'TIS THE TIME OF THE YEAR

When the "Doctor"

The Antiseptic Boot

With the double leather Goodyear Welted Sole, dark brown kip uppers, leather lining and bellows tongue, proves its worth.

\$8.00

It's a boot that is dry in wet weather--the double soles, excellent stitching and viscolized treatment which every "Doctor" undergoes assures that fact. It's a boot that is warm in cold weather, because of two features--one is that the inside has been treated with a special dressing for the purpose of keeping the foot at an even temperature and

allaying perspiration. The other feature is that a layer of felt is between the insole and outsole, which acts as a sort of shock absorber, and non conductor. It's a shoe that is specially made for EATONS, and one well worth trying out, if you want a sturdy, good looking shoe that will keep the feet dry and warm. Sizes 6 to 11. At the moderate price of \$8.00. The "Doctor" in black kip is priced at \$7.50.

The Gold Cross is the Boot with the cushion sole; in other words, an inner pad of felt and cotton, covered with soft leather. Has a "wearproof" lining and Goodyear welted slip sole. Sizes 6 to 11. Price, \$6.00.

KAISER CARED LITTLE FOR WILSON'S OFFER

Telegram Created Sensation at German Committee Investigating the War.

Berlin, Oct. 23.—President Wilson's peace offer was a matter of little concern to the German emperor, according to the evidence presented before the sub-committee investigating the war. Furthermore, the intervention of the United States apparently was not seriously considered by the emperor. The incident caused a sensation, and occurred during the examination of Count Von Bernstorff, the former German ambassador at Washington. The social deputy, Dr. Sinshelmer, turned toward Von Bernstorff and said: "The kaiser's telegram, to which you refer, dated Jan. 16, 1917, and addressed to Herr Zimmerman, says literally: "His majesty instructs me to thank you for your communication. His majesty does not care a bit about President Wilson's offer. If a breach with America cannot be prevented, it cannot be helped. Events are developing." There was much excitement at the hearing when the message was read.

BARRED USING SWISS MONEY TO BUY SUPPLIES IN AUSTRIA

Vienna, Oct. 23.—The province of Vorarlberg has closed its frontiers against Switzerland to prevent the entry of Swiss who purchase supplies with Swiss francs, the enormous purchasing value of which, compared to the crown, has sent prices beyond the reach of the natives.

TORONTO LEADER SPEAKS

Baltimore, Md., Oct. 23.—Thomas Stevenson, of Toronto, a labor leader of the Dominion, addressed the United Textile Workers' of America at their convention here today, concerning the future of locals of the union in Canada, and the proposed amalgamation with the Canadian Trades and Labor Congress. The report of International President John Golden, in which Bolshevism was vigorously denounced, was adopted by the convention with but a few dissenting votes, which the president classified as those of radicals.

PETROGRAD IS FED BY SACK CARRIERS

Buy Supplies in Outlying Districts and Sell Them at Fabulous Prices.

London, Oct. 23.—Petrograd is virtually being fed by sack-carriers—persons who bring in small amounts of staples from outlying sections in violation of communist law. They are in constant danger, but prices they obtain make the risks worth while.

FIUME GOVERNMENT FIXED BY D'ANNUNZIO

Fiume, Oct. 23.—The national council of Fiume organized October 30, 1918, for the purpose of representing Italian annexationist claims, made public today the method of its dissolution, which will occur automatically on the election of a municipal assembly next Sunday by order of Gabriele D'Annunzio. The council in a proclamation establishes the form of government for Fiume, consisting of an assembly and cabinet, headed by a president, who will be chosen by the members of the assembly. The cabinet will be divided into the departments of the interior, treasury, commerce, transportation, education and justice.

BOY WITH PISTOL HELD UP FIFTEEN

Says Only Time He Was Scared Was When Woman Chased Him With Hat Pin.

New York, Oct. 23.—A 13-year-old boy in the uniform of the United States navy consulted his carefully kept notebook in the west side police court today. Then he told the judge how on fifteen occasions enumerated therein since October 5 he had held up persons in Central Park at the point of a little .22 calibre revolver. Of his victims—11 men and four women—the only one who had inspired him with fear, he said, was a young lady who drew a hatpin and pursued him in a desperate half-mile chase among the trees and shrubs. His "Gross earnings" in the "hold-up" business totaled no more than \$32.25—and "the 25 cents was a war saving stamp." The boy blamed his downfall to the fact that he had been brought up in an orphan asylum. A few months ago he came back from France and later received 20 days' shore leave, which time, he said, he devoted to learning the art of highway robbery. He was held for a further hearing.

CLAIMS FIRST HONORS IN AIRPLANE DERBY

Washington, Oct. 23.—A new claimant to first honors in the transcontinental airplane derby appeared today when the air service announced that Lieut. Alexander Pearson, jun., had established the lowest actual flying time between San Francisco and New York and return yet reported. Pearson's time was 48 hours, 37 minutes and 18 seconds for the round trip, practically ten hours less than that of Capt. Lowell H. Smith or J. O. Donaldson, and better than Lieut. B. W. Maynard's record, even after subtracting the 18 hours Maynard spent in replacing his motor.

BRITAIN TO REOPEN RELATIONS WITH GERMANY

Selby to Berlin, will be the reopening of the British embassy and the re-establishment of diplomatic relations between Great Britain and Germany.
