stronger, at an advance of 3d per quarter. The demand was good and some business was done early, but the advance of 1c at Winnipeg checked sales later in the day, as late cargoes were higher. American corn on spot was weaker and 3d lower, but even at this reduction the demand is slow. Oats firm under a fair demand for small lots. Foreign demand for Manitoba barley is good. Flour steady under a good local demand, but export trade quiet. Butter fairly active and strong. Cheese firmer and more active under an increased demand from English buyers. In provisions, compound lard has declined 1/2c, and pure has advanced 1/2c.
