Cables Firm-Steady Market in New York.

New York, May 10.—Beeves—Receipts, 2136; steers and bulls in fair demand and steady; cows slow; medium to good cows, 10c lower; steers, \$4 to \$5.70; bulls, \$3 to \$4.50; cows, \$2.25 to \$4.30. Cables firm; live cattle, 11½c to 12½c per lb. Sheep, 13c to 13½c. Lambs, 14c. Refrigerator beef, 8½c to 9½c per lb. Exports, none. Calves—Receipts, 938; demand only fair; prices weak to 25c lower. Veals, \$3 to \$5.50; tops, \$5.75.

Sheep and Lambs—Receipts, 8197; sheep steady; lambs, 10c to 20c lower; spring lambs not wanted; clipped sheep, \$3.50 to \$4.50; few wooled, \$4.75; clipped lambs, \$4.75 to \$5.30; clipped culls, \$4.25; wooled lambs, \$5.65 to \$5.75; lambs, spring, \$2 to \$4.50 each. New York.

ers. \$5.50 to \$5.75½; good to choice, heavy, \$5.60 to \$5.75½; good to choice, heavy, \$5.60 to \$5.75½; bulk of sales, \$5.50 to \$5.75½; bulk of sales, \$5.60 to to \$5.75.

Sheep-Receipts, 8000; good to choice wethers, \$4.10 to \$4.35; fair to choice. mixed. \$3.50 to \$4.15; Western sheep, \$4.20 to \$4.35; yearlings, \$4.25 to \$4.40; native lambs, \$4 to \$5.20; Western lambs, \$4.50 to \$5.20.

East Buffalo Market. East Buffalo, May 10.—Cattle—Steady; calves fair demand; sold on the basis of New York, May 10.—Louis Warren Hill,

Bradstreet's Trade Review.

At Montreal this week there has been a moderately good movement in wholesale circles, compared with previous seasons at this date. Retailers who placed moderately good movement in wholesale trade is season for the summer trade now perceive that sales the next few months are likely to be fully equal to last year, and that it is necessary to make preparation for the improved condition of the markets. Remittances on paper this week have been satisfactory. The wholesale trade is wholesale trade is when the coast with much interest, and developments during the next few months will largely determine the extent of fall eperations in that part of the Dominion.

R. SCORE & SON

ESTABLISHED 1843.

scarce, but it is hoped in the next few months many old scores will be wiped off. Much depends upon the result of the harvest. The crop conditions have been favorable so far.

Trade at the coast cities has been only fair. The scarcity of money is still a drawback to business men, and it has impressed the retailers as well as the jobbers strongly with the great importance of curtailing credits. The high freight rates are interfering with the lumber interests. The general outlook for trade is not considered quite as favorable as it was a few months ago.

quite as favorable as it was a few montas ago.

The grain deliveries continue very light, and trade at London and in that section of the Province is scarcely as brisk as it will be later on, when the farmers get thru their spring work. But the sorting trade with the retailers, who look for an increased demand a few weeks hence, is very good. Values are steady to firm in most lines. Payments are fair.

At Ottawa this week the movement in wholesale trade circles has been satisfactory. Retailers are buying freely, in the expectation of an active season's trade. Values continue steady. Payments this week have been fairly good, with no more than the usual number of requests for renewals.

than the usual number of requests for renewals.

At Quebec the fine weather has had a beneficial effect in trade circles during the past week, particularly in drygoods, the leading stores in the city making a fine display. 'Favorable reports are received from the country, and it is expected the sales will show up better than this time a year ago. Provisions are reported firm, with the exception of eggs, which are reported in abundance, and as a result prices have gone down somewhat. In shoe manufacturing circles busness is reported a little quiet, but this is generally expected at this season. The first cargo of grain for the season left port during the week, and amounted to 170,000 bushels, made up of corn, oats and wheat.

Dun's Weekly Trade Review.

Drygoods payments on the 4th at Montreal were extremely well met, nearly all sections of the country showing up equally well in remittances. Some houses claim that from 85 to 90 per cent. of their customers' paper was provided for—an unusually large proportion—and numerous authorities consulted all agree that payments were better than an average. This is all the more gratifying as there appeared to be more or less of an apprehension that renewals might be asked to some fair extent, owing to the cold, wet spring, a view which was warranted by the letters of travelers, who reported comparatively unbroken stocks in a good many cases. Warmer weather is helping business in this line, and wholesalers report quite a number of letter orders this week for muslins and other light summer fabrics. Importers and brokers report a slow business in teas, but jobbers report a slow business in teas, but jobbers report a steady distribution in general groceries countrywards. The sugar market is stronger, an advance of 5c a cental having been established since our last report. Leather rules quiet, but tanners and dealers are firm on quotations in view of stronger hide values in the United States, tho local hide dealers are still buying at the low figures prevailing of late. Five failures are reported in the district for the week, with liabilities aggregating about \$60,000, some \$45,000 of this amount being due by an insolvent builder. Dun's Weekly Trade Review. 4 00

Some of the High Officials Favor a Loan, and Others Want to Raise the Money Otherwise

AND PAY ALL CLAIMS IN FIVE YEARS. 1

Feeling in St. Petersburg That Rapid Progress Towards an Understanding Has Been Made.

dated vesterday, says: "An indemnity elaim of 450,000,000 taels (\$327,000,000) will be presented to the Chinese plenipotentiaries this evening. Official Chinese ing with the court and giving advice. Most of them seem to favor a loan guaranteed by the foreign powers. Others, prominent among whom is Chang Chi Tung, believe in raising the money in every possible way without a loan, and in paying off the entire demand within five years. The court has considered methods of raising 20,000.000 extra annually, and provisionally approves the plan, but the Chinese plenipotentiaries have instructions to obtain a reduction of the indemnity de-

mand as far as possible.
"Whatever the final demands of the powers may be, it is not believed that the powers may be, it is not believed that the opposition will be much more than a macter of form. The Ministers of the powers met this morning and decided that the Chinese should be given to understand thorofy that the amount did not constitute the claim, but was the total of the expenses, including private claims considered fair, and was meant more to obtain an opinion from official sources as to China's ability to pay and also us to what means should be employed by her."

ability to pay and also as to what means should be employed by her."

The Berlin Boersen Courier asserts that at the recent recruit musters the officials invited volunteers for the China corps, which it interprets to mean that many months will elapse before the German troops are finally withdrawn.

Russia is Optimistic.

Russia is Optimistic.
St. Petersburg, May 10.—Official circles take an optimistic view of the Chinese news. They consider that substantial and rapid progress towards an understanding the being and progress towards are understanding. rapid progress towards an understanding is being made. Russia is especially interested in the proposal for a Chinese loan guaranteed by the powers jointly, or severally, to the amount due to each. The view held in some quarters here is that such a loan so guaranteed would not only save China enormous discount and interest but would be the best possible guarantee of the empire's integrity during the period of the loan, since the entire Chinese territory would be considered as security for the same.

The correspondent of the Associated Press has reason to believe the United States Government is fully informed regarding Russia's views on this subject. The Russian Government, as always, is interested to ascertain Washington's views.

TO PREPARE FOR THE COURT. Tien Tsin, May 10.—Hui Ju Fen, former director of Chinese railways, arrived here to-day on his way to Pekin. He is said to be one of five officials whom Emperor Kwang Su has sent to prepare the capital

for the return of the court. AMERICANS TO EVACUATE.

Pekin, May 10.-The Americans have eva-Pekin, May 10.—The Americans have evacuated the districts under their control with the exception of the Forbidden City, which they will continue to occupy in spite of foreign objections, unless orders to the contrary shall be received from Washington. As it would be impossible to turn over the American districts to the Chinese, who certainly would not be allowed to keep them independently, Gen. Chaffee, in order to prevent chaos, notified Count Von Waldersee a week ago that he would evacuate to-day those portions adjoining the British districts which were assigned to them and the remainder assigned to the Germans. assigned to the Germans.

EATON ASSESSMENT APPEAL.

Judge McDougall Reduces Court of Revision Figures by a Total

of \$301,728. Judgment in the important assessment appeal of the T. Eaton Company from the Court of Revision was handed down yesterday by Judge McDougall. His honor's finding is a total reduction of \$301.728 from the Court of Revision assessment. and but \$45,126 in advance of that made by the city assessors. The judgment takes about 14 pages of foolscap typewritten. In his judgment, His Honor lays particular stress upon the fact that the assessment is made for one year only and the values placed on the lands are not permanently determined, but liable to be varied each year. Land in the vicinity of the Eaton Company is now readily market. able at approximately higher and rising prices than at the time of the sale by the YOUR FAVORITE FLAVOR
What distinguishes our celebrated a basis for the surrounding land, which inage on oYnge-street, adding 13½ for extra depth, is \$190,000, an average value of \$144,761 for the whole frontage. The price at which the Yonge-street land should be assessed is taken at \$1445 per feet.

The assessable value of Queen-street frontage is to be \$600 per foot; the first 132 feet 5 inches north of Queen, 165 feet in depth, to be \$170 per foot; the next 41 feet, 100 feet deep, at \$150; and the next 50 feet, \$2 feet deep, at \$150; and the next 50 feet, \$2 feet deep, at \$170. The Albert-street frontage of 62 feet by 117 feet, is valued at \$125 per foot. The total land value of the Eaton property assessable then, according to this rate, is \$292,132.

The buildings had been valued at \$201,033, but as an annual rental is charged by

DR. SPROULE ON THE KIDNEYS

For over three years I have been trying to explain to the people of Canada the nature of CATARRH; how it is liable to settle in any part of the body which is lined by mucous membrane.

membrane.

I have in previous advertisements shown how persons often suppose they are suffering from Dyspepsia or Indigestion or some other Stomach Trouble, and take doctors' treatment for such, also patent medicines without any permanent benefit, because their ailment was Catarrh of the Stomach, and when rightly treated for this the cure is quick and permanent.

for this the cure is quick and permanent.

It has also been my endeavor to point out the Great Cause of Chronic Constipation. Many, many persons have for years been dosing themselves with all sorts of laxative medicines, purgatives, etc., also using physicians' prescriptions with no permanent result, because they were not treating for the real trouble. 90 per cent. of Chronic Constipation is caused by Catarrh of the Liver, which clogs up the small tubes and thus prevents the flow of bile—Nature's Purgative—result constipation. Purgative—result constipation is caused by Catarrh of the Liver, which allows the bile to flow once more freely, then the regular easy motions come quite natural. The above is the secret of my great success in removing Chronic Constipation.

Many, many are the people all over Canada I have cured of the above complaints, after they had become discouraged by the continuous and repeated failures they had made for years in trying to get cured. How pleased they are now—they write me how lucky it was that my advertisements induced them to correspond with me, and how grateful they show themselves by recommending other members of their family and friends wanting to get cured.

members of their family and friends wanting to get cured.

I have now from one end of Canada to the other in nearly every town-former patients, now firm friends—who out of gratitude for their cures, whenever they know or hear of anybody sick with Chronic Catarrhal trouble, advise them to write me. At present this is the way three-fourths of my Canadian business comes, by the personal recommendation of my cured patients. The other fourth I get through advertising.

other fourth I get through tising.
In the United States years ago I used to advertise largely, but for the past five years have not advertised at all; because I have had all the

business I can attend to from personal recommendation. Most people when I cure them recommend others, some induce a member of their family; others, several friends to write to me, and that is the way my business in the United States is year by year increasing. I am also spared the expense of advertising and can treat people much more reasonably.

Maybe, my reader, this advertisement will interest you, and perhaps shortly after you will bless the day you consulted me.

Next week I shall explain more fully and technically Catarrh of the Kidneys. The following I find to be among the commonest symptoms of Catarrh of the Kidneys:

Is there weakness or pain in the small of the back?

Are there pains in the region of the loins and groins?

Is the urine too high colored? Is the urine too high colored?
Does it deposit a sediment?
Is it sometimes white or milky?
Is there a frequent desire to urinate?
Does the urine sometimes burn in passing? Does the urine sometimes burn in passing?
Is the appetite variable?
Are your spirits depressed?
Is there pressure in the region of the bladder?
Is there difficulty in passing urine?
Do the feet or hands swell?
Are they cold and clammy?
Are the eyes puffed?
Is your eyesight troubling you?
Are you feverish?
Do your legs feel heavy?
If you are troubled with some of If you are troubled with some of

ment from me or not, just as you consider best.

Perhaps I may be able to do you good and relieve you of much suffer. Ing, and the more suffering I can alleviate the happier I can make my fellow-human beings, the fuller will be my reward in the Great Hereafter.
