

WEAK HEART SYSTEM WAS RUN DOWN

When the heart is healthy and performing its functions naturally, it should beat regularly seventy-two times a minute without causing its owner the slightest inconvenience or distress.

When it begins to beat irregularly or intermittently, palpitate and throb, skip beats, beat fast for a time, then so slow as to seem almost to stop, it causes great anxiety and alarm.

The least excitement or exertion seems to affect it.

Many people are kept in a state of morbid fear of death, become weak, worn and miserable, and are unable to attend to either social or business duties, through unusual action of their heart.

To all such sufferers

MILBURN'S HEART AND NERVE PILLS

can give prompt and permanent relief. Mrs. F. Fletcher, South St., Mar. 1905, Ont., says: "I have been troubled for four or five years with weakness, and run down system. My feet were always cold and I felt almost dead. My heart was weak and I was so nervous I could hardly walk across the street. I started taking Milburn's Heart and Nerve Pills, and after using three boxes I felt much better. I continued their use until I had taken twelve boxes and I am now well."

Price 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WINNIPEG'S CRITICAL TIME

This Winter Will Be a Trying One for the Industries There.

A gentleman closely identified with one of our leading financial institutions has just returned from the west after a visit of a few days in the bustling city of Winnipeg.

"Winnipeg has a distinction all its own," said he. "There is an air of business and progress over the whole city. Much money is being made by everyone and the only rock in sight is that values to an eastern standpoint seem highly inflated."

"An office building, which on King-street, near York, in Toronto, would rent for \$1500 a year, would cost \$2000 a year in a similar location on Portage-avenue in Winnipeg. Why this is so, the easterner cannot calculate, but the man in Winnipeg takes it as a matter of course."

"This winter will be a critical time for the industrial life of Winnipeg. If the city can get cheap power, or get power at such a price as to be highly attractive to manufacturers, it may become an industrial centre."

"If the influx of people and money into the west, and more particularly in Winnipeg continues, the critical stage in the life of Winnipeg will be passed in safety, and values will be brought down to a level more in consonance with reason."

"But in the meantime Winnipeg is certainly the most lively and thriving city for its size in Canada to-day."

Can You Use Food When You Get It?

Thousands of Stomachs Starving Where Mouths Are Well Fed—Costs Nothing to Relieve This Condition.

Eating is fast becoming too much a part of the daily routine. If not a mere tickling of the appetite—a thing to be gotten out of the way as quickly as possible. Little thought is given to "what kind of food," its effect upon the system, and whether it will be of use in building up the tissues of the body.

Your stomach will revolt, if it is not already doing so. It must shut up for repairs. What of the dizziness, and sometimes pain, which stop you after a hurried lunch? What of the general distress after a heavy dinner, a feeling of pressure against the heart which calls a halt and makes the breathing difficult? Is it common for you to be oppressed with belching and sour eructations? Are you constipated and then do you laughingly toss a dime to the druggist for his most palatable relief? Beware of temporary cures that are but palliatives. Many antidotes for the common ills which our flesh is heir to, seem at first to relieve, but, in reality, if not injecting poison into the system, lay the foundation for a deeper-seated and more far-reaching disorder.

Three-fourths of all diseases originate with a breaking down of the digestion, and nine-tenths of all digestive troubles originate with one or more of the symptoms named above.

Beware, then, of indigestion and Dyspepsia. If you find yourself acting listless, lacking in ambition, when you should be on the alert.

Do not doctor the stomach.

It needs a rest from food and drugs.

Do not flush out the bowels.

It takes more than forcing food through the passage to make blood and tissue and nerve.

Do not starve your stomach.

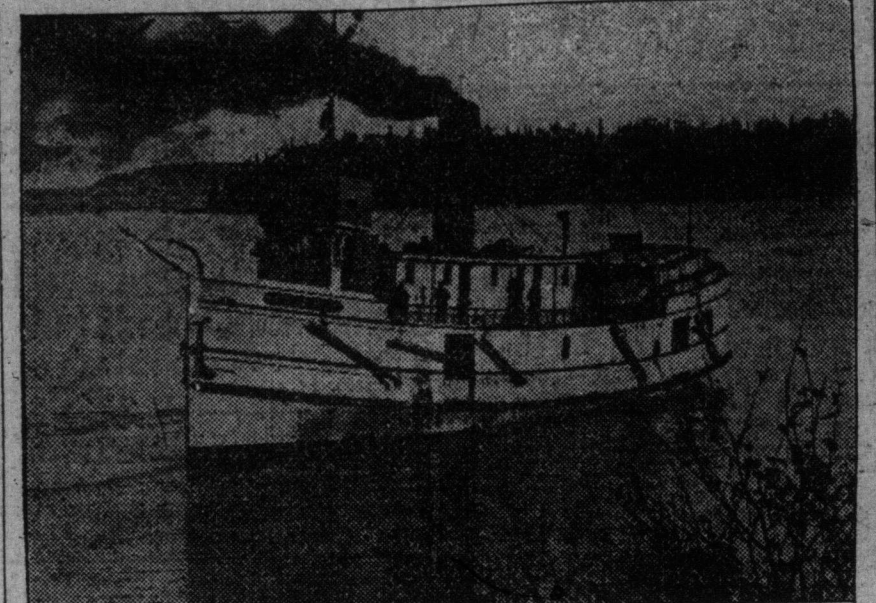

Food is a thing to be worked for all there is in it and your stomach will do the work if you will help it in Nature's way.

Stuart's Dyspepsia Tablets contain nothing but the natural elements which enter into the healthy stomach and intestines to perform the function of digestion. Governmental tests and the investigations of some of the expert chemists attest this fact. Stuart's Dyspepsia Tablets go to the source of the trouble and positively restore the glands and muscles of the mucous membrane to their proper condition. They promptly relieve the distress of all troubles originating in the stomach or bowels (with the one exception of cancer).

Stuart's Dyspepsia Tablets are recommended by physicians and all expert pharmacists. If you are a sufferer from indigestion or dyspepsia, try a fifty-cent package to-day. At all druggists, or, if you prefer, send us your name and address, and we will gladly send you a trial package by mail free. F. A. Stuart Co., 63 Stuart St., Marshall, Mich.

How the "Jones" Was Lost

Probable Cause Taken by Ill-Fated Steamer and Manner in Which the End Was Brought About—History of the Boat.

"The spot where the 'T. H. Jones' foundered is one of the most treacherous and difficult to navigate on the whole western coast of the Georgian Bay," said T. H. Pettigrew of 11 Hayter-street last night. Mr. Pettigrew has made many trips on the Jones, and a stauncher boat, he declared, had never breached the waters. Running up in the teeth of the wind and swinging around to make Lion's Head Bay she would be exposed to the full force of the gale, which, striking her broadside on, would keep her over and before recovery could come would strike her again, causing her to turn turtle. In such a storm, with one or two exceptions, the crew would probably all be in their cabins.

Where the T. H. Jones would turn to go in the Jackson shall looms up for seven miles, rocks in some places coming to within four feet of the surface and in others nine, fifteen and thirty feet, while on either side you can drop a line down for 100 fathoms. If she had succeeded in making the cove she would have weathered the gale without any trouble. She was a boat admirably adapted for heavy weather, and many narrow escapes had she experienced thru her temerity in venturing out in all kinds of weather. The Jones was 174 feet in length

RE-OPENING IN QUEBEC

Big Dry Goods House Opens With Semi-Ready Tailoring.

Alfred Wood, Vice-President of the Semi-Ready, Limited, accompanied by H. O. Boyer, the company's representative in the Province of Quebec, left Montreal last night to attend the opening of the new Semi-Ready Wardrobe in the stores of Faguy, Lepinay & Frere, on St. John-street, in the City of Quebec.

At the Windsor depot Mr. Boyer said that with the exception of three new agencies already arranged for the Semi-Ready Company, this is not intended as a new business this season. "Our big factory, with its 450 employees, is already taxed to its capacity," said he. "While some of the factories are crowded 800 into our floor space, we appreciate the need of ventilation and good health in the production of real good work of any description."

There are 71 Semi-Ready stores and exclusive agencies in Canada, and 21 in Ontario.

HE WOULDN'T GRAFT

Agricultural Editor: You have been kind enough to invite correspondence for your very welcome and instructive farm edition, therefore I am sending you anything pertaining to the benefit of others. In your paper of 27th inst. "A Reader" makes enquiry as to what variety of apples to plant, kind of soil, etc.

There is no doubt that a great difference of opinion exists as to the best variety to plant. It is necessary to wait several years until the branches of the young trees are large enough to graft, and several more for the grafts to bear. When grafts are set they will grow straight up, thus spoiling the shape of the tree. Better plant early-bearing winter varieties and save fruit.

Bileans a "Woman's Medicine."

GRATEFUL WIVES AND MOTHERS TESTIFY TO THEIR VALUE.

Bileans have been called "a woman's medicine" because of their exceptional fitness for the various ailments peculiar to the sex, as well as for liver disorders and stomach ailments. Unlike most liver and stomach medicines, Bileans contain no bismuth, mercury or any mineral whatever. From coating to kernel they are purely vegetable.

Mrs. J. Whitfield of Swan Lake (Man.), says: "Bileans have done me a wonderful amount of good. I can hardly describe how bad I felt before I took them. I could not eat but that it caused pain. There was a constant sensation of tightness in my side, and my sleep was entirely out of order. I could not sleep at nights, suffered also from kidney trouble, and was altogether in a rundown and very serious condition. I had been ailing in this way for years, and it is gratifying to find that Bileans were equal to my case."

William Hall of Dean Lake says: "I have proved Bileans very good for constipation, from which I suffered a great deal. They cured me."

Mrs. J. H. Thompson of Cleveland Park, says: "For irregularities and painful periods I can highly recommend Bileans. They proved a great blessing to me and restored me to health when I had become very ill and very despondent."

Bileans are absolutely unequalled for female ailments and irregularities, constipation, piles, anemia, debility, rheumatism, blood impurities, etc. They tone up the system and enable it to throw off colds and chills, strengthen girls just emerging into womanhood, and speedily restore energy and strength to those who are run down. Of all druggists at 50c a box, or post free from the Bilean Co., Toronto, on receipt of price. Six boxes for \$2.50.

GOUGH BROS. Two Entrances { 6 and 8 Queen St. West 186 Yonge Street

ther trouble. The Ben Davis, Stark and Snow, are favorite varieties in this section.

We are glad to hear from Observer and to get his experience in the apple question. It is now up to some reader to let us know about his success in grafting. We have had grafts bear in three years.—Ed.

U.S. TURKEYS HIGH.

Yesterday was Thanksgiving Day in our neighboring republic. The time honored turkey was much in demand and prices ruled high in many of the cities. Across the waters in Rochester, the market was in feathered profusion. Turkeys, chickens and ducks came from every direction. A crowd surrounded every wagon and turkeys brought from 18 to 20 cents live weight. Ducks commanded 75 cents and chickens 12 to 14c a lb. One man who had 50 turkeys sold the entire lot in less than an hour for 20 cents a pound. The prize bird dressed 25 lbs. and sold for \$5.75.

Other cities of the States report similar conditions. Poultrymen ought to be encouraged with these figures.

GOOD HORSE PRICES.

Wm. Beare of Reach last week sold a 1755 pound gelding to a Bowmanville buyer for \$240, says The Uxbridge Journal. This again bears out the contention that the heavy animal pays the farmer best.

Dedication of Cathedral. Richmond, Va., Nov. 23.—With dedicatory ceremonies participated in by the most distinguished Catholic prelates in this country, the Cathedral of the Sacred Heart, the gift of Mr. and Mrs. Thomas F. Ryan, took its place to-day as one of the greatest institutions of its kind in the United States and a monument of the church in the south.

MR. HOGATE'S SALE.

In writing in The World Mr. J. B. Hogate of Brandon and Weston says: "My thirty head of fillies leave Glasgow on the 24th inst. on the Downland Line steamer Marina. They should arrive in St. John on December 3rd, and at Weston on December 7th, and my son writes me that this lot is better than the lot sold at my last sale."

Mr. Hogate's sale will take place in the Weston barns near Toronto, on December 20th. Keep the date.

BRITAIN NOT IN IT.

London, Nov. 29.—Foreign Secretary Grey announced in the house of commons to-day that the British government had no intention of sending warships to Morocco. France and Spain he added, were prepared for any emergency.

Paris, Nov. 29.—A French squadron sails to-morrow for Tangiers as a precautionary measure.

RHEUMATISM

Price 25c. Munyon's Rheumatism Cure seldom fails to relieve pains in legs, arms, back, stiff or swollen joints in a few hours. Positively cures in a few days. It does not put the disease to sleep, but drives it from the system.

DISCOVERS NEW LANGUAGE.

Great Archaeological Discoveries. Are Reported From India.

Bombay, Nov. 28.—Doctor Von Leccow, who has been traveling in the most remote parts of Central Asia on a scientific mission for the Prussian government, has arrived at Srinagar, capital of Kashmir, with an important collection of archaeological discoveries. These include several highly interesting paintings upon stucco with gold leaf backgrounds, like Italian work, and a number of manuscripts in ten different languages, one in a wholly unknown tongue.

It is considered that it is probably the greatest archaeological find since the days of Sir Henry Rawlinson and Sir Austen Layard.

ENGLISH PROFESSOR WINNER.

Stockholm, Sweden, Nov. 25.—At the forthcoming distribution of Nobel prizes Professor Joseph Thompson, of Cambridge University, England, will be awarded the prize for physics.

IMPORTED TALENT.

The Caledonian Society have decided to bring from Scotland four of the principal artists for their Burns anniversary concert in Massey Hall, Jan. 25.

STOLYPIN OPTIMISTIC.

Also, He Threatens Instant Dissolution if Trouble is Sighted.

St. Petersburg, Nov. 29.—The Sterna to-day quoted Premier Stolypin as commenting optimistically in a recent conversation on the decrease of disorder in the empire and as having a happy augury the fact that the new parliament will be of such a character that the problems before the Russian government may be regarded as approaching settlement.

The premier was further quoted as declaring that the government would not hesitate to dissolve parliament even the day after its convocation if it manifested an intention of adopting obstructing tactics and neglecting the constructive work for which it was called together.

PUNISHED FOR TREASON.

Leipzig, Germany, Nov. 29.—The imperial law court today sentenced an Italian, named Lanzani, convicted of high treason to 20 months penal servitude, and five years loss of civil rights, for having sold military secrets to France.

Gambling Devices by Wagonload.

New York, Nov. 29.—Three wagon loads of gambling devices, valued at more than \$15,000, were seized in a police raid early to-day at the Tully Express Company office. The outfit bore the address of a house in West thirty-sixth-street, said to have been occupied by Frank Felten, who shot Guy Roach in Broadway on Thanksgiving Day two years ago.

CASTORIA

The Kind You Have Always Bought Bears the Signature of J. C. Ayer & Co., Lowell, Mass.
