## DIVIDEND OF 500 PER CENT. DECLARED IN DIVIDENDS TO CLOSE

In Addition to One of 1000 of a Fortnight Ago--The Silver Market.

Less than two weeks ago the directors of the Hudson Bay Mining Company declared a dividend of 1000 per cent. to stockholders. On Friday the directors met and decided to declare another dividend, exceeding the previous one by 500 per cent., or a total of 1500 per cent., or \$15 on each \$1 of paid-up stock.

This is the company which disposed of a small section of its holdings, now known as the Silver Queen property. The Hudson Bay Company are still owners of upwards of 300 acres of property in the Hudson Bay Mining Company's territory. The original and present owners of the shares of this corporation were the pioneers of the Northern Ontario district. They underwent many privations in entering this new country, but if the present prospects hold out every one of them will do classed as many-times millionaires.

The prediction of a prominent London metallurgist that silver would sell for four shillings per ounce within a very limited period is gradually being realized by those who are following the market for the white metal. The price in London on Saturday was 32 1/2 pence per ounce, which is by far the highest reached for this metal within the last twenty years.

Canadian Produce in Britain. London, Oct. 27. (C.A.P.)--The London market for Canadian produce is in a rather depressed condition, with slow trade passing. Canadian brands are obtainable at 90s to 95s, according to section of the market.
