300,000 shares are sold and none are set aside to be distributed now or at any time amongst promoters. The proceeds from the sale of the 300,000 shares defray expenses of organization of the company, promoting, etc., and a balance of several thousand dollars in hand; 700,000 shares are to be sold and proceeds, together with funds on hand, will be the working capital of the company. As regards capital, we will be as strong financially as companies capitalized at \$2,000,000.

the company. As regards capital, we will be as strong financially as companies capitalized at \$2,000,000.

POOLING PROMOTERS' SHARES—No other development company have stated in what manner their promoters' shares were pooled. We desire to merit the entire confidence of investors, and have no hesitation in stating plainly our plans of operation and the security we provide to prevent promoters' stock being put on the market in competition with treasury shares.

A CAST-IRON AGREEMENT—The holders of the 300,000 shares subscribed have agreed to pool their holdings until not less than one-half of the treasury shares are sold. Receipts will be issued to them, on which will be printed the words "Not negotiable." To absolutely insure the interests of investors, it is further agreed that no promoter shall sell his or her shares before first having offered the company the refusal of purchase. And such shares will not be transferrable on the books of the company until they have signified their refusal to purchase at the advertised or market price. This company is being organized to invest the moneys entrusted to them in buying and selling mineral claims and mines, and all business in connection with mining interests, from which a profit can be derived. The first issue of treasury shares are offered at 10 cents per share in blocks of not less than bank. Scrip will be issued when charter is obtained. Applications and remittances should be addressed to
